INFORMATION
NUMBER · 1932

Subscribers are requested
to regard this issue as of an
intimate nature and to pro-
tect it as private property.

SEPTEMBER · 1932

THE CONTENTS of this number are of an intimate nature and should be regarded in the nature of family information. In order to obtain this privacy, all subscribers who cannot keep this number away from the public are asked to destroy it as soon as read but provisions should be made to keep several copies in a safe place, for reference when needed in each chapter and alumnæ club. This is necessary because some of the questions in the fraternity study and examination are based upon information given in the information numbers.

Change of Address

When you change your address for THE ARROW please fill out the following form and mail it at once to Pi Beta Phi Central Office, Bloomington, Ill.

NOTE: Mailing list closes September 1, November 1, February 1, May 1. To have THE ARROW forwarded, ask the person forwarding to attach sufficient postage to the wrapper. Otherwise the Post Office returns it to the Central Office.

Athens, Ohio—Mrs. C. D. Scheid, 90 May Ave.
Central Pennsylvania—Helen R. Hoffa, 140 S. 3rd St., Lewisburg, Pa.
Cincinnati, Ohio—Mrs. C. N. Burton, 467 Grand Ave.
Clarksburg, W.Va.—Mrs. Carney Bogges, 119 Main St., Philippi, W.Va.
Cleveland, Ohio—Mrs. Ray T. Kelsey, 17477 Norton Ave., Lakewood.
Columbus, Ohio—Mrs. Clarence Hoover, 252 17th Ave.
Delaware, Ohio—Mrs. Dorrance James, 187 N. Franklin St.
Harrisburg-Lancaster, Pa.—Adelaide Markley, 230 Broad St., Harrisburg, Pa.
Mahoning Valley, Ohio—Mrs. James R. Stalker, 2515 Ohio Ave., Youngstown, Ohio.
Miami Valley, Ohio—Mrs. Ralph Roehm, 1816 Litchfield Ave., Dayton, Ohio.
Morgantown, W.Va.—Rebecca Wade, 256 Prairie Ave.
Northern New Jersey—Mrs. Fred Dodson, 298 Woodland Ave., Madison, N.J.
Philadelphia, Pa.—Mrs. Charles I. Pratt, 42 S. 13th St., Coatesville, Pa.
Pittsburgh, Pa.—Mrs. Donald C. West, 238 Ave. A, East Pittsburgh, Pa.
Southern New Jersey—M. Elizabeth Willis, 22 Elizabeth St., S. Norwalk, Conn.
South Hills, Pa.—Mrs. W. J. Horton, Brookside Farms, R.F.D. 9, Pittsburgh, Pa.
Toledo, Ohio—Mary Chase, 2508 Robinwood Ave.

GAMMA PROVINCE

Vice President—Emma Drury Sippel (Mrs. Wm. F.), 205 Ridgemoade Rd., Baltimore, Md.
Baltimore, Md.—Mrs. C. Jackson Waters, 7404 Park Heights Ave.
North Carolina—Gladys Evans, Chapel Hill, N.C.
Richmond, Va.—Mrs. W. C. Taylor, 1306 Sauer Ave.
Washington, D.C.—Mrs. Edgar P. Allen, John Paul Jones Apts., 1717 G St. N.W.

DELTA PROVINCE

Vice President—Marianne Reid Wild (Mrs. Robert S.), R.F.D. 16, Box 14, 71st and Central, Indianapolis, Ind.
Ann Arbor, Mich.—Mae Keller, 418 N. Division St.
Bloomfield Hills, Mich.—Mrs. W. P. Edmonson, 155 Chippewa Rd., Pontiac, Mich.
Bloomington, Ind.—Margaret Dunn, 321 W. 5th St.
Detroit, Mich.—Alice Callender, 831 Edison Ave.
Fort Wayne, Ind.—Louise Simminger, 1502 Lake Ave.
Franklin, Ind.—Mrs. Wallace Beck, 742 N. Walnut St.
Grand Rapids, Mich.—Marian Lamb, 551 Ethel Ave. S.E.
Hillsdale, Mich.—Mrs. E. T. Prodeaux, 197 Hillsdale St.
Indianapolis, Ind.—Maxine Rigsbee, 4002 N. Jersey St.
Lafayette, Ind.—Dorothy Puckett, 121 N. 6th St., Apt. 2.
Southwestern Indiana—Mrs. W. J. Hoggatt, 211 E. Locust St., Boonville, Ind.

EPSILON PROVINCE

Vice President—Dorothy Jackes Miller (Mrs. Warren S.), 7345 Pershing Ave., St. Louis, Mo.
Chattanooga, Tenn.—Dorothy Latimer, 513 Mabel St.
Columbia, Mo.—Mrs. A. M. McCapes, 802 W. Broadway.
Falls City-Louisville, Ky.—Josephine Warner, 1259 Everett Ave., Louisville, Ky.
Kansas City, Mo.—Margaret Alves, 428 W. 56th St.
Memphis, Tenn.—Mrs. Hubert Garrecht, 1755 Galloway Ave.
Nashville, Tenn.—Mrs. Lee H. Hunt, 2216 30th Ave. S.
St. Joseph, Mo.—Mrs. T. L. Cook, 2811 Parson St.
St. Louis, Mo.—Mrs. Herman Spoehrer, 625 Westwood Dr., Clayton, Mo.
Springfield, Mo.—May Berry, 2501 Glenstone, N.

ZETA PROVINCE

Vice President—Hilda Beggs Henry (Mrs. Frank J.), 2096 Ponce De Leon Ave., Atlanta, Ga.
Atlanta, Ga.—Mrs. T. George Van Hart, 20 Collin Rd.
Birmingham, Ala.—Betty Carlson, Canterbury Rd.
DeLand, Fla.—Virginia Stewart, Pennsylvania Ave.
Jacksonville, Fla.—Jane Atherton Mawdsley, 2911 Oak St.
Lakeland, Fla.—Mrs. O. K. Futch, Box 297.
Miami, Fla.—Mrs. Geo. Drummond, 512 Alcazar Ave., Coral Gables, Fla.
Orlando, Fla.—Edna James, 348 E. South St.
Palm Beach, Fla.—Mrs. J. E. Johnson, 618 Ardmore Rd., West Palm Beach, Fla.
St. Petersburg, Fla.—Alberta Brunson, 1700 21st Ave.

ETA PROVINCE

Vice President—Ruth Nicholas Sutton (Mrs. D. S.), 820 Forest Ave., Evanston, Ill.
Avon (Libbie Brook Gaddis)—Audrey Frederick, Avon, Ill.
Beloit, Wis.—Carolyn Shepard, 743 Harrison Ave.
Carthage, Ill.—Miriam E. Williams, 410 N. Madison St.
Champaign and Urbana, Ill.—Mrs. Reuel Barlow, 1011 S. Wabash, Urbana, Ill.
Chicago Alumna Club, North—Dorothy Lewis, 1220 N. State, No. 310, Chicago, Ill.
Chicago Alumna Club, South—Mrs. W. E. Lofgren, 9730 S. Hamilton Ave.
Chicago West Suburban Alumna—Alice Elizabeth Stevens, 337 S. Spring Ave., La Grange, Ill.
Decatur, Ill.—Katherine Alsip, 1427 W. Wood St.
Elgin, Ill.—Mrs. Lewis K. Malvern, 12 Warwick Pl.
Galesburg, Ill.—Therle Hines, Wisconsin Ave.
Glenburnist, Ill.—Mrs. Kenneth L. Karr, 742 Euclid Ave., Glen Ellyn, Ill.
Madison, Wis.—Marian Zilley, c/o Wisconsin General Hospital, University Ave.
Milwaukee, Wis.—Mrs. John E. Ferris, 2820 N. 40th St.
Monmouth, Ill.—Mrs. E. D. Powell, 800 E. 2nd Ave.
Norb Shore, Ill.—Mrs. Charles J. Merriam, 757 Foxdale Ave., Winnetka, Ill.
Oak Park and River Forest, Ill.—Mrs. Roy A. Knapp, 252 Olmstead Rd., Riverside, Ill.
Peoria, Ill.—(Officer list 1932-33 not received.)
Rockford, Ill.—Mrs. Hugh Wise, 525 Palm St.
Springfield, Ill.—Margaret Rugh, 506 S. 6th St.

THETA PROVINCE

Vice President—Lucy How Potter (Mrs. Merle A.), 700 Lincoln Ave., St. Paul, Minn.
Ames, Iowa—(Officer list 1932-33 not received.)
Burlington, Iowa—Mrs. Harold J. Wilson, 902 University Pl.
Cedar Rapids, Iowa—(Officer list 1932-33 not received.)
Des Moines, Iowa—Mrs. W. J. Albers, 3516 Center St.
Duluth, Minn.—Mrs. Ruby B. Olmstead, 16 S. 19th Ave. E.
Grand Forks, N.D.—Mrs. Ira D. Anderson, University Sta.
Indianola, Iowa—Mrs. Ada P. Samson, 600 W. Ashland Ave.
Iowa City, Iowa—Mrs. H. F. Wickham, 911 Iowa Ave.
Minneapolis, Minn.—Mrs. Geo. N. Rogentine, 2885 James Ave. S.
Mt. Pleasant, Iowa—Mrs. Marvin Patterson, 1103 E. Washington St.
St. Paul, Minn.—Mrs. C. W. Moore, 1978 Princeton Ave.
Sioux City, Iowa—Mrs. W. S. Crouch, 4318 Morningside Ave.
Winnipeg, Man., Canada—Isabell Hitchings, 25 West Gate.

IOTA PROVINCE

Vice President—Hallie Chapman Collins (Mrs. Shrive B.), 1765 Glencoe St., Denver, Colo.
Boulder, Colo.—Katharine Coulson, 437 Mountain View.
Casper, Wyo.—Miss Frances J. Cottman, 107 S. Beech St.
Cheyenne, Wyo.—Mrs. Tracy S. McCracken, 1905 Bradley Ave.
Denver, Colo.—Mrs. E. H. Baker, 2575 Elm St.
Lawrence, Kan.—Mrs. Ben Carmen, 1125 West Campus.
Lincoln, Neb.—(Officer list 1932-33 not received.)
Manhattan, Kan.—Ruth Holton, 217 N. 14th St.
Omaha and Council Bluffs—Mrs. O. L. McIntire, Iowa School for Deaf, Council Bluffs, Iowa.
Poudre Valley—Mrs. Donald C. Ricker, 222 S. College Ave., Fort Collins, Colo.
Pueblo, Colo.—Laura Belle Stockton, Jordan Apts.
Topeka, Kan.—Mrs. A. Price Jones, 630 Taylor, Apt. 4.
Wichita, Kan.—Mafalde Ingle, Woodlawn Heights.
Wyoming Alumna—Mrs. Wm. R. Eberhart, 304½ S. 2nd St., Laramie, Wyo.

KAPPA PROVINCE

Vice President—Carrie May Hopkins Williamson (Mrs. George M.), 1533 Stevens Ave., Shreveport, La.
Ardmore, Okla.—Mrs. Stanley Brown, 7 "F" St., S.W.
Austin, Tex.—Mrs. Kenneth Caswell, 1500 West Ave.
Bryan, Tex.—Margaret Parker.
Dallas, Tex.—Mrs. C. E. Granger, 3306 St. John's Dr.
Fayetteville, Ark.—Loree Tribble, 430 Highland Ave.
Fort Smith, Ark.—Mildred Sipe, 318 N. 20th.
Houston, Tex.—Mrs. Thomas F. Stone, 1602 Harold Ave.
Little Rock, Ark.—Katherine Garver, 2314 Wolfe.
Muskogee, Okla.—Lucile James Hopkins, 1300 Valmont St.
New Orleans, La.—Mrs. James Hopkins, 1300 Valmont St.
Norman, Okla.—Mrs. Dorothy Landsaw, 908 S. Miller St.
Oklahoma City, Okla.—Mrs. A. N. Murphey, 438 W. 22nd St.
Oklmulgee, Okla.—Mrs. Frederick Hathaway, 512 E. 14th.

Sabine District—(Officer list 1932-33 not received.)
Shreveport, La.—Mrs. C. O. Day, 955 Oneonta St.
Stillwater, Okla.—Mrs. D. C. McIntosh, 71 College Circle.
Tulsa, Okla.—Lolita Murdock, 1244 S. Owasso.
Waco, Texas—Mrs. John G. Hudson, 2605 Washington Ave.

LAMBDA PROVINCE

Vice Presidents—Bernyce Scott Humphrey (Mrs. James R.), 1730 Fairmount Ave., Salem, Ore.
Boise, Idaho—Mrs. J. P. Atwood, 1706 N. 11th.
Corvallis, Ore.—Mrs. Cornelius Bateson, 135 N. 8th St.
Edmonton, Alberta, Canada.—Helen McCaig, University Hospital.
Eugene, Ore.—Beatrice Milligan, 1638 Charnelton St.
Portland, Ore.—Mrs. Milo McIver, 1508 E. 31st St.
Salem, Ore.—Mrs. Edwin Keech, Sundberg Apts.
Seattle, Wash.—Mrs. Joseph A. Sweeney, 802 Northern Light Tower.
Spokane, Wash.—Dorothy M. Sanborn, 1415 E. 12th Ave.
Tacoma, Wash. (Inez S. Soule Club)—Mrs. Ralph Fitzsimmons, 2607 N. Lawrence.
Wenatchee, Wash.—Jane Webb, 110 N. Emerson St.
Yakima, Wash. (Fannie W. Libbey Club)—(Officer list 1932-33 not received.)

MU PROVINCE

Vice President—Helen Adair Kerman (Mrs. F. R.), 521 Lowell St., Palo Alto, Calif.
Albuquerque, N.M.—Mrs. Willis S. Burnham, 303 Vassar St.
Berkeley, Calif.—Mrs. L. V. Somers, 920 Shattuck Ave.
El Paso, Tex.—Mrs. S. L. Brown, 1411 Montana St.
Glendale, Calif.—Mrs. L. R. Van Burgh, 1491 Millar Dr.
Long Beach, Calif.—Mrs. Lloyd A. Patch, 146 Park Ave.
Los Angeles, Calif.—Mrs. T. S. Tulien, 136 S. LaPere Dr., Beverly Hills, Calif.
Monterey Bay Club—Mrs. Richard Willits, 419 King St., Santa Cruz, Calif.
Nevada Alumnae—Kathryn Robinson, 1042 S. Virginia St., Sparks, Nev.
Palo Alto, Calif.—Mrs. James Bradshaw, 2351 Tasso St.
Pasadena, Calif.—Mrs. Brenton Henderson, 1615 Fletcher Ave. S., Pasadena, Calif.
Phoenix, Ariz.—Mrs. David W. Albert, R.F.D. 1, Box 24, Tempe, Ariz.
San Diego, Calif.—Mrs. Gladys Rogers, 4361 Hermosa Way.
San Francisco, Calif.—Clara-Catherine Hudson, 138 Funston Ave.
San Jose, Calif.—Mrs. Florence Doster, 242 S. 10th.
Santa Monica, Calif.—Mrs. A. B. Cline, 623 Palisades Ave.
Tucson, Ariz.—Mrs. Lowell Arnold, 2328 E. Helen St.
Utah Alumnae Club—Helen J. Rothwell, 60 3rd Ave., Murray, Utah.
Hawaii—Eugenie Langwith, P.O. Box 3193, Honolulu.

"The Old Order Changeth"

FROM the standpoint of curiosity, if not from that of psychology, the story of the selection of fraternity membership from 1776 to the present day would certainly offer an appeal. Fraternities have gradually come from a period of great simplicity and deep secrecy to a time of considerable complexity, marked competitive pressure, and ambiguous emphasis. As times have changed so have our "systems" but there still remains unaltered the ideal that should motivate all—that fraternity membership be chosen on the basis of congeniality and friendship.

To help and not hinder those interested in fraternity membership is the purpose of the rushing contract, strictly speaking. The open rushing program which provides for honest and sincere discussion of one's own fraternity and which likewise gives the interested rushee a chance to find out the really important facts about an organization or chapter is an excellent premise. If the orientation week of the college comes before rushing, a knowledge of the Greek world with its obligations and opportunities as they pertain to the particular campus could be included in the administration's plan under the auspices of the Panhellenic and interfraternity councils. The all-Panhellenic initial tea, or the initial tea which every sorority holds on the opening day of rushing, to which all rushees are invited gives the observing girl a picture of the whole.

After introducing rushing with all groups as hostesses simultaneously to all girls, the days may be divided in various ways. The fundamental point is that the days be planned in a sane manner without overtaxing either rushee or sorority members. It can be done! On a medium-sized campus in the east, the fraternities are permitted an hour and a half in the afternoon and an hour and a half in the evening with prospective members. The houses of residence are assigned to each group for certain days. After each fraternity has made the round of residences or "wings of the dormitories" as prescribed, three days of informal rushing are permitted with the

same definite hours set aside. At no time during these days may a group spend any money on rushing! On the final evening of the rushing period each fraternity may entertain at dinner those rushees it may desire. After a brief silence period bids are sent. And all the time the regular college work and activities have been going on! On this campus the time of rushing is spent in cultivating friendships, discovering common interests, testing congeniality!

For the large universities, state and otherwise, a few more "mechanics" may be included. The little pamphlet called "Sororities and you" of Northwestern University and various printed statements and leaflets of other institutions are very helpful to the confused freshman. The system of the University of Illinois where the dean of women is accessible to any freshman during rushing for a heart to heart talk and where the Panhellenic meets every morning at nine o'clock is worth much consideration. The full time services of a secretary during August and the rushing period as used by the University of Washington Panhellenic helps solve many problems. The plan of one of the very large universities in the men's rushing might well be adopted by the women on the campuses where the number who accept all rushing entertainment and privilege with no intention of joining is growing: namely, a certain sum of money must be registered in the dean's office on a stipulated date by each person expecting or desiring to go through the rushing season. This is proof of their good faith, and financial ability to join a group.

Few rules make for better rushing, more confidence, and more honor. As Dean Leonard urged at the National Panhellenic Congress, "Put your rushing rules in your hearts instead of on paper!" The secret to any successful rushing no matter the plan or time or place is the honor of each participant—her loyalty to her fraternity's honor, her consecration to its ideals, and her belief in the "sanctity of obligations."

BEATRICE H. BROWN, A X Ω

Announcements

FOR the sake of economy, the former ARROW Editor has somewhat condensed official reports from the form in which they were submitted, before printing them in this Information Number.

Due to the resignation of the ARROW Editor, Mabel Scott Brown, on account of her absence from this country, the September issue has been completed by Dorothy Jeffrey Wulp, Assistant Editor and Business Manager. Material for the Editor should be sent to:

Mary Katherine Lutz, 1812 Monroe, N.W., Washington, D.C.

The following national officers have been changed. Please consult the Fraternity Directory, in this issue, for new officers as follows: ARROW Editor, Assistant to the Grand President, Chairman of the Settlement School Committee, Gamma Province President, Iota Province President, Kappa Province Vice-President.

Minutes of Annual Meeting of Grand Council

June 22-28, 1932

THE annual meeting of Grand Council was held at the Settlement School in Gatlinburg, Tennessee, June 22-29, all members being present.

At the request of the Grand Council, the Settlement School Committee met with it for two joint sessions, and later at the request of the committee, the entire Grand Council was present at a session of the committee. The Grand Council and the Settlement School Committee, separately and at their joint sessions, considered an outline for the manual for the Settlement School Committee as prepared by Mabel Scott Brown, and adopted an official committee manual. Matters of Settlement School policy and budget were considered by the Grand Council and the plans of the committee for the coming year were approved. Grand Council expressed its appreciation to the school staff for its constructive work and to the committee for the intelligent understanding of the school and the fraternity which the budget and the general plans for the coming year make evident.

The reports from the national officers, the province presidents, the province vice presidents, and the chairmen of the standing committees were read and discussed, and as a result, several policies were formulated.

Grand Council authorized the required official visits to Mu Lambda early this fall and voted that if the reports of

these visits were favorable the group be allowed to petition under the constitutional provision for chartering in the interim of conventions. The Committee on Extension was authorized to encourage further contacts with $\Pi \Sigma B$ at American University, $E I \Sigma$ at University of Western Ontario, and $\Theta \Sigma \Phi$ at Dalhousie University. All other groups were definitely discouraged.

Since the Grand Council felt that chapter scholarship should more accurately reflect the standing of active chapters, it authorized the chairman of the Scholarship Committee to require a chapter whose scholarship record is low (in the lower third) to deprive a member or members whose scholarship average is below the initiation grade of the privilege of voting as long as it is deemed necessary. Grand Council recommended to the chairman that she outline the basis upon which the scholarship ring may be awarded by any chapter and that chapters be allowed to use the ring only for awards made upon this definite basis. It was further decided that when a chapter whose scholarship is unacceptable fails to respond to the usual methods of supervision and assistance, the chairman of the Scholarship Committee shall report to the Grand Council with recommendations for personal conferences with the chapter.

It was with deep regret that the Grand Council accepted the resignations of

Mabel Scott Brown, ARROW Editor, because of an extended absence abroad, and of Margaretta Fenn Putman, Assistant to the Grand President, on account of continued ill health.

Upon the basis of the reports of the Standardization and Survey Committee and the province presidents and visiting officers, the Grand Council awarded the Balfour Cup to Illinois Z, the Stoolman Vase to Washington B, and honorable mention to Michigan B. Grand Council is most appreciative of Michigan Beta's splendid record in having won the Balfour Cup for three successive times and placed for honorable mention the fourth time.

With the study of the annual reports of the province presidents and the deans of women, a very graphic idea of conditions in the chapters was gained. Keen appreciation of the bettering of internal organization in the chapters was expressed. Plans for strengthening those few chapters that need special supervision were carefully formulated.

Miscellaneous business, including various recommendations which had developed, was next taken up. Grand Council voted:

That a chapter report immediately to the Grand President every case of probation for drinking, giving a copy of the terms of probation.

That the Miami Valley Alumnae Club be allowed to change its name to the Dayton Alumnae Club.

That the discussion of the replies from the active chapters for using the new initiation fee revealed that the chapters do not feel it will cause any hardship to them financially. When use of the new initiation fee threatens to present definite problems to the chapter, it is to be reported to the Grand President.

That the Central Office bill and issue to chapters binders for preserving the signatures at pledge ceremony.

That chapter subscriptions to *Banta's Greek Exchange* not be compulsory.

That the *Sorority-Handbook* no longer be required as a part of the chapter archives.

That Grand Council authorize the Grand Treasurer to procure blanket employees' liability insurance for all chapters having employees and assess the pro rata cost upon

each of those chapters having employees.

That the dispensation granted last year to allow the active chapter contribution to the Settlement School to be forwarded by the province vice president to the Settlement School treasurer instead of to the Grand Treasurer be continued for the coming year.

That four weeks before the date of any graduation during the year, each prospective graduate shall sign the official application blank for membership in the alumnae department and shall pay to the chapter treasurer the annual senior dues of one dollar. The chapter treasurer shall be responsible for collecting these compulsory senior dues and for forwarding them within three days to the province vice president concerned. This change of procedure means that it is no longer compulsory that the signing of the application blanks be held in connection with the Senior Ceremony. This ceremony may be held by each chapter at any date, convenient to its members, within the last three weeks of school, with the understanding that all chapter members must be present to take part in the ceremony.

That the Alumnae Advisory Committee member on rushing and pledge supervision be in charge of the fraternity examination.

That all groups chartered after January 1, 1934, be required to pay an installation fee to apply towards the expense which installation involves for the fraternity nationally.

That chapters be instructed not to schedule conference for visiting officers after ten o'clock at night.

That Grand Council, by special dispensation, place the El Paso Alumnae Club in Mu Province, since this is more advantageous financially for the fraternity.

That as various convention sites were considered and as the choice of sites narrowed to the Edgewater Beach Hotel, Chicago, and French Lick Springs, Indiana, a final decision be made when more complete data had been obtained. Because of general conditions, the Grand Council voted to call for a vote of chapters on the question of postponing Convention until 1934.

That a manual for rush captains, based upon an outline submitted by Virginia Hutson Getto, be put in final form for publication this fall.

Plans for chapter visiting were discussed.

The following amendments to the constitution were made:

Amend Art. III A, by inserting Sec. 10. REMOVAL FROM OFFICE

"Officers and members of the national

standing committees may be removed from office by the Grand President upon unanimous vote of the Grand Council."

Amend Art. IV, Sec. 2. ELECTION TO MEMBERSHIP by adding:

"Before any person may be elected to membership, the chapter concerned must have in its files data covering the following points listed on the official recommendation blank and signed by the person recommending:

1. Name of rushee.
2. Address.
3. Personal acquaintance of person recommending.
4. Term for which rushee is registered at college.
5. Educational institution from which she comes.
6. Scholarship record.
7. Social status.
8. Personal description, including special interest and talents.
9. Further remarks."

Amend Stat. IV, Sec. 12. ARCHIVES by striking out:

"The Sorority Handbook."

Amend Stat. IV, Sec. 12. ARCHIVES by striking out:

"A bound copy of the constitution for signatures."

and inserting:

"the official looseleaf book for signatures of pledges, the official looseleaf book for signatures of initiates."

Amend Stat. V, Sec. 7. NOTICE OF SUSPENSION by striking out section and inserting:

"Notice of suspension shall be sent by the chapter concerned to the dismissed member, to the Central Office (two copies, one of

which shall be filed and the other of which shall be marked with the official national number and forwarded by the Central Office to the Grand President for her files), and to the province president and the province vice president concerned and a copy shall be filed in the official dismissal binder of the chapter, within two weeks after the suspension."

Amend Stat. V, Sec. 9. NOTICE OF HONORABLE DISMISSAL by striking out the section and inserting:

"Notice of honorable dismissal shall be sent by the chapter concerned to the dismissed member, to the Central Office (two copies, one of which shall be filed and the other of which shall be marked with the official national number and forwarded by the Central Office to the Grand President for her files), and to the province president and to the province vice president concerned and a copy shall be filed in the official dismissal binder of the chapter, within three days after honorable dismissal."

Amend Stat. V, Sec. 2. NOTICE OF EXPULSION by striking out section and inserting:

"Notice of expulsion shall be sent by the chapter concerned to the member expelled, to the Central Office (two copies, one of which shall be filed and the other of which shall be marked with the official national number and forwarded by the Central Office to the Grand President for her files), and to the province president and to the province vice president concerned, and a copy shall be filed in the official dismissal binder of the chapter, within three days after expulsion."

NITA HILL STARK
Grand Secretary

Annual Reports of National Officers For the Year 1931-1932

GRAND PRESIDENT

ANY GENERAL social or economic condition inevitably is reflected in college life, and all fraternity officers began the year which has just closed with a keen consciousness of the uncertainty and the problems which it held. In the face of almost universal decreases in active membership and in number of initiations, which in many cases have threatened the life of chapters and even of national organizations, Pi Beta Phi can report a year which meant a negligible decrease in active membership—less than three per cent from that of the previous year—and no decrease in initiations. These statistics seem to verify the prediction of a leading fraternity man that the period of depression would mean the discontinuing of many of the young nationals but would leave the strong fraternities more firmly entrenched than before. Pi Beta Phi's national officers have watched the situation with exceptional care and have given their best to make certain that the coming year, which may be an even more severe test than the year just ended has been, will find chapters in sound financial condition, with definitely established economics and wisely planned budgets, and with internal organizations which will assure their continued development. It has been gratifying to find that deans of women have agreed with the Grand Council that there has never been a time when close supervision of and personal contacts with chapters were of greater importance from the standpoint of the college as well as of the fraternity. The regular schedule of chapter visits has been carried out and all chapters which seemed

to need special help with rushing, with organization, or with other problems have received it. Because the fraternity realizes that rushing this fall will be of unusually vital importance, special emphasis has been placed upon preparations for actual rushing, upon securing data concerning prospective rushees, and upon interesting high school graduates in entering colleges where there are Pi Beta Phi chapters. The fraternity has every reason to anticipate a year which will mean continued progress and increased prestige.

In the resignations of Mabel Scott Brown and Margaretta Fenn Putman the fraternity has lost two of its finest and best loved officers, each of whom has given of her ability and loyalty without measure and beyond her own strength; the debt which the fraternity owes them can be paid only in the devoted affection which it feels for them! Gamma and Iota Provinces have suffered a real loss in the resignations of Harriet Smith and Virginia Hutson Getto but welcome as their successors Mary Hornaday and Helen Stange; the appointment of Frankie Cochran Hill as chairman of the Settlement School Committee has been followed by the selection of Carrie Hopkins Williamson as province vice president for Kappa Province; during the year, Emma Drury Sippel took office as Gamma Province Vice President to succeed Louise Van Sant, elected at Convention but unable to serve. Mary Wallihan Gibson and Frankie Cochran Hill were the successors on the Settlement School Committee to Rebecca Downey White and Eve Armstrong

Wyer. Virginia Hutson Getto has accepted appointment as Assistant to the Grand President.

Reports for chapters show that their condition is on the whole gratifyingly sound. The honors which have come to active members indicate that the fraternity continues to attract a fine type of young woman and to help her assume an outstanding place in her college community. Scholastic honors have not been few but there are still too few chapters which are holding honor positions on comparative lists. The Committee on Scholarship expects that another year of the type of special help which it is now giving will mean a marked improvement in this rating. The new ruling, passed by Grand Council, limiting chapter privileges of members with unsatisfactory averages whose chapters are in the lower third of the competing fraternity groups on their campuses should have a wholesome effect. Now, as perhaps never before, members of Pi Beta Phi must recognize the fact that it is only as they gain from their years at college the education for which they supposedly came that they justify their position as college students and fraternity members. The fraternity nationally is sincerely trying to be the added incentive which will insure from every active member a real effort towards an education.

The Balfour Cup and the Stoolman Vase which are awarded annually by Grand Council for cooperation and high achievement will be held during the coming year by Illinois Zeta and Washington Beta. Michigan Beta, the holder of the Balfour Cup for three successive years and the permanent possessor of the original cup, won honorable mention. Florida Beta won the annual award given by the Committee on Social Exchange. The Pi Beta Phi Fellowship for 1932-33 has been awarded to Jean McAllister, North Carolina Alpha, who will continue her work towards a doctor's degree in medi-

cine from the University of Pennsylvania. All members of the fraternity interested in applying for the 1933-34 Pi Beta Phi Fellowship of \$500 should get in touch with the Grand President as early as possible since all applications must be in her hands by January 1, 1933. Attention is called also to the \$500 fellowship offered annually by the New York City Panhellenic, further notice of which will appear in THE ARROW. This fellowship was held during the past year by Katherine Noble, Illinois Delta, who has recently been appointed social director of the new undergraduate college of Teachers College, Columbia University. This fellowship for 1932-33 will be held by Helen Fairburn, Sigma Kappa.

In the support of its altruistic projects the fraternity has again been given indisputable proof of the exceptional loyalty of its members. The demands upon the Undergraduate Loan Fund have been greater than ever before, but contributions to it have also set a new high record. It gave the fraternity very real pleasure to have the District of Columbia Alpha Mothers' Club show its interest in undergraduates by a generous contribution to the Loan Fund. Contributions to the Settlement School amounted to more than \$21,000, a splendid record for any year and a remarkable one for a year when few if any members of the fraternity failed to feel the effects of the general financial stringency. It is hoped that every member of the fraternity will study in detail the reports upon which these statements are based; they are reason for very keen pride in Pi Beta Phi! Special attention is called, too, to the fact that the profits from the Magazine Agency this year showed an increase over the previous year of approximately \$800. Every Pi Beta Phi should show her appreciation for the tireless work of Dorothy Jackes Miller, the director, by sending at least her own subscriptions and renewals to the Magazine Agency. With a hundred

per cent cooperation from members of the fraternity the agency could pass on to the Settlement School thousands of dollars where it now sends hundreds; isn't this worth the slight effort which it would mean?

The coming year promises to be one of marked results for the Settlement School. With the closing of the Sugarlands School because of its location within the Smoky Mountain Park area, enrollment at Gatlinburg has been increased, and it is probable that the County will provide one more grade school teacher than it did last year. All budgets have been cut to the minimum but the efficiency of the staff has remained at its normal high level. Reports for the school should, as always, be studied with a keen realization of what they represent in devoted service from the committee and the staff! The weaving done under the direction of the Arrow Craft department has continued to win high praise from experts in handicraft work. A special project of the department, the past year, has been the planning of new weaving which could be sold at moderate prices. Clubs will be delighted with the loveliness of these inexpensive pieces.

The responsibility for the handling of fraternity funds and for the investing of its endowment monies is a very heavy one in times like these. The year has brought to all thinking Pi Beta Phis a renewed realization of the advantage which it has in having as its Grand Treasurer Lois Franklin Stoolman, a woman of exceptional business ability and judgment. Her report shows that the fraternity is on a sound financial basis with all funds in good condition. Under her direction the Board of Trustee Funds has continued to invest endowment funds as provided for by the constitution. It seems worthy of comment that no security purchased by the Board of Trustee Funds since its organization has failed to pay its regular dividends. The market value of frat-

ernity securities has fluctuated, of course, but the regularity with which interest has been paid seems to prove the basic soundness of the investments and to promise their eventual return to their earlier market value. Fraternity endowment funds are, of course, invested only in bonds of not less than A rating or in first mortgages on high grade real estate. Each investment must be approved in advance by three-fifths of the Board of Trustee Funds and by the Harris Trust Company of Chicago or the First Trust Company of Lincoln, Nebraska.

With the election of Mabel Scott Brown as ARROW Editor came the necessity for a change in the management of the Central Office. Mrs. Brown very kindly consented to continue to act as director until all applications for the position could be given careful consideration and plans for the future could be worked out. Early in January, Beatrice Stephenson took office as director; and after six weeks of intensive study of the work in Hartford, transferred the Central Office to Bloomington, Illinois. It is a privilege to express for the fraternity its appreciation of the service which Mrs. Brown gave to Pi Beta Phi in organizing its first central office and in developing its system of caring for records and supplies which is so markedly effective. The present more central location of the office promises much in lessened costs in time and money, while the experience and ability of Beatrice Stephenson assure the fraternity that there will be no falling below the usual standard of efficiency which it has come to take as a matter of course.

During the year the fraternity has published the Manual of Social Usage compiled by Beatrice Teague, and has been deeply gratified by the favorable comments which the publication has received from fraternity and college officials. Other publications have included the Uniform Regulations Governing

Chapter House Chaperons, a Manual for Rush Captains compiled by the Grand Council upon the basis of an outline prepared by Virginia Hutson Getto, and a Manual for the Settlement School Committee compiled by the Settlement School Committee and the Grand Council using as the basis the manual originally outlined by Mabel Scott Brown.

Early in the fall the two groups granted charters by Convention were installed as Alberta Alpha and South Carolina Alpha, with the Grand President as installing officer assisted in each instance by the province president concerned. During the year, the Grand President has made six regular official visits and two emergency ones. She has had the added pleasure of being the guest of several alumnae clubs and of far too brief visits with Inez Smith Soule and Fanny Whitenack Libbey, beloved Founders. Following the installation of South Carolina Alpha, she inspected the petitioning group at Duke

University and recommended it for favorable consideration.

As Pi Beta Phi's delegate to National Panhellenic Congress, the Grand President attended the biennial meeting held in St. Louis in October, 1931; a full report of that congress appeared in the February ARROW. As chairman of the N.P.C. Committee on College Panhellenics, she represented National Panhellenic at the Conference of Urban Panhellenics held in Indianapolis in February.

As she has wished each year during which she has been an officer of the fraternity, the Grand President wishes that she were able to express her appreciation, too deep for words, for all that Pi Beta Phi has given her—friendships of untold dearness, contacts of great inspiration, encouragement and cooperation unflinching in their helpfulness, and a privilege of service rare in its opportunities!

AMY BURNHAM ONKEN

GRAND VICE PRESIDENT

THE ALUMNÆ DEPARTMENT of Π Β Φ closes its year with a feeling of gratitude and satisfaction; gratitude for the loyalty and continued interest of alumnae clubs and individuals and satisfaction in the results of this spirit as evidenced in the support of the fraternity projects in the face of serious obstacles.

The change made at the 1931 Convention which increased the number of provinces by two gave each province officer a smaller territory to cover and in consequence, a closer contact with her clubs. Our personnel started with but three former province vice presidents continuing in office but each new officer has brought ability and individuality to her position. Two vacancies have been filled during the year. The place of Louise Van Sant, elected Gamma Province Vice President at Conven-

tion but unable to serve, was taken by Emma Drury Sippel of Baltimore, Maryland. The recent resignation of Frankie Hill as Kappa Province Vice President to become Chairman of the Settlement School Committee has resulted in the appointment of Carrie Hopkins Williamson of Shreveport, Louisiana, as her successor.

Seven new groups have become chartered clubs this year: Bryan, Texas; San Jose, California; Stillwater, Oklahoma; Monterey Bay, California, which includes the towns of Santa Cruz, Salinas, Watsonville, and Monterey; Edmonton, Alberta, Canada; El Paso, Texas, and St. Joseph, Missouri. Several other groups have requested application blanks or have shown an interest in the approaches made by the vice president of their province.

Because of an insufficient number of

resident Pi Beta Phi in South Central Kansas and Joplin, Missouri, these clubs were forced to relinquish their charters. The fraternity hopes they may function soon again as organized groups. We start the new year with a total of 155 *alumnæ* clubs.

In September a letter of greeting was sent to all clubs, stressing the reasons for the existence of *alumnæ* clubs, namely the promotion of friendship and the support of the various fraternity activities, the active chapters, the Undergraduate Loan Fund, the Endowment Fund, and the Settlement School, together with a brief explanation of each.

The Settlement School continues to be the great impetus to *alumnæ* activity. While the amounts received do not total as much as in the preceding year or two, the interest is increasing and the money subscribed has been earned with larger expenditure effort. A study of the reports of *alumnæ* club presidents reveals but three clubs failing to contribute to the support of the school. The fine showing of the Magazine Agency this year has increased our support of the school materially and great credit is due Mrs. Miller for her able handling of the agency in addition to her work as vice president of Epsilon Province.

Under the supervision of Vera Wattles Kirkpatrick, former province vice president, a model club constitution is now available. The Assistant to the Grand Vice President revised the club questionnaires and the charts for use of the province vice presidents, while the Officers' Manuals were revised by the Grand Vice President. The appreciation of the *alumnæ* department is here extended to Beatrice Stephenson, Director of Central Office, for her assistance in the handling of this work and her cooperation at all times.

Letters have been sent each month by the Grand Vice President to the province vice presidents who in turn

have been in systematic communication with their clubs. From the club questionnaires it is gratifying to learn that they appreciate the value of these contacts with the national organization and but two clubs protested the amount of "red tape" involved. It has been our aim to impress upon club officers that only through these systematic contacts can we know the strength of the clubs and the limits of our possibilities. Through the exchange of letters province officers have been able to further the adherence of clubs to charter requirements and to promote internal development. The Grand President and the Grand Vice President have sent copies of their general letters to all province officers who have been assisted greatly by knowledge of both active and *alumnæ* activities.

Twenty-nine *alumnæ* clubs received official visits from their province vice presidents this year. Only one province was visited in its entirety. Their province officer visited the Settlement School before undertaking her visits in order to take to her clubs the inspiration of first hand information. The fraternity regrets the necessity for retrenchment which made impractical the sending of province vice presidents to Gatlinburg at fraternity expense. All clubs not yet visited will receive their visits early in the fall.

The questionnaires from clubs have been of invaluable service in planning for *alumnæ* work and great appreciation is felt by the Grand Vice President and her Assistant for the extensive work of the club presidents in compiling the data contained in them, for their suggestions of further ways in which the national officers may help and in the frank discussion of their problems as well as the details of their successful undertakings. Bridge groups and bridge benefits are the greatest money makers but the sales of marketable products from vanilla to automobiles and Eu-

ropean trips have been tried. The increased spirit of cooperation with national and province officers is shown in the 122 questionnaires received from club presidents and the 128 clubs who have reported their new officers in time for inclusion in the *Alumnæ Directory of the September ARROW*.

The active chapter looks for its greatest assistance to *alumnæ* and nearby clubs. The larger clubs are usually able to fix a proper balance between the support of the chapter and the Settlement School. However, we should like to see the smaller clubs place a definite per capita amount as their goal for the Settlement School donations next year. While the system of pledge cards is simple and dignified, it does not bring the results which united effort for a definite large goal brings.

A real endeavor has been made to secure one hundred per cent response in donations for the Undergraduate Loan Fund and the results have been very gratifying. This year has found more active girls in need of aid to continue their college education. The support of every club to the extent of an annual \$5.00 or \$10.00 contribution would mean the further advance of this service.

Greetings to all clubs for Founders' Day were sent by the Grand Vice President, also. Her gratitude goes to the five Founders who gave their time and energy to write messages to be included in this letter to our actives and *alumnæ* assembled to do them honor. Wherever possible, *alumnæ* and actives were together and all clubs celebrated the occasion in some manner. Among the largest gatherings were state wide luncheons in Indiana and Michigan where the former held an interesting *alumnæ* conference under the guidance of the Delta Province Vice President and the latter had to close reservations for lack of room; the clubs and chapters of Gamma Province likewise assembled

for a luncheon; at Palo Alto, California five clubs had luncheon with California A and B; in Southern California five clubs joined with California Γ and Δ at the Hotel Huntington, scene of the 1929 Convention, for a banquet; the clubs in and near Chicago banqueted with Illinois E chapter which staged a model initiation for them.

Our isolated *alumnæ* continue to be an almost untouched field and the problem of clubs and officers alike. In one province a newsy letter was sent out by the province vice president with a plea for renewed interest in *alumnæ* activities. The results showed that many *alumnæ* while not near any club continue their interest in the fraternity. It will be splendid when all can see the advantages of continuing their affiliations with the fraternity through the *alumnæ* department even though out of school.

It has been the privilege of the Grand Vice President to visit, officially for the Grand President, nine active chapters: Colorado A and B, Iowa A, B, Γ and Z, Wyoming A, Utah A and Nevada A and to know unofficially California Γ and Δ . These contacts with the actives are a real joy and inspiration. The chapters' interest in national undertakings, their pleasure in hearing how other chapters function and their constant efforts to hold $\Pi B \Phi$ in the place she should continue to maintain among fraternities are causes for faith in the youth of today. It was also her privilege during the year to meet with the *alumnæ* of Denver, Des Moines, Indianola, Ames, Laramie, Salt Lake City, Reno, Glendale, Santa Monica, and Los Angeles as well as with the *alumnæ* advisory committees of all chapters visited. Their interest in *alumnæ* and active work was genuine and effective in almost every case.

The Grand Vice President greatly appreciated representing $\Pi B \Phi$ at two Panhellenic dinners given by A Γ Δ and

A Ξ Δ as part of their respective Convention programs in Pasadena, California. Also by virtue of her office, she presided at a Los Angeles Rotary Club luncheon honoring the ladies.

The office of the Assistant to the Grand Vice President carries with it the duty of supervising young clubs as well as discovering locations for new clubs, either of which entails responsibility and labor. This office wishes to express to Mrs. Comer its appreciation for the exercise of these duties as well as her handling of other calls for aid placed upon her during the year.

The Grand Vice President and her Assistant cannot express too strongly their gratitude for the excellent work done by the province vice presidents

this year. The fine spirit within the clubs reflects their enthusiasm and tireless efforts. Their loyalty has been unsurpassed and the continuance of their cooperation will mean the greater success of the alumnæ department.

The privilege of treading in the footsteps of her predecessors who have served the fraternity so ably has meant much to the Grand Vice President this year though she has found it difficult to equal their strides. Her contacts with fellow members of Grand Council, with all officers, alumnæ clubs, and actives have been priceless experiences and to them all she expresses her appreciation for their help.

RUTH BARRETT SMITH

GRAND TREASURER

THE following is the audit report of the Π B Φ Fraternity, Lois F. Stoolman, Grand Treasurer, for the period beginning August 1, 1931, and ending July 14, 1932, as certified by Robert P. McKinley, Public Accountant, Champaign, Illinois.

July 20, 1932

TO THE GRAND COUNCIL, Π B Φ FRATERNITY:

Pursuant to the request of Mrs. Lois F. Stoolman, Grand Treasurer, I have made an examination of the cash receipts and disbursements of Π B Φ fraternity for the period beginning August 1, 1931, and ending July 14, 1932.

All cash receipts as recorded on the Grand Treasurer's books were deposited intact at the depositories. All cancelled vouchers, paid by the depositories, were examined and compared with the respective entries in the cash disbursements record and all were found to be in agreement. The balance at the close of July 14, 1932, was reconciled with the statements obtained from the various depositories.

Statements from the First Trust Co., Lincoln, Nebraska, and the Harris Trust & Savings Bank, Chicago, Illinois, listing the securities held by these banks were inspected and the remaining securities in the custody of the Grand Treasurer were examined. These securities are all carried at the cost value at the time of purchase.

The attached statements and schedules were prepared from the books and records of the Grand Treasurer.

Certificate

I have audited the Cash Receipts and Disbursements for the period beginning August 1, 1931, and ending July 14, 1932, of the Grand Treasurer of Π B Φ fraternity and hereby certify that, in my opinion, the annexed statements are correct, subject to the foregoing comment.

(Signed)

ROBERT P. MCKINLEY
Public Accountant (Ill.)

Since the accompanying audit has been made a check for One Thousand Eight Hundred Eighty-three Dollars and Thirty-Seven Cents (\$1,883.37) has been received which is three-fourths of the active chapter contributions for this year to the Settlement School. Securities for this amount and for all other endowment funds have been bought and have been deposited with the Trustee, Harris Trust and Savings Bank, Chicago, Illinois.

Respectfully submitted,
LOIS F. STOOLMAN
Grand Treasurer

ASSISTANT TO THE GRAND PRESIDENT

THE ASSOCIATIONS this year with Pi Phi and Pi Phi work have been even more delightful and full of challenge than previous ones. Stimulated by a splendid Convention, we all doubled our efforts to make this an outstanding year in $\Pi B \Phi$ development and growth.

Advisory boards and pledge supervisors with whom the Assistant to the Grand President has worked closely have cooperated beautifully and have accomplished much. A new manual was decided on for use in study by pledges carried into the second semester. It seems to have met with the hearty approval of all supervisors. In addition, a program for personality development was worked out for use by chapters who

wished it. The pledge supervisors this year have done a fine piece of work both in their contacts with the Assistant to the Grand President and with their pledges. They have one of the most important offices in the chapter, for, in her opinion, the proper orientation of pledges is one of the biggest contributions made by a fraternity. May she congratulate them on the progress made this year.

The Advisory Board Manual was revised to make it an instrument more easily followed and understood, and several additions were made to include new duties and functions of members. This year a uniform report was outlined for advisory boards to be made to the province presidents and to this

officer, which contains a résumé of their year's work and problems. Also a suggested outline of the year's activities of the chapter was made to be given to the local alumnae club covering particular points of interest to them. The advisory boards have been excellent in their cooperation and assistance and, the Assistant to the Grand President feels, have a clearer conception of the part they play in the work of the fraternity. She cannot over-emphasize how important this is and how appreciative we all should be of the time and effort they give, which contribute so largely to the well-being of the chapters.

It was a distinct privilege to have had the pleasure and opportunity of visiting nine chapters this year which include: Florida A, B, and T, North Carolina A, South Carolina A, Virginia A and T, District of Columbia A, and Maryland A, with a trip to Pennsylvania A concerning Panhellenic matters. All of these visits were occasions of real joy and brought a stronger realization of what fine chapters we have, and what splendid girls are making our enviable fraternity history.

It is with keenest regret that it is

necessary for the Assistant to the Grand President to give up her fraternity work. These years of friendships and official contacts with $\Pi B \Phi$ have been among the greatest privileges of her life. To have been allowed to serve the fraternity even in so small a degree has been a great opportunity and one rich in memories long to be treasured. May she take this time to thank the many $\Pi B \Phi$ who have cooperated and assisted her so whole-heartedly in her work, both alumnae and actives, and also express her appreciation of their many kindnesses and the happy hours they have given her. To Grand Council, she has a debt of gratitude for their help and friendship never to be forgotten, and to Miss Onken, who will ever represent to her the ideal Grand President, because of her exceptional charm and understanding as a woman, her wisdom as a leader, her superiority as an executive, and the fact that she embodies in every way the ideals of $\Pi B \Phi$, she wishes to express her sincere and lasting appreciation of associations with her.

MARGARETTA FENN PUTMAN

ASSISTANT TO GRAND VICE PRESIDENT

DURING the first six months the Assistant to the Grand Vice President carried the work of Province Vice President of Gamma Province. The duties are closely intertwined. The first responsibility was to compile the "High Lights of the 1931 Convention." This she did and sent the rather poor reflection of that wonderful experience to Central Office for distribution. From this unsatisfactory attempt to crystallize the work of Convention for those not able to attend, she has developed some definite ideas as to how to proceed another time, namely, to get daily "High Lights" rather than to get them in the rush of departure or

by the even more unsatisfactory method of having them sent in.

A second responsibility was to write a letter for the 1930 seniors, urging them to continue their $\Pi B \Phi$ contacts and pointing out to them the need of the fraternity for their help and loyalty. This letter was sent to Central Office to be mailed.

It has been the earnest desire of the Assistant to the Grand Vice President to add a new club to our roster, but in spite of many letters and even two visits to one town her efforts have brought no results. She has written letters of welcome to the clubs which have come in through other efforts than

her own. She has had a few letters asking for information concerning the work of the clubs and the Province Vice Presidents, and has answered them to the best of her ability.

In February, she wrote the usual letter to the province vice presidents in order to relieve the Grand Vice President, who was busy with chapter visits. From this and the letters which the Grand Vice President has written she has had most encouraging replies.

In April, at the suggestion of the Grand President, she went to Columbia, South Carolina, to aid that new chapter in the celebration of its first Founders' Day. It was a most gratifying experience, and the whole affair would have done credit to a much older chap-

ter. She presented a history of the Settlement School and its great work by means of the slides. A display of the products gave point and interest to what she had to say, and the meeting was most cordially praised.

At the suggestion of the Grand Vice President, the Assistant tabulated the numbers of paid club members and the amount per capita of the Settlement School donations. This was sent to the Grand Vice President to be used at Grand Council meeting.

Her work has been both pleasant and inspiring, and she is grateful to all those who have helped carry it on. She only hopes that her help to the Grand Vice President may be increased this coming year.

JANE WHITE COMER

ASSISTANT TO THE GRAND TREASURER

THIS REPORT cannot express in such a cold manner how much the Assistant to the Grand Treasurer has enjoyed the close touch with Mrs. Stoolman and the letters received from other members of Grand Council. There has been much patience and suggestive aids given. She has appreciated the many hours her friend, Lois F. Stoolman, has always willingly donated to her.

She has tried to accomplish her task faithfully. She has dispatched promptly each day the jewelry orders as received. The amount handled shows

that more plain badges were ordered than the jeweled ones.

The detailed and well-regulated internal workings of the national fraternity have amazed the Assistant to the Grand Treasurer. The loyalty and hard work of the Grand Council have thrilled her and spurred her on in her insignificant work.

Grand Council will never know the joy she has had this year in feeling that in a small way she was helping in the furthering of the ideals of $\Pi B \Phi$.

SARAH J. FISHER

ACTING DIRECTOR OF THE $\Pi B \Phi$ CENTRAL OFFICE

(Period from July 1, 1931, to February 17, 1932)

WHEN the 1931 Convention authorized the appointment of a Director of the Central Office with salary not to exceed fifteen hundred dollars, the former director volunteered to continue the work until her successor should be found. Naturally, since the date of the new appointment was indefinite, the Acting Director undertook as few new

projects as possible, devoting her time to the routine work as provided for in the calendar of *THE ARROW* and in finally clearing up all cataloguing work. The amount of supplies printed was for as brief a period as possible so that the new Director might have as small an amount of material to ship as possible. In spite of this, however

it took a freight car when the time came for moving the office to Bloomington in February.

New publications issued included: Manual of Social Usage, Dismissal Binders, Recording Secretary's Roll and Minute Book, House Rules, Uniform Duties of Chapter House Chaperons, Archives Contents Card. Mimeographed bulletins included: Outline of Treasurer's Work, Point System for Activities, Affiliation Ceremony, Manual for Advisors of New Chapters, Alumnae Club Model Constitution, and Alumnae Advisory Committee Manual. With fall supplies, copies of the pamphlet, "How to Study," and of the new Songbook were sent to all chapters.

Routine work included writing of initiation certificates, editing of the official Directory of THE ARROW for three issues, compilation of the Alumnae Personals for three issues, revision of the mailing list and its printing for use on the ARROW wrappers for three issues.

During the process of the housecleaning which took place in preparation for turning over records in as good condition as possible, the Acting Director is glad to announce that the laborious task of going back through all the initiation certificates and numbering them in accordance with the new system was completed. Old records were searched for all possible data regarding withdrawals from the fraternity and a complete and accurate file of dismissals properly numbered was turned over to the new Director. This means that there ought not to be much question in the future as to the absolute accuracy not only of past records but also of membership statistics. It had been hoped that the mailing list card file might be entirely re-typed but this proved impracticable with the volume of other work to be done. The Acting Director recommended to her successor that she re-type the few remaining poor cards during the summer of 1932.

The new system of communicating

with alumnae clubs proved most successful. In October, 1931, an Addressograph list of both subscribers and non-subscribers to THE ARROW was sent to each club, whose corresponding secretary in almost every case returned the list in November with additions and corrections. A number of the additions to the list were Pi Phis who had been lost for several years.

Copies of the "lost" list were printed from our regular Addressograph "lost" plates and sent out to alumnae clubs and province officers as well as to vice presidents of chapters. The result was most gratifying in the reduction of the number of lost. Having used this method for two years with excellent results, the Acting Director was convinced that it was much more efficacious than was her former method of publishing "lost" lists in THE ARROW as well as infinitely less expensive.

In January the new director came to Hartford, remaining for six weeks, during which time she and the Acting Director studied the general system of the fraternity as to cataloguing, communication with chapters, issue of supplies, editing, mailing list, etc. Since it was possible only to get a most general survey and since there are so many details which could not possibly be completed in the limited time, the two have been in constant touch ever since.

During the time that the new director was in Hartford, among other surveys, a complete written outline of the publications of the fraternity was made in such form that it was easy to recognize what few missing manuals and working materials should still be supplied. The Acting Director presents this outline to Grand Council and believes that the system worked out should be valuable in the future in numbering all blanks belonging to various officers, committees, etc.

Chapters were not requested to send a catalogue list of members this year; however, next year in the early fall such a list will be requested. In prepara-

tion for it, post cards were to be sent by the office in May. The plan is to send no cards next year, concentrating in chapters on finding of "lost" members and preparation of an accurate list.

During the time in which the Central Office has been developed I feel that we have accomplished the following definite results:

1. A standardization of all Directory records and the compilation of a modern file with all cards copied and up to date.

2. The issue of a practically complete set of fraternity manuals so that the former laborious method of writing long letters of instruction to be repeated every year has been replaced by standard instructions which have been reduced to the point where there are very few changes from year to year. This system does away with unnecessary letter writing by the Central Office and national officers or committees. It also prevents the confusion arising when chapter and alumnae officers have to go back through a big file of letters to find what they wish.

3. The completion of an Addressograph file of all members of the fraternity, whether subscribers to THE ARROW or not, making possible a complete circularization of the fraternity membership at any time. Along with this should be mentioned a complete list of all members whose present address is unknown which may be printed at any time and is invaluable as a means of finding members whose addresses may be supplied by their friends.

4. The establishment of a habit of routine in the minds of chapter corresponding secretaries, so that mechanical difficulties of receiving of reports by national officers and of records by the Central Office have been reduced to a minimum. I should like to emphasize the necessity for making chapters feel that the regular routine of the fraternity moves on from year to year.

In the early days of the office the official calendar was changed many times with consequent confusion to chapter and alumnae officers, but for the last two or three years almost the same schedule has been adhered to and the same type of reports has been expected, so that chapter officers have been able to depend upon something definite.

The stability of any office depends upon the fact that it has as few interruptions as possible to the regular routine and that unusual requests may easily be classified and dealt with in some department of the office already well established. This reduces possibility of mistakes to a minimum. From the inception of the office the Director has constantly protested against the use of the office for new untried schemes propounded by enthusiastic Pi Phi's, for these usually meant upsetting regular duties for a plan which did not produce enough result to warrant the cost. She feels that the reduction of the office to a strictly clerical use was inevitable and believes that the office will work out, as the years go on, a mechanism much more perfectly adapted to the needs of the fraternity than that which in the process of construction she has been able to organize.

Up until the present time the office has been handicapped by the fact that it was in process of establishment. It has been necessary to try out schemes to see whether they meet the tests of practicability and economy. All radical changes which have been made have been the result of slow experiments to prove their worth. As is true of any brand new undertaking, it was necessary to use the processes of trial and error, and the Director hopes that mistakes made during this period may serve to prevent using the same plans again. One of the greatest advantages of centralization is that a new director does not have to start all over again at the beginning.

Future running of the office should be more economical due to the fact that the painstaking investigation of all fraternity procedure since the founding of $\Pi B \Phi$ will not need to be done again. The former Director believes that the detailed study which she has made has been worth its cost since it

has laid a foundation for future offices which need not again be taken to pieces. Upon it she hopes may be built a superstructure which may be modified as the years go on to suit the changing needs of so flexible and growing an organization as that of $\Pi B \Phi$.

MABEL SCOTT BROWN

DIRECTOR OF THE CENTRAL OFFICE

(February 17, 1932, to June 30, 1932)

AFTER my appointment to the directorship of the Central Office of $\Pi B \Phi$, I left for Hartford, January 5 and spent six weeks at the former Central Office with Mrs. Brown as my untiring instructor. The worth of Mrs. Brown's pioneer work can never be over-estimated, and she turned over to me on February 17, 1932, a perfect cataloguing system.

The equipment arrived in Bloomington in good condition about five days after leaving Hartford. By March 1 the office was settled on the second floor of the Durley Building where it occupies two and one half rooms. Two efficient girls, Sena Miller and Golda Evans, were employed as secretaries.

Since that time the work has been concerned mostly with the following:

(a) New initiate work—sending out directories and initiation certificates and cataloguing cards and plates.

(b) Sending out spring supplies to chapters and alumnae clubs.

(c) New publication work (having blanks printed that were out of print and mimeographing blanks, manuals, etc.)

(d) Collecting money from chapters and sending out return postal cards to alumnae.

(e) Filling individual orders for blanks, stationery, etc.

(f) Keeping mailing list up to date and running mailing list for the May ARROW.

(g) Compiling Standardization and Survey Report.

From February 17, 1932, through May 31, 1932, operating expenses were as follows:

Rent	\$ 189.00
Salaries	299.90
Express and postage	169.19
Supplies	320.22
Telephones and telegrams	31.52
Postage on incoming ARROWS	20.00
Postage on outgoing ARROWS	10.00
<i>Total</i>	<u>\$1,039.83</u>

Since February 17, 1932, the office has had the following publications printed: 500 statements for office use; 1000 postal cards for use in finding lost members; 1000 sheets for Record Book; 500 sheets (Index for Record Book); 500 annual reports; 1000 chapter officer lists; 500 scholarship blank No. 4; 1000 initiation receipt books; 2000 labels (to be pasted on outgoing parcels); 500 receipt books for publications; 400 fillers for Bound Constitution; 500 standardization and survey blanks; 20,000 postal cards for alumnae (paid for by chapters).

The office has also mimeographed the following: Social Exchange Bulletin, Charts for Province Vice Presidents' Reports, Manual for Duties of Alumnae Club Officers, Province Vice Presidents' Questionnaires, Stationery Questionnaire, Amendments to the Constitution, and Change of Address blanks.

Since February 17, 1932, through May 31, 1932, the office has taken in \$356.38 from chapters, individuals, and alumnae clubs, in payment for publications, stationery, supplies, etc.

At the present time the following publications are out of print (or nearly

so), or out of date: Historical Sketch (out of print), rituals, and constitutions.

The project of the alumnae postal cards was most interesting and in five weeks the office had collected \$558.21 from all chapters, charging them 3c per alumna. These were sent out in May, and although the office has not started cataloguing, over half of them have been returned and this will be the main project this summer. Other summer work is to rewrite all the old cards in the mailing list file and make them uniform, and recheck deaths, affiliates, and dismissals. The office also plans to issue stationery to various officers, chairmen of committees, and committee members this summer.

The Director feels that the fraternity has too many lost members, and her aim is to reduce this number greatly within the next six months. She has suggested to Mrs. Brown that we print our lost list in *THE ARROW*, but she had previously tried this scheme and found it was too expensive for the results obtained, so we must again ask officers, alumnae clubs, and chapters to help hunt for these lost members.

The Director wishes to thank Grand Council heartily for giving her the opportunity of serving in the capacity of Director of the Central Office, and next year she hopes her experience of this year will help her to serve more efficiently.

NATIONAL SUPERVISOR OF CHAPTER ACCOUNTING

THE FILES, records, and correspondence pertaining to this office were received by the present supervisor from the former Supervisor of Chapter Accounting during the month of September. The records and files were in perfect condition and every chapter had sent in its final report and audit for the previous year. The former supervisor was kind enough to send out the regular fall letter of instructions to the chapter treasurers, a letter containing

advice to the chapter treasurers from Mr. Busey, and a letter directed to the financial advisers. With the exception of Nevada A, Illinois E and H, all chapters responded by sending in their budget control sheets. The latter two submitted their sheets after the first of the year. Nevada A was excused, as the treasurer and financial adviser felt that an accurate budget could not be made out due to the fact that this would be the first year in its new house, but will

submit one next year. This chapter shows a cash gain for the year and the reports indicate that a careful watch has been kept of its expenditures.

All chapters have been cooperating, sending in reports on time, with the exception of Oregon A and Illinois E. Grand Council has been informed of these cases and also of the situation at Oregon B, which chapter has sent no report since February. It is apparent that Illinois E is making every effort to straighten out its books and it is hoped that, by next fall, it will be able to use the Busey system fully and report regularly.

In making this report, the chapters whose final reports have been received are separated from those whose final reports have not been received. The figures of Oregon A and B are not included in the following data.

Of the first class, numbering fifty-nine chapters, no chapter shows a debit balance. Of the sixteen remaining chapters, two show a debit balance on the April report. Nebraska B shows a deficit of \$26.06. It is hoped that this will have been made up by the close of the school year. Illinois Z shows a deficit of \$1072.69, which was caused by investments and the pre-payment of rent. This will assuredly be eliminated on the final report.

The Busey system of accounting is self-auditing and the bank balance shown on the final reconciliation sheet should agree with the book balance shown on the final monthly report. Of the fifty-nine chapters whose final reports have been received, the balances of forty-eight are in complete agreement. The records show that eight of remaining chapters check accurately for the year, from the figures entered upon the reports, but the book balances are not in agreement with the bank balances. The differences, in most cases, are small. These figures are given to show the value of the present system.

Thirty-seven of the fifty-nine chapters whose final reports have been re-

ceived, show a cash gain for the year and twenty-two show a cash loss.

Chapters showing Cash Gain under \$100	12
Chapters showing Cash Gain ranging from \$100 to \$500	13
Chapters showing Cash Gain ranging from \$500 to \$1000	4
Chapters showing Cash Gain over \$1000	8
Chapters showing Cash Loss under \$100	7
Chapters showing Cash Loss ranging from \$100 to \$200	6
Chapters showing Cash Loss over \$200	9
Chapters showing Cash Gain to date but whose final reports have not been received	13
Chapters showing Cash Loss to date but whose final reports have not been received	3
Chapters not reporting	2
	<hr/> 77

Five of the chapters reporting a cash loss would have shown an actual cash gain for the year, were it not for unusual occurrences, such as replacements made necessary by fire, the recording of various receipts on the books of last year and the recording of the expenditure of such receipts on the books of the present year. The cash loss is small in most cases where the loss has been caused by mismanagement or by an unusually large reduction of active members. None of the losses has been great enough to cause a deficit for the year.

Twelve chapters have invested the total sum of \$16,095.94 during the current year. The money has been used to reduce the indebtedness on the chapter houses or in the purchase of Government Bonds.

Five chapters record "Bills Payable" at the close of the year. These are small debts, with the exception of North Dakota A which has made satisfactory progress in reducing its indebtedness.

Thirty-six of the fifty-nine chapters whose final reports have been received show delinquent members, and ten of the remaining sixteen show delinquent members.

The following chapters show delinquent members on their final reports:

Arkansas A	\$ 11.05
California A	286.21

California B	352.38
California F	9.20
Colorado B	36.00
District of Columbia A	51.50
Florida A	3.85
Illinois A	44.00
Illinois E	35.00
Indiana F	2.60
Kentucky A	18.00
Maine A	96.00
Maryland A	173.30
Michigan B	43.25
Minnesota A	213.00
Missouri A	244.70
Missouri B	13.50
Montana A	57.90
Nevada A	150.55
New York F	62.95
North Carolina A	150.70
North Dakota A	1.25
Ohio A	205.75
Ohio A	103.50
Ontario A	74.75
Pennsylvania A	39.00
Pennsylvania B	59.75
South Carolina A	29.00
Tennessee A	106.50
Texas A	172.50
Utah A	307.55
Virginia A	6.00
Washington A	193.07
Wisconsin A	284.31
Wisconsin B	76.25
Wyoming A	97.45

The following chapters show delinquent members on the latest reports received by this office. It is hoped that these will be reduced materially on the final reports.

Florida B	\$ 445.25
Florida F	25.00
Idaho A	81.55
Illinois E	1019.15
Illinois Z	252.80
Massachusetts A	116.00
Nebraska B	367.18
Oklahoma A	918.90
Oklahoma B	276.85
West Virginia A	307.85

\$7602.80

NOTE—Two chapters record almost \$2000 of the total amount on their lists.

This office feels that the increase in the number of delinquent members, as well as the increase of the total amount owing to the chapters has been caused, to a great extent, by the existing economic conditions. However, it is true

that some chapter treasurers are not conscientious and earnest enough in their endeavors to make collections. This office finds it necessary to urge all chapter treasurers to take recourse to the regulation requiring the imposition of fines. In only about fifty per cent of the cases, have the treasurers secured notes from the members who were delinquent when leaving school. These rulings must be enforced at all times and in all cases. Several chapters have had to write off accounts due from girls whose pledges had expired. As there is no recourse in these cases, chapter treasurers should collect all pledge dues as promptly as dues from actual members. A complete record has been made of all delinquent members and this office will see that an earnest and continued effort is made by the treasurers to collect the amounts due them.

A reconciliation sheet has been required with each monthly report. This sheet reconciles the bank balance with the check book balance, and it is evident that this has been of great benefit as is shown by the high percentage of reports that check accurately for the entire year.

A request was sent out for all treasurers of chapters maintaining houses to send in a copy of their Expense Distribution Sheet before the close of school. Of the fifty-one chapters who should have complied with this request, thirty-eight chapters responded. In the future, chapters maintaining houses must send in a copy of this sheet with the reports due February 25, and all chapters must send one in with the final report of the year.

The national ruling requiring the election of chapter treasurers in February has not been complied with in all cases. It is apparent to this office that, in cases where this is done, the new treasurers, with the instruction and help of the former treasurers, succeed in learning the system more rapidly than new treasurers who are forced to work it out for themselves. It is urged

that this ruling be adhered to more strictly, in the future. The recommendation is made that a treasurer be elected for a second year if she has proved to be capable and efficient, and that in the selection of a new treasurer, the capability and dependability of a member be considered, rather than the popularity or need for financial assistance. The practice of paying the treasurer more than \$10 a month for her work is not advised, for then, there is a great possibility that the office will be given to a member because of her need of financial aid and not because of her ability to fulfill the duties of the office. Moreover, a chapter officer is expected to donate a part of her time to fraternity work.

The financial adviser should be selected because of her interest in this phase of the work. It is assumed by this office, that, when an adviser has signed a monthly report, she has made a complete check of the assessment roll sheet and of the expense distribution sheet, assuring herself that all proper entries have been made, and that the figures entered on the monthly report have been compiled directly from the figures on these sheets, and that the bank balance has been reconciled with the check book balance. In order to do this efficiently, it is necessary that the adviser familiarize herself with the system by a careful study of the Busey Manual. It is again suggested that advisers set aside a certain afternoon or evening each month on which to confer with the chapter treasurers and to examine and sign the reports.

The following data has been compiled:

I	
Chapters reporting monthly	51
Chapters reporting quarterly	26
	—
	77
II	
Chapters operating houses	54
Chapters operating apartments or rooms	22
Chapters only	1
	—

The national supervisor feels that the year has been more fortunate, as far as chapter finances are concerned, than could have been expected. Although twenty-five chapters show a cash loss as compared with three last year and with seven the preceding year, none of the losses are of great size nor have they resulted in debit balances. This condition was to be expected this year but chapters should guard against it in the future. It is urged that chapter treasurers and financial advisers exert the utmost care in making out the budgets for the coming year and in seeing that the chapters make an earnest effort to keep within the budget, from month to month. Loss, on account of vacancies in the chapter house, can be eliminated by the use of a house bill set on a sliding scale, increasing as the membership drops.

The problem of delinquent members is a great one and it is important that visiting officers and financial advisers see that the chapter treasurers

are fully cognizant of the national regulations regarding delinquency and that these regulations are put into practice. It is natural that the number of delinquent members should increase during this year of economic stress, but every effort should be made next year by all officers of the fraternity, whose offices are directly or indirectly connected with this field of fraternity work, to watch the delinquent lists and to see that the treasurers are ever vigilant in their efforts to make collections.

This office feels satisfied with the results obtained from all chapters and wishes to thank each chapter treasurer for the effort and time devoted to her office.

The national supervisor wishes to thank the former supervisor for the aid and advice which she has given throughout the year, and to express her thanks to the members of Grand Council for their help and assistance.

HELEN KAMMERER MCKENDREW

HISTORIAN

SINCE the Historian has last sent in a report, much new material has been received and added to the permanent record of the fraternity. Retiring officers and others have contributed personal correspondence which has been of great service. On several occasions the Historian has been able to supply material of an historical nature to those desiring to use it for special occasions. She would welcome any suggestions by which further use could be rendered of the files entrusted to her keeping, thus making a more intimate association with the active life of the fraternity.

The Historian wishes to acknowledge

her gratitude to the many who have sent valuable contributions to the history, to Miss Onken and others who have given help and guidance during the year, to those who have sent letters and other information, and to those who have given valued possessions, that the permanent files might be the richer. The unselfish service and true devotion of the countless Pi Phis in every quarter of the globe, is a source of unending inspiration to the Historian. She wishes that each member could get a glimpse of the development of $\Pi B \Phi$ as contained in the historical files! Ours is a heritage of which to be proud!

GRACE FILLER

DIRECTOR OF PI BETA PHI SETTLEMENT SCHOOL

TWENTY years ago Gatlinburg was an isolated mountain community, with two small stores, a church and a one room schoolhouse. The people lived on little hillside farms that followed the three creeks that come into Little Pigeon River at Gatlinburg. Little cash changed hands in those days and eggs and chickens were brought to the store to be exchanged for the most necessary household supplies. The school term was short and the local teachers were equipped with little education for their chosen profession, the only one aside from lumbering, that paid cash. With this short and not too inspiring school year there was naturally an indifference to daily attendance and a strong feeling that any outdoor work was of more importance than a day in school, no matter what the age of the child might be. Yet there was an honest, intelligent, and worthwhile people living here, only needing an understanding of how they could help themselves toward a more satisfying life.

It is easy to understand why efforts the first few years were practically all in the grade school. The teachers found it a task to keep pupils in school regularly and to maintain anything like a graded school. Not least of their own problems, was that of learning to keep house away from the supplies and conveniences they had been used to. The school problem never could have been solved but by the friendly visiting done in the homes. The pity is that the time ever comes when we try to understand pupils without a knowledge of the home life and background.

For six years the grade teaching and community work were all that could be attempted. However, plans were being laid for other work. The first to take form was the health program. Home economics, agriculture, and crafts fol-

lowed. Adding a new department a year, as was done for a time, may have been going too fast, but all seemed worthwhile and money did come in to finance them. A report of the development of any one of these departments would make interesting reading.

Finally it seemed necessary to take a few boarding students. With this had to come student labor and the supervising of it, which was and continues to be no small responsibility. With better grade schools through the mountain sections it is not necessary to take pupils with less than seventh or eighth grade start. There is but one free high school in this large county. With limited dormitory quarters we cannot take more than twenty to twenty-five boarding pupils. These are chosen from the applicants who live in this county, from 5 to 25 miles from Gatlinburg, who do not live within reasonable distance of a high school, who are not on an improved road, and whose parents are not able to give them help. We do not take any town boys and girls. Providing work and a home for these pupils brings more care and expense than any other department, but the largest results.

Little by little, year after year, less thought and money have been expended on the routine school work and more on the vocational, industrial, health, and community work. The county has improved its schools steadily, the school term has been lengthened, local teachers are better prepared, and the county now pays the grade teachers in our school. I feel we should turn over to the county the first seven grades, giving them time to make their plans and build a consolidated school in Gatlinburg. With the development of the National Park there are bound to come many changes. The present, while people are moving, would seem the

time to reorganize the county schools of this district.

The mission of any philanthropic institution should be to carry work that cannot be done by the county system. Our grades can be carried by the county; our other work is of a different character and important, and it surely would be a sufficiently large program to carry.

School

Contrary to usual, attendance increased each month during the year. Final reports showed 200 pupils registered, the largest number in the history of the school. Not a small part of this increase was in the upper grades.

While the attendance officer was very slow in getting to work in the fall and home visiting failed to bring results in every case, we still had a better daily attendance than in other years. Mr. King continually worked for this, in hopes that the daily attendance could be increased enough to allow us another teacher. We missed this by a very few pupils. Three teachers, Eleanor Brabson, Miriam Swann, and Barbara Horton had the primer and six grades; the enrollment was 130. We expect this coming year to add one more grade teacher and put the seventh grade in this building.

The P.T.A. women again furnished the noon lunch for the primary and underweight children in this building. They also raised enough money to have a young married lady come for an hour and a half each morning to prepare for the lunch. The teachers helped during the noon hour and the high school girls took turns in helping with the hand-washing and general cleaning up. Mrs. Conser, who was here during the fall, was of great help in both this and the high school building. The help she gave both teachers and pupils in music meant more than we can tell.

Seventh, eighth, ninth, and tenth grades were taught by Mr. King and Miss Blair. For study we had the large

room that had been the agriculture classroom. The farm shop had been moved into a little shop building near.

In addition to teaching and acting as principal of the school Mr. King coached basketball. Although all the teams our boys play are from four year high schools our boys make a good showing.

Vivian Blair and Mary Rachel Armstrong added to their regular work glee club for the older boys and girls and an athletic program for the high school girls. The girls keep in better health without competitive athletics, as they have not had the systematic training to build them up for basketball and they also carry a heavy work schedule out of school hours. Athletics, in addition to the regular labor program, is hard on the boys too, but they are better able to hold up to it.

We do not make the use of the library that we should. The past year each teacher has kept a selection of books in her room and that seems the best way to manage unless we find we have some person on the staff who can give a little time regularly to the library.

Sugarlands and Fork-of-the-River will not have schools the coming year. They are in the Park area and comparatively few families are left there. As they have moved out, the cabins have been torn down. The few children left in these places will be brought to Gatlinburg school. There will be a truck from Cherokee Orchard, too, we think. These children will fill our grade building, but the extra teacher the county will allow us can take care of the increase.

Dormitory

While the dormitory is one of the places where some of the finest training can be given, I have not felt that we have accomplished what we may reasonably expect in the work with the girls. Our aim has always been toward a model home life and a place

where we can give the girls careful training in home making. The cottage has become too crowded; there is no place for quiet reading or study or for a girl to have a few minutes to herself. The evening study hour is held in the dining room.

In this cottage forty-five take their meals, and the housemother, one or two cooks, and fifteen girls live. In trying to solve the problem I have come to the conclusion that it would be better to limit the number of girls living there to ten.

Mrs. Rorex, the housemother, feels that she has too much responsibility. She plans the meals, looks after the girls' work in both kitchen and dining room, and has all the care of the dormitory girls except during study hour. This is a trying position and scarcely ever does anyone feel she can take it for more than two years. If it were possible to have a housekeeper who could care for the dormitory girls, supervise some of their out-of-school work, look after the linens and give a little much needed attention to the laundry work, it would be a great help. All the girls need more training in housework than can be given them under the present conditions. If there could be a solution here, I am sure all would be happier.

The boys' dormitory is much more satisfactorily arranged and the boys' work during the year proved this. Miss Glover, the housemother, also gave time in the high school study room. During the school year the boys were able to do nearly enough work to keep up with their expenses, so during the summer we had but one boy working on the place. This kept the number of boarders down and it was better to hire what added labor was necessary. The coming year we will again limit the number of dormitory boys to ten.

Home Economics

The same program was carried in this department as has been the custom.

The mornings were given to high school work. The afternoons were used for visiting, community home economics classes and work in connection with P.T.A., Better Homes, etc.

The afternoon classes were in Gatlinburg, two in McCookville, about five miles from here, and one in Banner, three miles away. This is a field where much can be done and I would be sorry to see the evening school classes discontinued but we may find a cut will have to be made in this department. It has been possible only because of the generous allowance the State Department gives for the Evening School work, which they offer us again for next year. I hope we can add two new communities to our list of evening school classes.

Agriculture

A University of Tennessee professor told us not long ago that Smith-Hughes Agriculture in Gatlinburg was something very different from the usual high school work. No doubt he was right, for it does combine many different kinds of work and carries more than the usual amount of responsibility.

The mornings are devoted to the Agriculture classes for seventh, eighth, ninth, and tenth grades. These thirty-three boys have the usual classroom work and in addition practical lessons here on the farm. In addition each boy carries a home project that must be checked on often. We are proud of the stock judging teams the past year. The dairy team represented Sevier County at the East Tennessee Division contest, which means that they scored over several four-year high schools' teams.

The $\Pi B \Phi$ chapter of the Future Farmers of Tennessee had 21 members. Two meetings were held each month, one given over to a trip to some good farm or to the Agricultural College. Again three of the boys represented the chapter at the state conference in Nashville.

Afternoons are given over to evening

school classes in other communities and various calls. Advice is given on spraying orchards, pruning, care of stock, farm crops, and of course there are numerous calls to see sick cows or horses.

A very satisfactory program was carried in a community fourteen miles from here where the men had asked for some special help. Mr. Smith held ten meetings during the winter and the men were really interested in the course, which was "Planning the Farm Program for 1932." Twenty-six farmers were enrolled, but the attendance was not limited to these men.

Last year the farm shop work was more satisfactory than in other years, due in large measure to a shop outside the school building. In addition to the carpenter work, there was simple forge work taught, which the boys enjoyed.

The general care and planning for the farm is carried by the Smith-Hughes teacher. While we have a local farmer who is very good in supervising the work of the boys on the place, a great deal of responsibility has to be carried by Mr. Smith. The farm work helps the boys earn their expenses and gives them practical instruction in farm work and care of stock, especially adapted to the boys of this section.

Health

In October Frances Moore, who had been the nurse for three years, took another position and from then until Virginia Moore came, the middle of March, we were without a nurse. As Miss Moore had been with the Sevier County Health Unit last summer she did not feel she was taking up new work in a new field.

It is possible to do more public health work these days than some years ago. One of the first things each year is to visit the thirteen schools of this district. The county health physician usually makes the examinations and the children are all weighed and measured.

Follow-up work comes and many throats, eyes, and teeth are looked after. Chest, thyroid, and baby clinics are held at the Health Center with experienced doctors in charge, and here again the nurse has plenty of follow-up work.

Summer is the busiest time for various inoculations, although there is a good deal all the year. Clinics are held in all the nearby communities and it is a surprise to go into a little place where you see only a few houses set down between the hills and find eighty people waiting for the nurse.

During the school year a home nursing class is taught in connection with the high school home economics. This past year a new venture was made. Some of the children who were much under weight or had serious physical handicaps were given a half hour rest period twice a day. Five cots were put in the library room and one of the dormitory girls looked after the children. At first they rebelled, saying they didn't come to school to go to bed, they weren't tired, etc., but they soon became reconciled and in every case the child showed improvement.

The dentist continues to come to the Health Center one Saturday a month and although many people can go to town to a dentist there still seems to be plenty for the dentist to do here.

During the year we have received from the Friends of the Mountain Children \$200. Half of this is to be used for special eye and dental work, the other half goes for work with children, especially along the line of nutrition. While many organizations and individuals contribute to this fund, it is of interest to know that the $\Sigma \Phi \Gamma$ Sorority gave \$1200 last year and hope to make an annual contribution of that much. They feel it is better to assist centers already established and work organized, rather than to carry small individual work.

Again we give our sincere thanks to Lillie Reagan. She is always dependable

and whether we have a nurse or not, keeps things going wonderfully well at the Health Center. Her knowledge of the local conditions is a great help, especially to a new nurse.

Arrow Craft

Judging from reports from other schools and shops, a cheerful report from Arrow Craft would seem to be impossible. However, to the joy of all, the shop can report about the usual amount of business. This seems nothing short of remarkable and means that both here and abroad more than usual effort has been made. The past year Miss Allen sent more letters to the clubs and chapters than ever before and each issue of THE ARROW had articles and cuts telling of the various things for sale. All this brought results.

The usual number of weavers have been retained, even though there are so many other shops in Gatlinburg. Every effort has been made to plan attractive and inexpensive articles and I have but to tell you that in the year 2577 finger towels and 3226 hot mats were sold to convince you that small things have been in demand. The winter has been spent in planning as many things as possible that the clubs can sell at a low price.

During the winter Mrs. Duffield, who lives at the Mountain View Hotel, has had charge of the shop there, with very good results.

Miss Allen is urging all clubs and chapters to have an exhibit of Arrow Craft things when they have their fall Settlement School meeting. The exhibit can be small and, even if nothing is sold, there is sure to be an added interest in the school.

Weaving

Arrow Craft and weaving could really be under the same heading, as one is so dependent on the other.

When we found, late in the fall, that Miss Strand could not come back to

her work, I immediately sent word to our former teacher, Miss Redding, and within a few days she was here and ready for work. Knowing the women, the business, and the fall rush so well she was able to accomplish in a few weeks what a new person never could have done.

Alice McCarter again helped with the weaving class for seventh and eighth grade girls. There is no doubt that good work is done by these girls in their weaving, and there is not time for it after the girls are in high school.

More than forty weavers are coming for supplies, making new warps, getting instruction, or bringing in finished products all the time. We have been delighted that we could keep so many busy during the year.

A great deal of thought has been given to the buying of supplies so that we could avail ourselves of every bit of discount and save on carrying charges.

The monthly weaving meeting is something anyone would enjoy. At each meeting some definite problem is discussed, such as; laundering linen and wool, making a warp, color combinations. Then time is given for singing, visiting, and of course simple refreshments. From twenty-five to thirty-five attend and it is a social as well as educational meeting. Because of these meetings and the work done with the women in their homes, the State department allows us \$600 each year toward the salary of the weaving teacher.

Office

Each year more work is carried in this office but each year there can be more system. Many things that were new and just being tried out a few years ago have become routine work. The two big pieces of work carried by the office are the Arrow Craft and student labor accounts, which take much time on account of detail work. Not least of Miss Cooke's work is to see that we keep expenditures down as low as pos-

sible and to watch that we do not go over that budget allowance that has had to be sliced year after year. No one could be more conscientious nor have the interest of the school more at heart. Being the financial watch dog isn't always the easiest place to fill.

Extension

The extension in Sugarlands was again carried by Eva Hathaway, Emily Burton, and Mrs. Belle Hathaway. Eva and Emily taught the eight grades and Mrs. Hathaway was the housemother. For the past two years people have been moving out of the Sugarlands, as that is the National Park area. There was even a question of whether the school could continue through the entire year. The few children still living in Sugarlands will be brought by truck to the Gatlinburg school next year, so the County Superintendent tells us.

It has been impossible to carry a satisfactory community program, for no new interest could be taken when all knew they would move within a short time. Eventually our cottage will be sold to the Park.

For some years the people of Laurel Lick, a community about fourteen miles from here, have been anxious for I B Φ teachers. This past spring fifty-six people signed a paper asking Miss Hathaway to go there to teach and the County School Board approved her appointment. Mattie Huff will teach the lower grades, as Emily Burton does not return this year. The people are fixing a one-room cabin for the girls this fall and say they will build them a cottage in the winter. Laurel Lick offers a splendid field for work and the people are anxious to cooperate in every way possible. Last year Mr. Smith had a night class for farmers and each week, no matter what the weather, there was a good attendance. Not only did the men enter into the discussions but they made an effort to put into practice many of the things advised.

Extension allowance had to be left entirely off the budget for the coming year. This does not mean that there was not a thoroughly sympathetic feeling for extension, but that it was necessary to cut in every possible way until times were better and more money should come in. The county pays the two teachers and we shall help them in every way we can. Eventually I believe that we can put the extension work back on our program. Mattie and Eva deserve a great deal of credit for going in this fall and carrying the work. At least they know we are behind them in spirit if not financially.

While it is a regret that any work has to be discontinued or hampered because of lack of funds, it is wonderful that we are able to continue this well. All are so thankful that it is possible to keep on with so much of the work during these hard times.

Community

It seems that each year brings more changes to our community. I wonder many times that the people here have been able to keep the balance they have with the rapid changes that have been thrust upon them. It is remarkable that they have been able to cling to so many of their worthwhile things and let so many worthless ones slip by. The past year little shops have sprung up on all sides, two dance halls have been opened, dozens of cottages have been built. There are more tourists coming in than ever before and many more week-end pleasure seekers.

A splendid piece of community work could be done by a young man coming here in the summer and devoting his time to the young people, especially on Saturdays and Sundays. This year we no doubt could have secured such a man through the Friends' Service Association which is training men and women for various kinds of social service. Had our plans been more settled, I should have urged this.

Our little church is doing just as well as it can. There has been talk of a resi-

dent pastor with services each Sunday and this will come before long but just now the people are fearful about obligating themselves to that extent. We have church services twice a month and Sunday School and Young People's meetings each Sunday. One need only go to the Sunday night meeting and see a church full of young people to realize there is a rich field waiting.

During the winter Mr. Mattil coached a young men's basketball team. The men were really interested and Mr. Mattil was instrumental in providing something stimulating for these men to do three evenings each week.

The P. T. A. women had a rummage sale and bazaar in the fall to raise money for the noon lunch in the grade building. Later in the year they gave a play which was a success both financially and socially. From both P. T. A. and weaving meetings has grown an interest in many outside things and a willingness on the part of the women to carry any work. Our hopes for civic improvement are surely through these two groups.

Better exhibits, better babies, better crops, better spirit. "Bigger and better than ever" is the Fair slogan. It is hard to estimate the number of people attending, but there are not less than 600 school pupils in the parade and older people and babies are not lacking. It is a tremendous piece of work but all feel it has been worthwhile.

Old Timers' Day continues to be one of the most interesting days of the year. We hoped in the beginning we could have one day for the older people when they could get together for visiting and good times and could keep alive some of the old customs. It has really grown beyond our biggest hopes and to be absent from Old Timers' Day is to miss a real treat. The morning is given over to speaking, story telling, singing and business session. In the afternoon there are contests in weaving, spinning, carding, board splitting, corn shucking, hog calling, rifle shooting, and almost anything that belonged to the old days.

The church had a homecoming and decoration the last Sunday in May. At least five hundred people were served dinner under the trees on our school grounds. The dinner was good, the order was splendid, and all had a good time. We opened the new school building because of drinking fountains and toilet rooms and when I tell you that on Monday morning the building and grounds were as neat as before the homecoming you will agree with me that no 100 per cent examination paper could ever stand for as much as that.

In the winter I asked for a local school committee to be appointed. The P. T. A. named two women and the church two men, a splendid committee. In talking over the school matters not long ago, I found that they had missed very much the "Gatlinburg News" and felt that it might be possible to work out a plan for financing it and having it pay for itself.

No one has yet approached us about the Sugarlands Cottage but before long it will be bought for the National Park, as it is in the Park area. I am hoping that until the Park needs it we can retain a lease and use it for a rest cottage for the staff. Such privileges are being granted.

Our whole country is urging a "Live at Home Program." The need of practical education is being emphasized in all sections of the country. The value of student labor and ways of providing for it is common talk among educators. In our small way we are trying to work along these lines. We must see that this Live-at-Home program brings much more into the lives of our people than merely an improved economic condition. They are entitled to as full and satisfactory a life as the town can give and they must have it if they remain happy and take an interest in helping to develop a fuller rural life.

This year we have had several visitors who are spending much time working and studying over the mountain problem. One told me that, to her sur-

prise, her success in the field the past year had been due to no small extent to the fact that their staff and community people had worked out together a six-year plan for their various activities. They may never carry them to completion, may never want to, but the stimulus and faith in a growing work cannot be overestimated. Another well known educator urged us to concentrate on the fine piece of industrial and community development we had started, letting go the things that could go on without us. To use her words: "Why continue to do a piece of average grade work the county could now relieve you of and does pay for when you could accomplish

so much more along the industrial and vocational lines of education if you were not trying to spread yourselves so very thin?"

We must continue on a program of rigid economy. Were times normal, I would not urge large expenditures. The thing I do plead for is a thorough study of this particular community as it is today, a large vision of what development we can hope to see within the next ten years. The past twenty years have brought changes—as we would want them to. We are willing to face them. Are we as ready and willing to face the new issue?

TREASURER OF PI BETA PHI SETTLEMENT SCHOOL COMMITTEE

MRS. LOIS FRANKLIN STOOLMAN, CHAIRMAN
NATIONAL BOARD OF TRUSTEE FUNDS,
Pi Beta Phi Fraternity

In accordance with the request of Miss Grace Post, who is the Treasurer of your Settlement School, I have audited her books and records for the year ended on June 30, 1932; I have also inspected the audit report of Messrs. Homer K. Jones & Company covering the operations of your School, for the same period, as reflected by the books which are kept at Gatlinburg, Tennessee. From these sources I have prepared a Balance Sheet as of

June 30, 1932, showing a Net Worth for your School of \$120,754.51, and an Income and Expense Statement for the year ended on that date, showing an excess of Expenses over Income of \$2,473.10.

My report to your officers and the Members of the Settlement School Committee contains a lengthy discussion of the various items contained in the Balance Sheet and Profit and Loss Statement, which are omitted at this time for the purpose of brevity.

Respectfully submitted,

ELIAS J. AYE

Certified Public Accountant

REPORT OF HOMER K. JONES AND COMPANY, KNOXVILLE, TENNESSEE

June 30, 1932

MISS GRACE POST, TREASURER,
Pi Beta Phi Settlement School.

At your request we have made an examination of the books and records of the Pi Beta Phi Settlement School and the ARROW Craft Shop of Gatlinburg, Tennessee, for the fiscal year ending June 30, 1932. Attached hereto, we are submitting our report which shows in detail the results of operations for the period under review, the scope of our examination and the balance sheets of the School and ARROW Craft Shop as reflected

by the books at Gatlinburg at the close of business June 30, 1932.

A few minor clerical errors were located and corrected during the course of our examination and except for the trade discount feature discussed in the foregoing paragraphs, your books were in excellent condition.

Respectfully submitted,

HOMER K. JONES AND COMPANY
By H. CLAY JONES
Certified Public Accountant

Knoxville, Tennessee,
July 28, 1932.

MAGAZINE AGENCY

IT is a pleasant and cheerful task to make the report of the National Magazine Agency for the year 1931-32, as the total in commissions is the largest of which the National Agent has any record. \$1500 was sent to the Settlement School after the expenses of running the agency were deducted. This shows that magazine work is growing in power, and that commissions from it may soon be counted on as a potent factor in the support of the school. More alumnae clubs are patronizing the agency, and the active chapters have made a beginning in the work. Many clubs earned larger commissions than in previous years, due to the fact that more stress was placed on the securing of subscriptions, and that clubs are beginning to realize that a nice proportion of their Settlement School donations may be earned by this easy method. The detailed report of the commissions of clubs and chapters by provinces is given in connection with the report of the Settlement School Treasurer elsewhere in THE ARROW, so that each group may see at a glance their total of gifts to the school.

This year, in ranking clubs for magazine earnings, two methods have been used: (1) total commission, (2) commission per member. Cards were sent out to club secretaries asking them to send to the National Magazine Agent the number of paid members in their club. Some clubs did not respond to this request, therefore their commission per member could not be calculated. Many clubs with medium or small membership have come to the front in this second method of rating, while some of the larger clubs still hold their place among the first.

The following clubs have earned the largest total commissions:

1. Detroit, \$81.50—Mrs. F. E. Ehlert, Agent
2. New York, \$75.70—Mrs. D. D. Fredrickson, Agent

3. Tulsa, \$71.60—Mrs. W. P. Beeve, Agent
4. St. Louis, \$68.65—Mrs. W. R. Gentry, Jr., Agent
5. Kansas City, \$66.60—Mrs. H. E. Scurlock, Agent
6. Wichita, \$57.55—Mrs. E. S. Stephenson, Agent
7. Denver, \$47.75—Mrs. Arnim Thebus, Agent
8. Washington, D.C., \$44.05—Mrs. D. D. Drain, Agent

These clubs have earned the highest commission per paid member:

1. Tulsa, \$1.32 per member—Mrs. W. P. Beeve, Agent
2. Athens, \$1.31 per member—Mrs. F. B. Gullum, Agent
3. Detroit, \$1.29 per member—Mrs. F. E. Ehlert, Agent
4. Manhattan, \$1.04 per member—Mrs. C. C. Brewer, Agent
5. Mt. Pleasant, \$1.01 per member—Mrs. C. F. Hayes, Agent
6. Ann Arbor, .989 per member—Miss Jessica Brown, Agent
7. Atlanta, .984 per member—Miss Martha Pratt, Agent
8. New York, .97 per member—Mrs. D. D. Fredrickson, Agent

In both methods of rating, many clubs followed closely after these eight, and it is a matter of regret that space does not permit them to be mentioned. It would be interesting to figure what the results would have been if all clubs had done as well as the aforementioned eight in each group. Without much mathematics, it can be seen that the grand total would have increased many thousands of dollars. The National Magazine Agent wishes to express her appreciation of the steady, dependable work of the agents of all alumnae clubs, as upon their constant efforts depended the success of the agency. Each subscription, no matter how small a commission it gives, adds just that much to our total. Each one is valuable, in that it gives a renewal for the following year, and if club agents keep their renewals coming in and secure some new business each year, the commissions mount up amaz-

ingly. So let no club feel dispirited because their commission seems low. Your earnings are appreciated and needed to swell the grand total, and next year, with a little added work, that commission will be larger.

This is the first year the actives have been in the magazine business, and their profits may not seem so gratifying to them. However, a beginning has been made, and the National Magazine Agent is proud of the \$100.41 from chapters. Ohio Δ with \$20.95 in commissions, Washington B with \$10.30, and Pennsylvania A with \$9.10 are outstanding among chapters in their response to this new line of endeavor. In the future, the path should be increasingly easy, and chapters will be able to count on an income from magazine subscriptions to increase their Settlement School contributions.

In closing, the National Magazine Agent begs for continued cooperation, and increased orders from all clubs and chapters. Even in times of economic stress, people continue to read maga-

zines, and $\Pi B \Phi$ earnings should increase steadily. If every reader of THE ARROW would send to the agency her own and her family's magazine subscriptions, $\Pi B \Phi$ would have a substantial source of income on which to rely.

Annual Reports of Committees

COMMITTEE ON ENDOWMENT FUND

ALUMNÆ ASSOCIATIONS of today are not maintained primarily to collect and publish data or to keep alive associations concerned only with our past. They are intended to use the ideals and inspirations which college kindled in us to enrich the present and future college life. With this in mind the Committee on the Endowment Fund has endeavored to carry on during the present conditions, feeling sure that contributions received do not indicate the number who are still interested in $\Pi B \Phi$. A member from each province has been chosen to carry on the work in her particular locality. Much credit should go

to the loyal Kansas City group who set such a firm foundation upon which we have been able to continue to build. No definite drive has been carried on this year, but many letters have been sent out, publicity has appeared in the *ARROW*, and the committee has been working upon a plan to be put forward next year, we hope. Contacts have been made with each alumnae club and with the province vice presidents who have been most generous in their support. With our Endowment Fund a reality much could be accomplished, and we look forward to that glad day.

HELEN R. CORKUM

COMMITTEE ON EXTENSION

SINCE June, 1931, $\Pi B \Phi$ has had inquiries from the following institutions: Louisiana Polytechnic Institute at Ruston, Louisiana; the University of Pennsylvania at Philadelphia, Pennsylvania; Bethany College at Bethany, West Virginia; Utah State Agricultural College at Logan, Utah; the University of Western London at London, Ontario; Dalhousie University at Halifax, Nova Scotia; American University at Washington, D.C.; and Morningside College at Sioux City, Iowa. The inquiries from Morningside, Louisiana, and Utah came to the committee from college authorities; in every other case, information was requested by an organized local group. Correspondence with the Pennsylvania group and the group at American University was only a sequel to earlier overtures; the rest opened entirely new fields. From each of the two Canadian universities came two inquiries; from each of the others, only one. In addition to these inquiries,

a continued contact with $M \Lambda$ at Duke University has been maintained.

The first disheartening letter from the chairman of your Committee on Extension, outlining the long and tedious process of petitioning $\Pi B \Phi$, was evidently interpreted as definite discouragement by the inquirers from Louisiana Polytechnic Institute, Bethany College, Utah State Agricultural College, and American University. It invoked further correspondence, though, from the Canadian groups and from the group at the University of Pennsylvania. By virtue of their earlier applications, $\Upsilon I \Sigma$ at the University of Western London and $\Sigma \Theta \Pi$ at Dalhousie University took precedence over $\Lambda K X$ and $K B \Phi$ applying from the same institutions. These two and $B \Phi$ at Pennsylvania have forwarded to the chairman facts which identify their groups and their universities as *possible* fields for $\Pi B \Phi$ expansion. Whether or not they shall proceed further de-

pends upon the decision of Grand Council. All three have local Pi Phi support in their endeavors.

M Λ at Duke was unofficially visited by the Grand President last fall when she was returning from the installation festivities at the University of South Carolina. Her report on the group and the university was so very favorable that Grand Council voted to allow M Λ to continue its contacts with $\Pi B \Phi$. The group seemed well on the road to systematic internal organization, and it offered also a splendid record in scholarship and campus activities. Throughout the winter months M Λ has been in frequent communication with the Extension Chairman, and the chairman, in turn, has sought to keep in close touch with the group itself and with Pi Phi alumnae in Durham. This spring M Λ has been allowed to prepare and to circulate its

letter of information. There has been a very fine response to the committee's request for statements of opinion based upon the reading of the letter, and the responses in the great majority of cases have been not simply favorable but definitely enthusiastic. Even with this enthusiasm and the support of Durham and Chapel Hill alumnae and Virginia Λ and North Carolina Λ however, M Λ 's next step is dependent upon the action of Grand Council in its annual meeting.

Within the committee, the year has been largely one of "getting acquainted"—with each other and with the work—for Convention brought a decided change in the personnel of the group. Its chairman trusts, though, that the committee may truly grow in service and continue to assist *wisely* in raising the "standard brave on high."

CHARLOTTE CROPLEY BROWN

COMMITTEE ON SCHOLARSHIP

THE ROUTINE work of the Committee on Scholarship has been carried on in much the same manner as last year. In addition the chairman has had personal contact with several chapters and other chapters have had special help from supervisors. The person nearer the chapter is able to get a more personal view of the special problem and to keep a more accurate check on the situation. Eventually I think most of this work should be carried out by supervisors.

A letter of congratulation has been sent to each of the eight first place chapters: Alabama Λ , Iowa Γ , Michigan B, North Carolina Λ , Pennsylvania Γ , Virginia Λ , Wisconsin B, and Wyoming Λ . Three of these same chapters, Michigan B, North Carolina Λ , and Wisconsin B also held first place the previous year. In addition to these, Illinois Λ , Kansas B, Michigan Λ , Missouri Γ , Oklahoma B, and West Virginia Λ held first place for one semester.

The scholarship report to the Committee on Standardization shows the following rank for the provinces: Zeta, Beta, Gamma, Delta, Iota, Eta, Lambda, Epsilon, Theta, Kappa, Mu, Alpha. Two provinces, Epsilon and Lambda, had no chapter in the lower third. Gamma Province had two first place chapters and Beta, Delta, Zeta, Eta, Theta, and Iota one each. These reports are all based on grades for the college year 1930-1931.

Of the seventy-five chapters for which this report is made (the new chapters, South Carolina Λ and Alberta Λ , are not included) eight held first place, eighteen were in the upper third, twenty-seven in the middle third, twenty in the lower third, and one was in absolute last place. No comparative rating is given at Franklin College. Our aim is to increase the number of chapters in the upper and middle thirds and decrease those in the lower third.

As regards cooperation, Colorado Λ , Louisiana Λ , Massachusetts Λ , Michi-

gan B, Missouri A, New York A, North Dakota A, Ohio Δ , Oklahoma B, Pennsylvania T, Washington A, Washington B and West Virginia A were so very prompt with all reports that they deserve special mention.

A matter under consideration at the present time and which will require

considerable study before it is worked out, is a method of grading for scholarship so that the ultimate grade will reflect several different factors and will be in effect a better check on the quality of work done by chapters.

ALICE HULCE DOW

COMMITTEE ON TRANSFERS

EACH YEAR seems to bring more transfers than the previous one. This year ninety-seven have been reported. Eight was the largest number in any school with Michigan B, Texas A, and California Δ each having that number. Forty chapters reported no transfers.

There were only four chapters not answering any of my inquiries. It is by far the best response this committee has had and not far from the perfect mark.

In answer to the information asked each chapter concerning members attending schools elsewhere, forty-six were reported attending schools where

there were $\Pi B \Phi$ chapters. The chapters were given this information and it seems to have helped locate the Pi Phis on their campus.

As in former years, not many transfers have notified this committee of their transferring to another school. In the few cases who did, the new chapter has been informed immediately and helped in finding a residence for the school year. It would make it so much easier for the transfer and would help her become adjusted to her new college if she would take advantage of this committee.

In concluding the above report I wish to take this opportunity to thank each province supervisor, and each girl

in charge of chapter study, for her co-operation and splendid work.

ELLEN CLARE GILLESPIE KRIBS

COMMITTEE ON HEALTH PROGRAM

THE Health Program Committee is considering ways and means of making each fraternity member realize that health is acquired and maintained, not by chance, but by studied care. Of course some girls are gifted with much better physiques than others, but even they must learn to guard their

health and not dissipate their heritage by careless living. In receiving health reports from the various chapters this spring the chairman has been saddened in noting how frequently a chapter reports that an active member has dropped out of college because of tuberculosis, heart disease, or a nervous

break-down. It makes her realize that the committee has a real job in health education ahead.

This year the committee continued the general Health Contest as was done the previous year, but in order that the Health Cup may be awarded biennially at Convention we are this year basing our award on the health average of a chapter over two college terms of five months each. Forty-six chapters entered the Health Contest, all endeavoring to keep days lost by illness down to the minimum. Alpha Province had 7 entrants: Beta, 4; Gamma, 4; Delta, 3; Epsilon, 4; Zeta, 3; Eta, 2; Theta, 5; Iota, 2; Kappa, 5; Lambda, 3; and Mu, 4. Returns for the first five months

were complete on April 15, and twenty-five of the chapters have already sent me their records for the first term. The committee is at present working out a set of health rules to guide each individual girl, and the chairman hopes to have them ready by next fall. It is planned to incorporate in it some rules for the attainment of mental as well as physical health.

Miss Beatrice Hall is preparing menu suggestions for the use of fraternity houses, so that girls in residence may have the benefit of a diet containing sufficient minerals, vitamins, and calories to insure good nutrition.

The goal of the Loan Fund is to have every active chapter and every alumnae club contribute annually to its support. The above table shows that ninety-six clubs and fifty chapters co-operated this year and made it possible to help twenty-five girls. Will you help to make the record one hundred per cent next year? As the Loan Fund grows each year it also increases in interest to the chairman. May the chairman take this opportunity to thank every one for loyal support.

RUTH S. HESELTINE

COMMITTEE ON SOCIAL EXCHANGE

THERE WAS excellent co-operation this year, not only from the chapters but also from the committee members. Sixty-two chapters contributed material for the bulletin. The following provinces co-operated 100 per cent:

Delta, Epsilon, Zeta, Kappa, Mu. Florida B presented more acceptable material than any other chapter, so receives the cup for the year.

FAITH MARTIN HANNA

COMMITTEE ON FRATERNITY MUSIC

AS THIS IS the "between year" for Convention and we just last year edited a new *Songbook*, our committee has very little to report at this time. A number of letters have come in asking for information in regard to songs, etc. The only place where songs are avail-

able at the present time is through the *Songbook*. We hope to have something different and interesting to work on before next Convention. Vermont A is in possession of the song vase won at Convention.

MARGARET L. KELLENBACH

COMMITTEE ON CHAPTER FINANCES

THE ADVISORY committee on chapter finances, house building and plans has a very meager report to make for 1932. It might be well to mention again the four divisions of our work and their development as decided upon by the committee three years ago.

First. Answering all inquiries from chapters and alumnae clubs. In 1930 we had correspondence with eight chapters; in 1931, with eleven chapters; in 1932, with one group, Wyoming A, who wished some aid in refinancing.

Second. Questionnaires to all chapters to obtain detailed information on Pi Phi housing, costs of same, finances, etc. This completed report was presented in Annual Report of 1931.

Third. Proffer of aid to any chapters who expect to build in near future.

This committee has had considerable correspondence with South Dakota A, who wishes to build as soon as able. They report in February, 1932, that they are incorporating as a social organization, have purchased lots, and have a building fund of \$3500.

Fourth. Study of chapter budgets; chairman of this committee has spent a great deal of time this past year working on budgets and becoming familiar with the Busey system used by chapters. She now feels able to help intelligently any chapter seeking aid and hopes to work out something this next year with the supervisor of chapter accounting, that will aid chapters in making their budgets.

SYBIL B. GUTTERSEN

COMMITTEE ON CHAPERONS

THERE HAVE been three new things under our sun—Uniform Duties for Chaperons, Chaperon Cards, and the transferring to this committee of all data on chaperonage.

The uniform duties were formulated by Grand Council at the post-conven-

tion meeting. In behalf of all chaperons, I extend sincere thanks to those responsible for this excellent guide. In the discharge of one's duties, one (even an experienced one) feels a moral support in the fact that there is consensus of opinion on what those duties are;

an inexperienced chaperon must find such a compilation a very present help either in or out of trouble!

Chaperon cards are filled out by chapter corresponding secretaries giving house address and chaperon name, any change of chaperon during the year to be reported at once. Perhaps their newness was a contributing cause to the fact that only a few were in when due, October 1. An S.O.S., and then others, and six months' time were needed to get all cards in. How about all officers reading and heeding the ARROW calendar? In general the cards were well filled out. I appreciate the accuracy, promptness, and politeness of many chapters, but I am sorry to say that some were inaccurate and messy and that some did not bother to excuse, explain, or regret their tardiness.

The files of vacancies and applications were transferred from the office of the Grand President to this committee and Miss Adele Murphy, than whom no one could be more altogether

acceptable, was appointed to the committee, particularly to care for the work from June to September.

It is gratifying to report that few changes of chaperons are in prospect in the forty-seven chapters now maintaining houses. Frequent comings and goings of chaperons are hard on a chapter.

The great hope of this chairman is that chaperons (in addition to having all virtues and no vices) may be college women of wide experience so that they may be to chapters what deans are to the colleges. This wish may be as visionary as Cato's *Carthago delenda est*—but Carthage *was* destroyed!

I wish to thank Mrs. Stark for her monthly letters bringing news of the other committees, helpful suggestions, and refreshing humor. To Miss Onken I owe a debt of gratitude for her unflinching appreciation of the position of chaperon and of us as individuals in our efforts to maintain the standards of
 II B Φ. JESSIE LOCKETT

COMMITTEE ON EDUCATIONAL QUALIFICATIONS

THE Committee on Educational Requirements has no report to make except that its members have been in correspondence relative to the plan of campaign to be undertaken next year to put the question of educational requirements for members of Grand Council before chapters, clubs, and the fraternity at large. It is planned to give opportunity for thorough discussion of both sides of the question, to ask for

reports from clubs, chapters, and individual alumnae who may care to take part in the discussion, and on the basis of material thus gathered to make a report to Convention which may be the basis of Convention action, if that is desired. Already one letter on the subject has been received through the Grand President and is filed for committee consideration.

EMILIE MARGARET WHITE

Annual Reports of Province Presidents

ALPHA PROVINCE PRESIDENT

THE PRESIDENT of Alpha Province has attempted to carry on the work as Mrs. Campbell did, in the hope of emulating to a small degree her success with the chapters. She owes Mrs. Campbell much for her many letters and her words of advice when the work was all so new. To Miss Onken, too, Alpha Province President is deeply grateful for the opportunity to work for $\Pi B \Phi$ and for the help and sympathetic understanding she has shown during the past hectic year in business and professional circles, as well as in the colleges and homes.

Two aims were stressed early in the fall. Scholarship was the major project for Alpha Province with activities in second place. On the whole we are encouraged with results. At midyears New York A had advanced eight places in relative standing, Vermont B raised its standing three places, and four members made $\Pi \Gamma M$. At Ithaca the ranks at midyears were better than previously. At Maine after midyears nine of the girls were on the Dean's List (with a B or better), none were below C, and the chapter average was 2.8, almost a B. At the same time, with the exception of three freshmen, no one at Middlebury had an average of less than 78 per cent. They raised their scholarship rating one point and have come up one point in the relative standing of sororities on the campus. However, there is still much to be done, for Vermont B alone is in the upper third, while there are three chapters in Alpha Province still in the lower third.

The honors and activities have been many. Maine A has used the point system of activities this year, with the result that each member has been engaged in at least two activities, and the further

result that Pi Phis hold several of the major campus offices for the next year. New York A has made a fine start in getting back into activities. Three years ago this chapter held about every important office on the campus. At the suggestion of the administration, activities were not stressed; however, this year the girls have had several honors and expect more next year. They are working in the right direction. While the list of activities at Vermont B may not be long it is, however, impressive. Vermont A has been well represented in campus affairs. The number of their activities and honors is legion. Massachusetts A made strides this year in the matter of extra-curricular activities. New York Γ finds its greatest satisfaction this year in its activities. New York Δ has more than its share of activities. Either during the past year or for the next, Pi Phis of Alpha Province have a president of W.A.A., president of A.A., president of Mummies, president of Mortar Board, and president of Poetry Club. Several have been active in student government affairs, in class activities, and in dramatics. Athletic honors have been many, with one active receiving a sweater for her ability and sportsmanship. Pi Phis have presidencies of dormitories and student houses, a graduate fellowship in Spanish, a scholarship for study in France, several members active in Y.W.C.A. and similar religious organizations. We have three invited to membership in $\Sigma M \Sigma$, the honorary pathological society; three to Mortar Board; one to $T K A$; one to Raven and Serpent, a junior honorary society; and one chosen for a place on the United States Fencing Team for the 1932 Olympics. In addition to mem-

berships in honorary societies, Pi Phi has the presidency of $\Sigma A I$, honorary music fraternity, presidency of $Z \Phi H$, honorary speech fraternity, and vice presidency of $B \Pi \Theta$. On publications Pi Phi is well represented. This year finds three or four with the distinction of being the first woman editor or business manager or associate business manager, as the case may be.

Each of the chapters had a successful rushing season. Almost every chapter has had as one of its problems this year the matter of finances, but by re-budgeting and being very careful no chapter closes the year "in red."

BETA PROVINCE PRESIDENT

BETA PROVINCE PRESIDENT's chapter visits were a delight and made early in the school year, before Christmas, so that there was ample time to put new plans into effect.

Beta Province was "depression conscious," during this school year, but certain chapters were affected more than others. With due apologies to Edgar A. Guest, we might say:

*Since the bank account has dwindled we've
discovered at our door
A variety of blessings which we'd never
known before.
We've discovered games and parties and
other forms of play
Make glorious entertainment, for which fa-
ther needn't pay.
And we're richer now in spirit than we ever
thought we'd be,
Bound with bonds of true devotion to our
Pi Phi family.*

But the financial stringency did not effect the size of chapters, nor the caliber of their new members. Each chapter boasted a large, fine group of pledges whose attitude toward their college work was serious and gratifying. Perhaps the depression made itself felt more in the social life of the groups than elsewhere, which brought their resourcefulness into play. The girls had fewer parties but their ingeniousness

Alpha Province boasts a new house during the past year. Vermont B is now added to the list of chapters having fraternity homes.

The relations with the alumnae and the chaperons have been for the most part very cordial. Next year the alumnae around Ithaca hope to form a club. The actives are looking forward to this new organization with hope and enthusiasm.

The three whose letters and replies make the life of a province president a joy are New York A, New York Δ , and Maine A.

ELEANOR MARCH MOODY

resulted in real old-fashioned fun. The pledges at Ohio A gave a "depression dance" for the chapter that cost only \$1.00 in actual money and was the talk of the campus.

Beta Province would like to have none of its chapters rank below third place in scholarship on its campus and it is working diligently to reach that goal. Ohio A and Pennsylvania Γ stand first on theirs and Ohio B is fourth. The other chapters are in the middle third group, with one in the lower third. Each chapter prepared a graphic chart showing its scholarship ranking over a period of not less than five years, which it is hoped will ultimately inspire the groups to greater effort.

The chapters have done especially well in extra-curricular activities, receiving many honors. We have four Phi Beta Kappas; three members of Mortar Board, including one president—and several scholarship awards. Some of our girls hold offices in the W.S.G.A. and Y.W.C.A., as well as memberships in various honorary fraternities; presidents of houses and dormitories; departmental honors and committee chairmanships.

All chapters sent contributions to the Settlement School, some matching the amounts given in previous years. Penn-

sylvania A and Pennsylvania B each contributed to the Endowment Fund, and all but three sent financial aid to the Loan Fund. One of our regrets is that we are not 100 per cent in our contributions to all three funds this year.

Only three chapters have houses and chaperons. Ohio A is retaining its same chaperon and in this respect is most fortunate, for Mrs. Smith is a Pi Phi mother and is loved by all the girls. So practical has been her management of the commissary department that their banquets never call for extra assessments and at the end of the year she turns money over to the chapter. Neida Bowyer McCullough of Mt. Pleasant, West Virginia, will be the chaperon at West Virginia A replacing Miss Craig who has served the chapter several years most efficiently. The province is sorry to lose Mrs. Mylander, charming and well thought of in the university circle, who has played such a prominent part in the development of Ohio B. Beta Province's loss will, we trust, be some other province's gain. Mrs. William Ekin of New York City will take her place.

This same depression caused a slump in the newspaper work of the province, but, in spite of adversity, five of the

seven chapters issued their annual publications. This is such a fine way for the chapters to keep in touch with their own alumnae and each other that it is hoped the custom will be perpetuated.

In almost every case Beta Province President has had perfect cooperation from the Alumnae Advisory Boards. These members give of their time and strength unstintingly and as some one has said, "it is anything but a position of glory." Their efforts have been productive of smooth running, well developed chapters, and the province president wishes to thank each group for its assistance during the past year.

Conferences with the deans of women were in all instances pleasing and satisfying. Without exceptions the deans reported Pi Phi as a perfectly fine group, quick and willing to cooperate, and not a single one had problems to discuss.

The chapters have cooperated cheerfully and well making work a pleasure at all times. The province president is younger for her contacts with the girls and wiser for those with Grand Council. Miss Onken's gracious understanding and constructive answers to SOS letters during the year were most appreciated.

MARIE W. STEBBINS

GAMMA PROVINCE PRESIDENT

THE year of 1931-32 has been increasingly interesting and increasingly busy, in spite of the loss of the three Florida chapters, whom Gamma Province President hated to give up. The altered plan of correspondence helped keep us in closer touch with one another without adding to the burden of the chapters concerned.

Each chapter president and corresponding secretary wrote the province president regular monthly letters, the president stressing personal items, and the corresponding secretary attending more particularly to the business side—reports of officers to the province presi-

dent and to national, meetings of committees, and so forth. At times following the conclusion of their special work, the other chapter officers and the chairmen of committees sent a detailed report. In addition to these work-a-day letters, personal notes often reached the province president to brighten her days and to keep up her familiar contact with her groups.

All Gamma Province President trips were made during the early fall and winter so that we could learn to like each other as soon as possible. That makes letter-writing on both sides so much easier! Gamma Province President

wishes to comment on Mrs. Putman's invaluable aid to her and to the chapters this spring when she traveled to each group in this province. Without exception, the chapters wrote enthusiastic letters about her personally and about her inspirational aid, and each one of them was enabled to do better those things that make up fraternity life because of her friendship. She found their weaknesses and smoothed out rough places with splendid suggestions. Especially did the province need her suggestions for the bettering of scholarship.

The province has a very fine record of Phi Beta Kappas. Virginia A had one, Virginia Γ two, and North Carolina A two. Other outstanding honors are: president of "Hour Glass," honorary activities fraternity (D. C. A); two editors-in-chief of annuals (D. C. A and Virginia A); president of Women's Student Government (North Carolina A); president of Mortar Board (Virginia Γ); prominent stars in dramatics (Maryland A and Virginia Γ); president of the Dramatic Club (Maryland A); and seven representatives in May courts (Virginia A, Virginia Γ , and South Carolina A).

All chapters have made contributions to Settlement School, only one falling below fifty dollars. All but two have contributed to Loan Fund. District of Columbia A's record here is very fine. They sent fifty dollars early in the year and later, realizing how worthy was this fund this particular year, they added fifteen dollars to their original sum. I wish that I might report one hundred per cent contribution to the Endowment Fund, but perhaps another year will see this materialize.

It has been delightful to receive again this year the issues of the Gamma Province publication, the *Arrowette*. Some issues were in the form of newspapers, some of magazines, and one a letter by several chapter members with snapshots enclosed. Two deserve mention. District of Columbia A was happy in being ap-

pointed February as their month for publication, and their issue was an attractive number founded on George Washington and including interesting items on the bicentennial of his birthday. South Carolina A sent out the April issue, a charming "baby book."

The installation of South Carolina A provided a wonderful renewing of Convention contacts and a happy inspiration for all Pi Phi fortunate enough to be able to attend. North Carolina A was present *en masse* with only two exceptions. Besides the thrill of assisting our beloved Miss Onken to initiate and of first welcoming a new group into our fraternity, the guests had a delightfully social time with teas, banquet, reception, and dance. Installation means seeing $\Pi B \Phi$ with suddenly fresh eyes and realizing anew the deep meaning that fraternity signifies. All returned better fraternity members because of that experience, inspired as only such events as installation and Convention can inspire, and spurred to greater effort.

It is at such times, too, that one becomes conscious that the best possible development has never been realized by any chapter. Chapters run two great risks: one, of becoming too satisfied with themselves as they exist, and the other, of growing careless in the choosing of new members, overlooking the truth that a girl must possess more than personal attractiveness and more than scholastic excellence to make her worthy fraternity material. It is so possible to find a happy mixture for the two in an individual; and it is so necessary to develop real individuals and personalities if one would have a strong chapter.

The province president found enthusiastic pledges in all her chapters, who can become fine active members. If actives do not forget their responsibilities with regard to the pledges, this is certainly possible; and an important point to remember is never to ask more of pledges than you are willing to give yourselves.

Since the heavy demands of my school work are increasing, I find it impossible to continue as president of Gamma Province. It is with a very real regret that I give up my chapters, for I have made friends with whom I am reluctant to lose contact, and I have rejoiced in my work among my chapters. They have made life infinitely more interesting and fraternity more meaningful. I shall be wishing them continued practice of those things which we have discovered

to be worth while and increasing success as chapters and as individuals.

Again I mention Miss Onken as the loveliest of Pi Phi and the embodiment of that for which we stand. It has been a privilege to work so closely with her. I appreciate the cooperation of all our national officers and of my chapters in Gamma Province; and I am grateful for the opportunity of serving $\Pi B \Phi$ with them.

HARRIET D. SMITH

DELTA PROVINCE PRESIDENT

WHEN so many people are suffering because of the present economic stress it may seem a paradox to say that the colleges are apparently benefiting from it. Among all students there seems to be a new seriousness of purpose, and this is reflected in the chapters in Delta Province.

One year's experience as a province officer and attendance at Convention have no doubt made Delta Province President more sensitive to problems, but she has only admiration for the active chapters, alumnae clubs, advisory boards, mothers' clubs, and individual Pi Phi's who give of their time and energy to direct and achieve for our fraternity. Individual chapters may lose in some particular phase of fraternity endeavor, but because of the cooperation of all of these groups, Delta Province witnesses continued growth.

It was the pleasure of Michigan A and Michigan B to entertain a national officer this year. Mrs. Stark, Grand Secretary, proved to be a living example of "national viewpoint" which was inspiring to these groups. The province president's visits have been supplemented by monthly reports from chapter officers and committees, with other letters as the situation might demand.

Michigan B continues to hold first place in scholarship on its campus, but it is the only chapter which can boast of a first place. Indiana B has achieved a signal honor, though, by raising its com-

petitive rank from the lower third to the upper third, and it has visions of a first place. Of the four remaining chapters two are in the upper third and two are in the lower third of socially competing women's fraternities. In every chapter Pi Phi can boast of individual honors in scholarship and, in general, one or two girls have contributed to the low rank of the chapter.

In no instance has the province president found it necessary to curtail extracurricular activities, and in only one case has it been necessary to encourage the chapter along this line of endeavor. On every campus $\Pi B \Phi$ can boast of leaders and in some chapters participation in activities is general. Every girl should realize the value of some campus interest to her personal development as well as to the achievement of her chapter. This is the goal of the chapters where we have the most healthy attitude toward participation in activities. It would take too much space to mention all of the honors which have come to members of $\Pi B \Phi$, but there is indication of well rounded interests with representation in dramatics, journalism, debating, athletics, Y.W.C.A.'s, self government associations, etc. With all of this ability and service, social life is not neglected, for there have been May queens, prom queens, beauty representatives, and other honors in the social life of the various campuses.

Five of the six chapters in this prov-

ince maintain chapter houses. The condition is the same as last year, and there are no indications of immediate developments. Indiana Γ has moved to a new location, which is much more adequate. The other chapters own their homes, and in the cases where there is a need of better housing conditions we will have to wait for more propitious times. The province can boast of financial soundness for every chapter, and this year there has been a real endeavor to economize in chapter expenditures, by more simple entertainment and more careful supervision.

All chapters have efficient and charming chaperons, who have contributed to chapter development. In every case they are zealous for the interests of $\Pi B \Phi$, although they may not be members. Such warm affection and interest is certainly not the result of the small pittance which these women receive for their services, but the fact that they believe in youth and in the ideals of our fraternity. After all it is to these splendid women that active Pi Phi turn for counsel and guidance in their personal problems and so the position of chaperon is very important to the life of any chapter.

The deans of women are to the chapter what the chaperon is to the individual, and it makes a province president very happy indeed when the dean finds it possible to comment on the fine cooperation of the Pi Phi chapter. Delta Province President has found such expression this year, and in those chapters where comment was not as favorable as we would like a goal has been set which should result in a new record.

It is the pleasure of Delta Province President to report one hundred per cent cooperation from the Advisory Boards. Such an achievement represents the very splendid work which these women are doing. It is a common belief that we can count on a fine chapter, if there is alumnae support and a well organized advisory board which functions.

There has been continued growth in loyalty to the national fraternity. Every chapter in this province contributed to the undergraduate loan fund and to the Settlement School, with one chapter doubling its contribution of former years to the altruistic work of the fraternity. There are other evidences of a united spirit, such as state luncheons in both Michigan and Indiana to celebrate Founders' Day. This year the four chapters in Indiana have cooperated in sending a letter to all isolated Pi Phi living in the state enlisting their support in rush, and for the first time there were exchange delegates for initiation.

Triumphs entirely obscure failures and the province is facing a new year with high hopes for the future. The province president appreciates the fine loyalty of the chapters in the province and their courtesy. In every way they have shown a spirit worthy of Pi Phi, and she wishes she could express to all of the national agencies and officers her sincere feeling for their support and assistance. It has been a pleasure and a privilege to serve her fraternity as province president. She feels sure that she has gained more in friendships and understanding than she has been able to give.

MILDRED TINGLEY BEISEL

EPSILON PROVINCE PRESIDENT

THE work with the chapters of Epsilon Province this year has been a joy. With one exception, Epsilon Province President visited the chapters in the fall. Being new in the work, she was anxious to know the girls, their prob-

lems, accomplishments, and aims. She found a splendid spirit and a desire to cooperate. Though the schools vary in enrollment and type, she found all chapters maintaining $\Pi B \Phi$ standards and striving for its ideals.

Scholarship in the province varies rather widely. Some chapters, not making a good showing as chapters, have unusual individual records. Tennessee A holds an enviable record in scholarship this year, all but two members appearing on the honor roll for receiving no grade lower than C. Kentucky A holds first place among national women's fraternities, one local chapter holding a higher average. Two members of Missouri Γ received scholarships in music. Other chapters in lower positions as to rank are striving to improve their standing. We hope when final grades for the year are in to find they have been successful. Missouri A and Missouri B initiated a large percentage of their pledges.

In activities, the chapters of Epsilon Province are well represented. Missouri B is continuing the use of the point system originated by them. They are outstanding on their campus in activities. Honors won include: Tennessee A, one member of Alpha, highest scholastic honor awarded a senior, scholarship in organ, scholarship in voice, one $\Sigma \Delta \Pi$, one $\Theta \Lambda \Pi$; Kentucky A, two members senior society corresponding to Mortar Board, vice president of W.S.G.A., Panhellenic award for most outstanding freshman on the campus, president junior class, vice president senior class, house manager of Playhouse; Missouri A, one Mortar Board, secretary-treasurer candidate of student body, Goddess of Agriculture, president of $\Phi \Upsilon \Theta$, one $\Lambda \Sigma \Pi$; Missouri B, one $\Phi \beta \kappa$, one Mortar Board, Hatchet Queen, one member junior scholastic organization; Missouri Γ , four members senior honorary organization, editor college paper, associate editor yearbook, president of women's administrative council, president and vice president W.A.A.

As to rushing, the material available this year was unusually good. The pledge groups were in most cases larger but very strong. On the whole the percentage of pledges initiated was high and the pledge grades encouraging. At

Drury, after one year of second semester pledging, Panhellenic voted to have short rushing next season. The province president is pleased at the type of girl coming to the schools in the province. The chapters have shown good judgment in their selection, leaving personal feeling out of their rushing. Panhellenic relations have been amiable this year. But in some schools Panhellenic is not functioning, in that it does not punish for infringement of its own rules.

The dean of women in most cases was complimentary. "Clean rushing" can be the boast of every chapter in the province. Each dean said that she felt that she had the cooperation of the chapter. In most cases the chapter is quite close to the dean.

All chapters are in satisfactory financial condition. Missouri A, the only chapter living in a chapter house, was able to reduce house bills for part of the year. Missouri Γ has an attractive new apartment; Tennessee A has completely refurbished its house; Kentucky A has done some redecorating.

The responsibility of the work with these chapters and their advisory boards has heightened my interest in and appreciation of $\Pi \beta \Phi$. The chapter officers have had, in almost every instance, the cooperation of the chapter members. Each chapter has accomplishments of which it may well be proud and plans for attaining their desired goals. The province president wants to thank the chapters for their courtesy and cooperation. Advisory Boards are one of the most remarkable parts of our organization. Their continued interest and untiring efforts through the years is an inspiration to all of us to carry on. The association with the members of the Advisory Boards has been a constant source of pleasure. May Epsilon Province President express her appreciation to Grand Council and to the members of the fraternity for the honor of serving $\Pi \beta \Phi$, and to Miss Onken for her help and un-failing patience.

LORETTE CHAPMAN TERRELL

ZETA PROVINCE PRESIDENT

THE one year spent by Zeta Province President working the four chapters in her province will always be a cherished memory. It has deepened her love and appreciation of $\Pi B \Phi$, experienced many successes and some failures, and a host of new friends. If Zeta Province President has been able to return a little of the inspiration and enthusiasm for fraternity ideals and work given her by her chapters, she will feel that her efforts have been worth while.

During the past year each of the chapters in Zeta Province has had its official visit; Florida Γ has had one unofficial visit and Florida Λ about fifteen. The chapters were fortunate to have visits from national officers whose concrete suggestions were most helpful. Mrs. Putman visited Florida Λ , Florida B , and Florida Γ , and Mrs. Stark visited Alabama A .

Scholarship is fairly good in the province. Alabama A holds first place on its campus. Florida Λ and Florida Γ each hold second place.

Work in extra-curricular activities has been splendid; a detailed report of honors is much too long to be enumerated here. Activities cover a wide field and Pi Phis have held important offices in student government, Y.W.C.A., classes, athletics, dramatics, music, school papers, annuals, May Day, and other celebrations.

Alabama A has a beautiful new chap-

ter room in the Woman's Building. Florida Γ has rented a lovely colonial house, situated on one of Winter Park's beautiful lakes for next year. Florida B continues in its adequate chapter house, and Florida Λ still has its chapter room over the library.

Deans of women were very complimentary and felt that Pi Phis were decidedly a power for good on their respective campuses. In every instance the deans spoke of the cooperation that they had from chapters.

Chapter officers, executive councils, and alumnae advisory boards have functioned well and worked diligently to make their chapter a success.

Alumnae clubs continue to prove a great help to their chapters in many phases of fraternity life.

All of Zeta Province chapters, except one, have worked and contributed to the Settlement School.

May Zeta Province President take this opportunity to express her appreciation of the friendships and loyalty of her chapters. Their many courtesies and kind hospitality extended her during her visits will never be forgotten. She wants to thank Grand Council for the privilege of serving the fraternity. To Miss Onken for her inspiration and understanding, and all other members of Grand Council, her humble thanks are offered.

REBEKAH STEWART

ETA PROVINCE PRESIDENT

FOLLOWING Convention last summer, Eta Province finds itself much changed. It is much smaller, seven chapters, all in Wisconsin and Illinois, and it has the name changed from Epsilon to Eta. Since "all great things come about through changes" it must be headed in the right direction.

During the fall the province president visited five of her seven chapters. This

has been most helpful, as she has had a real knowledge of the girls to whom and about whom she has written. Besides, this has made a much more personal relation possible.

Because of her nearness to Illinois A and Illinois $B-\Delta$, she did not visit them until February, officially. However, she made many unofficial visits which she thoroughly enjoyed. It has been a real

pleasure to enjoy knowing these two chapters so well, and she has found them most cooperative and responsive. Mrs. Stark has also visited three of the chapters, and the province president only wishes that the others might have had the inspiration of her visits.

Three chapters having houses enjoyed the same chaperons they have had for several years. Mrs. White was new at Northwestern and has been of value to the chapter.

These seven chapters have had such a quantity of honors coming to them that it is impossible to mention any but a few of the most representative. There have been three Phi Beta Kappas, two Mortar Boards, one chairman of W.S.G.A., the winner of state oratorical contest, five officers of Y.W.C.A., one president of W.A.A., four representatives on W.S.G.A. councils, three presidents of Players' Clubs, and one editor of *University Daily*. The list includes honors in every branch of educational work, social honors, such as chairman of Junior prom, chairman of homecoming, and battalion sponsor. The province is well represented in all lines of endeavor.

There was an unusually large number of freshmen of fraternity material this past year. Perhaps the economic situation has sent more than the usual number of girls to college. All of these pledges, have not been able to be initiated, as they have not been able to make the required averages. A worthy goal for every chapter next year shall be to have all their pledges eligible for initiation. However, in two chapters, the highest grade in the classes was held by the freshman group.

Two chapters have been able to hold first place on their respective campuses in scholarship, one of these for the seventh consecutive semester. Another has held second place. Still another has raised its place from thirteenth to fifth. Various methods have been employed in

all chapters to conquer this common problem, raising the scholarship and then keeping it raised. Some of these ways and means are effective, others valueless.

With only one exception, Eta Province President has had perfect cooperation from all the Advisory Boards. This cooperation is reflected plainly in the strength of the chapters when it is given to the chapters by the boards. The advisory committees in this province, with one exception, are wonderfully helpful to their respective chapters.

In conferring with the deans of women, it has been delightful to have four of the seven deans in this province members of $\Pi B \Phi$. These are naturally very much interested in their chapters' welfare and progress. Their help and interest has been invaluable to the chapter as well as to the province president.

All the Eta Province chapters have budgeted gifts for the Settlement School, Loan Fund, and Endowment Fund. One chapter has given benefit bridges all winter to raise as large a sum as possible for the school. Another has gone without desserts on Mondays to be able to contribute to the University Loan Fund, upon which there are great demands. With their own incomes cut, the girls have been unusually generous this year.

Eta Province President could not close without saying that due to the splendid cooperation of the girls, she has gained much more than she has given. With heavy schedules and many outside activities the actives are never too busy to comply with requests. The chapters have charming personnel, whose courtesies and kindnesses have been greatly appreciated.

She is indebted to the Grand Council for the privilege of serving $\Pi B \Phi$, which has made her feel an integral part of its working organization. For their inspiration and help she is most grateful.

FLORENCE HUNT WEBSTER

THETA PROVINCE PRESIDENT

THIS first year as province president has brought joys beyond compare, inspiration received from a host of new friends, and an insight into the true meaning and ideals of $\Pi B \Phi$, to such a degree that Theta Province President is at a loss to express the full richness of the treasure thus received. Mingled with joy there has been disappointment, but only enough to make the pleasure more poignant. She is deeply grateful for this opportunity to serve the fraternity, and she trusts that through united efforts in seven chapters there may be brought forth results productive of good for $\Pi B \Phi$.

The variety of problems, associations, and contacts in this province are most delightful, for geographically it includes chapters from the southern part of Iowa to Winnipeg, Canada, and the schools in which the chapters are located range from three hundred to fourteen thousand in registration. In spite of these vast differences, there was always found the same loyalty to Pi Phi ideals and standards and the same sincerity of purpose in making $\Pi B \Phi$ stronger nationally by doing so locally.

Besides the visit made to each chapter there has been monthly correspondence with each chapter and each advisory board. Theta Province President became acquainted with her chapters through the printed word before she had the privilege of knowing them personally. The letters she received monthly were so delightful that she was rather afraid she might be disappointed in making the long anticipated personal contact. However, the girls in every case were charming hostesses and entertained her royally. If throughout the year any one chapter has gained as much inspiration and knowledge from her aid and advice as she received from each individual chapter, then the year has been profitably spent.

In another year, Theta Province President hopes to report that all her chapters are placed in the upper third scholastically. This year five out of seven chapters are so placed, and three of the seven rank first among women's fraternities. Iowa A, Iowa T (who has held first place for two succeeding years), and North Dakota A rank first on their campuses. Manitoba A and Iowa Z are in the upper third, Minnesota A in the middle third, and Iowa B in the lower third. There is a sincere desire in each group to improve the scholastic standing, and in the cases of those chapters ranking first there is evidenced the ambition to increase the margin of the lead. There is not a chapter where scholarship is not receiving its due importance, and the girls have become convinced that the scholastic standing of a group is an almost infallible indicator of the worth of the chapter in other respects.

$\Pi B \Phi$ is quite generally the leader in extra-curricular activities on all of the campuses with possibly two exceptions. In addition to these high honors there have been an unlimited number of minor ones gained, representing activity in every field of endeavor in college life. In four schools having Mortar Board chapters, there are seven members and one president. In all of the schools there have been, in addition, eight representative women, queens, etc., and three attendants to queens. Sixteen girls have been elected to honorary scholastic fraternities, including $\Phi B K$. Twenty girls have been chosen for membership in honoraries of high rank in various fields of endeavor. There are two Y.W.C.A. presidents and thirteen cabinet members, three W.A.A. presidents, and one W.S.G.A. president in the province. An effort has been made this year to encourage every member of every chapter to represent $\Pi B \Phi$ in some extra-curricular activity, so that it might

be said that there is no phase of college life on any campus where Pi Phi is not represented.

The advisory boards for all of the chapters are composed of splendid women, who are giving liberally of their time and thought to help $\Pi B \Phi$ maintain its true rank on every campus. Enough praise and appreciation cannot be given to these groups of older women who are so generous and eager in their desire to serve their fraternity. Mothers' clubs are quite active, and give freely of their time and money to the chapters in which they are interested. The alumnae clubs support the active chapters in every possible way and this year has seen numerous combined functions such as Founders' Day celebrations, rushing parties, cooky-shines, and Settlement School programs. There is mutual reward from these associations.

No finer group of women could be found to mother our girls than the chaperons in the five chapters where houses are maintained. One is a Pi Phi, two are Pi Phi mothers, and the other two are vitally interested in the fraternity. In each case these efficient, capable women are aiding their chapters materially. The housing problem in the province is quite nicely on the road to solution. Manitoba A and Iowa A will never own houses, for the majority of their members are town girls. Iowa B, Iowa Z, North Dakota A, and Minnesota A all own commodious and charming homes and are efficiently managing the difficult task of paying for these.

Iowa Γ offers the only real problem in the province; a new house is the vital need here and the project on which all are working.

The past year has been one of added growth for the individual chapters in Theta Province. Not content, however, with past successes, each chapter has looked into the future and planned wisely for future accomplishments. There is an earnest spirit of wanting better things for the fraternity locally and consequently nationally, and success will come proportionately as each member realizes her personal responsibility and gives of her loyal support to all fraternity projects. The goals for the coming year are an improved inter-chapter feeling, greater internal strength, and increased service to the fraternity and college.

To Miss Onken, Theta Province President cannot give enough words of appreciation for her splendid help and advice at all times and her understanding of all problems. And to all of Theta Province, active and alumnae, she wishes to add her message of love and appreciation for their willingness to cooperate and to consider any suggestion or criticism she might have had to offer, and for the many courtesies extended throughout the year. Such marvelous spirit as exemplified in the seven chapters of Theta Province is a challenge to any officer. May all continue to grow in the knowledge that we are "sisters in the wine and blue."

ELIZABETH CARPENTER BUXTON

IOTA PROVINCE PRESIDENT

THIS third year as Province President has meant renewed friendships and continued joy in such inspirational work. Since last convention the province has changed its name and added a very fine member to its family. We are proud to welcome South Dakota A into the fold.

Iota Province President has visited each of the seven chapters in the province at least once and her own chapter several times. Wyoming A, Colorado A, and Colorado B have had additional visits from the Grand Vice President. In most instances the girls have been very conscientious about reports and

have kept the province president fully informed of their problems and achievements.

Although reports of scholarship for the last term are not available for all chapters, the ones on hand are truly gratifying. Kansas B won first place in scholarship again this year and will be the first fraternity to have its name engraved beneath the lovely new scholarship placard in the school library. Earnest efforts received their just reward at Colorado A and the chapter has reason to be proud of its first place ranking this year. Wyoming A lost the scholarship cup by only a fraction of a point. South Dakota A ranked second in the comparative scholastic list for first semester; the report for the entire year will not be available until the last of June. Kansas A had a chapter average of 1.75, or C+, fall semester but it is impossible to obtain a comparative ranking before September. There are no statistics for Colorado B as yet. Nebraska B's scholarship is low.

Iota Province President is very proud of the extra-curricular honors won by chapters in her province, and is sorry that limited space does not permit her to enumerate them.

This year finds Colorado B enjoying the pleasures of its first real chapter house. While only two girls and the chaperon live in the house, almost the entire chapter gathers there for luncheons and Monday night dinners. South Dakota A is planning to build as soon as the building fund grows to more sizable proportions. The landlord has made a number of improvements on the house the chapter is renting at present. Colorado A had its chapter house redecorated this fall, and the house is more luxurious than ever. Kansas A, Nebraska B, and Kansas B are all keeping up the payments on their chapter homes, which are so complete in every respect. Both Kansas A and Nebraska B had empty rooms this year, but the

condition was unavoidable and the budgets suffered no serious loss.

Reports of deans of women were in all but two instances very gratifying. Pi Phi chapters in Iota Province seem to be maintaining the respect and admiration of university authorities.

At a time when contributions mean a very real sacrifice, the chapters have all done their bit in supporting the Settlement School. Colorado A has also contributed generously to the Social Service Bureau of Boulder, the University Student Relief Fund, and is feeding a needy family every day. Kansas A has started a loan fund for chapter members; each girl contributes two dollars a year, and the money is to be loaned to those who need it most. There has not been a one hundred per cent contribution to the Loan Fund from Iota Province chapters this year.

Nebraska B, Colorado B, and Wyoming A all have fine new chaperons. Kansas B is to make a change this fall. Colorado A, Kansas A, and South Dakota A have splendid chaperons who will again pledge their loyalty and continue to be of inestimable value to their chapters.

Alumnæ advisory committees vary in the intensity of their interest, but all have cooperated well and are supporting their chapters loyally and unselfishly. As so many other province presidents have said, "the strongest chapters are where there are interested and enthusiastic alumnæ advisory committees."

It is impossible for Iota Province President to express adequately her feelings toward chapters and Pi Phi officers as she ends her work as province president. She is proud of all the chapters in the province and of their fine achievements. May all their dreams of chapter perfection come true! She will have the happiest of memories always of the many charming girls who have made her chapter visits so enjoyable. The success of our fraternity is made possible by the leadership of our splen-

did officers, and she would like to add her sincere thanks for their cooperation; the friendships of these fine women will never be forgotten. She can find no words to tell Miss Onken how much

her unfailing help and inspiration has meant. She will ever be grateful for the opportunity of serving as Iota Province President.

VIRGINIA HUTSON GETTO

KAPPA PROVINCE PRESIDENT

IN THE first year as a province president of $\Pi B \Phi$, it has been most interesting and inspiring work to be able to know and visit six chapters of the fraternity. Kappa Province President visited the Oklahoma and Arkansas chapters in November, and the remaining three in February.

During the past year and a half two chapters have moved into new homes. Arkansas A has a beautiful new English home. The alumnae clubs of the state have helped them furnish it. Oklahoma A has bought a colonial home which it will occupy in the fall. Texas A and Oklahoma B have charming homes, well cared for and properly furnished. Texas B has most attractive quarters. They have a large room furnished with Settlement School articles. Louisiana A meets in a cottage well equipped for fraternity purposes.

Arkansas A and Oklahoma A have changed chaperons for next year. Oklahoma B and Texas A will retain theirs.

Kappa Province President was very much gratified with her interviews with the deans of women in the various universities. All spoke highly of the $\Pi B \Phi$ chapters, and commended them as influential leaders on their campuses. The criticisms were constructive and most helpful.

The advisory boards have helped the province president the entire year. An alumnae club was reorganized this fall in Stillwater, and has been an invaluable help to Oklahoma B.

Scholarship has shown considerable advancement this last year. Oklahoma B was first and highest in scholarship on its campus. It also had ten members on the university honor roll. Arkansas

A remains in the upper half and boasts of two members of $\Phi B K$. Texas A and Texas B are in the middle third. Texas A has one member of $\Phi B K$ and ten on the university honor roll. Oklahoma A has two members who made a straight A average for the year. They are two of the fifty-five students in the university who made this average. Louisiana A remains in the upper third.

The student activity record has been unusually fine in this province. There are 247 members participating in 636 activities. All chapters are represented in honorary, student, athletic, and social organizations. Arkansas A has 55 members in 98 activities, and 26 members in 14 honorary organizations. Texas A has had 51 girls in 101 activities, an excellent record indeed. There were 44 members in 13 honorary clubs. Oklahoma B had 32 girls in 124 activities. Oklahoma A had 34 girls in 110 activities. They were represented in 10 honor organizations.

Contact with these six chapters has been most pleasant, and the province president has received hearty cooperation from all of them. There are faults in all chapters, but none of these are so big that they cannot be overcome. Mrs. Stark, the former province president, had this province in excellent condition, and my work has been simply to follow her work of last year. Even this year all the chapters have progressed to a higher plane, and it is the wish of the province president that Kappa Province give competition for the Balfour cup next year. This province has supported all the standards of $\Pi B \Phi$, and has done it eagerly.

Efforts this year only represent a small

portion of the gratitude and appreciation of Kappa Province President to Miss Onken, Mrs. Stark, and other members of Grand Council for their

ceaseless help. It has been a genuine pleasure to represent $\Pi B \Phi$ in this province.

MARY McLARRY BYWATERS

LAMBDA PROVINCE PRESIDENT

WITH the installation of Alberta A in Edmonton, Alberta, Canada, last September, came the union of two nations in this vast northwestern Lambda Province. It has been a very keen pleasure to welcome these charming Canadian girls into our province family.

This year has been a happy and successful one for all of the chapters in the province, and everywhere Lambda Province President visited she was impressed with the splendid spirit of harmony and cooperation within the chapters. Each chapter president spoke of her appreciation of the loyal support her chapter had given her. This may be attributed in part, at least, to the spirit of Convention which each convention delegate brought back to her chapter.

Scholarship throughout the province has been the one disappointing feature of the year. No chapter held first place on its campus this year, although two chapters began the year with second highest scholastic standings, which have not been maintained, although they have made very creditable averages. Two chapters received very low averages the first quarter, but rigid study rules have raised their standings. The other chapters made good average grades, but did not excell. All of the chapters, under the direction of their advisory committees, have been assiduously working on ways and means of scholarship improvement through close supervision of study table, privation of privileges for poor grades, and rewards by the chapter and the advisory committees for high grades. There is a definite province project for next year in raising the scholastic standing. In practically every chapter it was a matter of a very few girls who pulled down the chapter average.

All chapters have excelled in activities and have received individual campus honors, such as Women's League attainment cup, W.A.A. award, junior prom queen, princess of junior weekend. There have been two student body secretaries, one $\Phi B K$, five members of Mortar Board, four members of $\Phi K \Phi$, five members of Spurs, three members of Orchestras, and many other honors.

With the exception of Alberta A, where women live "in residence," all chapters own their own homes, and the majority are new, so that the financial burden is rather great. However, in this year of economic stress and depleted memberships, all chapters are able to meet their payments and are in sound financial condition.

The chapters have been extremely fortunate in having superior women as their chaperons, who have contributed greatly to chapter success, not only through the influence of their charming personalities, but in their efficient management of the commissary, and in their excellent cuisine.

Conferences with the deans of women were most enjoyable and helpful. It was very gratifying to know that in no institution had there been a breach of rules, college or Panhellenic, by any Pi Phi and that without exception all chapters were praised for their splendid cooperation with college and university authorities. Three deans of women ranked $\Pi B \Phi$ as unquestionably first on their campuses while the other four ranked them among the three or four best.

Rushing, on the whole, was very successful despite the fact that, due to decreased enrollments, rushing competition was even keener than usual.

The smaller institutions, Montana State College and the University of Idaho, suffered somewhat from the fact that there was a very limited number of incoming students who were financially able to afford the extra expense of a fraternity. The larger schools were not so greatly affected although they had to rush harder against their competitors because the number of desirable girls was decreased.

Everywhere that the province president visited she was deeply impressed with the personnel of the alumnae advisory committees and, with one exception, found them giving valuable and enthusiastic assistance to their chapters which more thoroughly convinced her that a chapter is just as strong as its advisory committee. Two of the chapters in the province, Montana A and Alberta A, have special nationally appointed advisers in lieu of committees.

Although each chapter has greatly felt the stress of the times, all chapters, with the possible exception of the new chapter which is still feeling the heavy

expense of installation, have made contributions to the Settlement School and Loan Fund and many of them have been engaged in local philanthropic work.

This province was especially fortunate in having Miss Onken visit the chapters this particular year when they were so greatly in need of financial advice and all the chapters profited materially and spiritually from her visit which will be an inspiration for them in time to come.

This year's service as province president has been one full of new and interesting experiences and has brought many new and cherished friendships. Lambda Province President wishes to thank the active chapters for their unflinching cooperation with her this year and for their courtesy, hospitality and friendship. She wishes to express to Miss Onken her appreciation for her untiring help and advice and for the privilege of serving and becoming better acquainted with her fraternity.

HELEN MADDEN RUSSELL

MU PROVINCE PRESIDENT

THIS year has been a very interesting one in Mu Province. The province president feels that she has been more successful this year than last in keeping in close touch with each one of her chapters. Their cooperation has been excellent, and this applies not only to chapters but to advisory boards. They have told her their problems very freely, and in the whole province this year there was only one case requiring serious discipline, which was settled by the chapter itself, after it had made every effort to adjust the matter without taking disciplinary action.

In the main, her chapters have had efficient officers, and their strength has been reflected in the improvement seen in many ways. Convention, too, has left a definite mark for the better on these chapters. This she feels especially in the

matter of cooperation with the national organization, and in an increase of interest in Pi Phi as a whole. She has been watching with great interest the development of a feeling here in Southern California that the chapters might combine in some form of summer rushing of all girls who are going to any of the schools. It is a long step in the right direction.

In scholarship, she is sorry to say that the Province is still only average. Only one chapter, California Γ, stood in the upper third, and its grade was considerably below that of last year. Several chapters showed distinct improvement. Only one stood in the lowest third, California A, but it had a grade that would have put it in a much higher position in any other school, and the individual grades were high. With two exceptions,

every girl had an average above a C. There were many fine individual records among the girls in all chapters. Many girls made the scholastic honor societies. There is, however, not a single Φ B K in the province. It must do better than that next year!

In rushing, the chapters have been amazingly successful in this year of decreased enrollment, and they have taken what promises to be fine strong groups of members—we shall need them in order to survive the possibility of a further decrease in the colleges in the next few years. Π B Φ lost very few bids—Utah A indeed at the beginning of the year had a rushing season with a perfect score. They did not lose a single bid. The depression has had the effect of sending to the state universities many girls who would otherwise have gone to private schools or to the Eastern women's colleges; certain it is that we are finding excellent material to choose from. The province president has tried in every possible way to encourage the strictest economy in rushing as in everything else, but rushing still remains a major problem in chapter management and financing; if only it could be generally simplified. Two of her chapters got into minor difficulties with local Panhellenics this year, violations of the spirit rather than the letter of the rules; she hopes this will not happen again.

With one exception, the Advisory Boards have done wonderful work. They have helped the Province President so much in keeping in close touch with the chapters. They have all supplemented the formal post cards with letters and with notes on the cards. She cannot speak too highly of the help they are to the chapters, and the strong support they give to the girls in both personal and chapter problems.

The mothers' clubs, too, are of wonderful assistance. Everywhere they are helping the girls in the most practical ways with their gifts. For the first time

this year, a mothers' club has been organized at Stanford, and is flourishing. It takes in mothers who live within a large radius, also, which gives it rather a different aspect from most of the clubs which are confined to a definite place. The gifts to all the chapters this year have all been in the form of some improvement to the house or its furnishings, things which would have been beyond the means of the chapters otherwise.

Every chapter in the province owns its own home, all of them such houses as we may well be proud of. Three of the chapters, California A B, and Γ , have fine old houses that have been centers of Pi Phi life for years, and with proper repairs will serve the chapters for years to come; Utah A has a smaller house than the rest, since most of their girls live in Salt Lake, but it is none the less a fine home for the chapter and is delightfully located across from the campus; Arizona A and California Δ have houses new within the last few years that are models of what chapter houses should be; and the latest addition is the fine new house of Nevada A, a thoroughly satisfactory realization of their dream for many years. It should mean much in the life of that chapter. These last three newer houses, of course, entail a considerable financial burden on the chapters, but in each case it is being satisfactorily carried.

In activities Mu Province President is proud of the prominence that has come to her girls. Everywhere they have held class offices, and have done well in work on the publications and in dramatics. She has tried to impress on them that the necessity is for many girls to take part in everything they possibly can, without sacrifice of their scholastic standards, rather than leaving the work in activities to one or two girls. The list is far too long for THE ARROW report, and most of the honors have already been mentioned in chapter letters. Chapters are represented and prominently,

too, in the outstanding societies on every campus, both social and honorary.

Reports from deans of women were uniformly good. One dean said, "I can always depend on the Pi Phi," another, "It makes me happy to think of those girls," another, "They are standing for the finest things in college life." The girls had an excellent spirit of cooperation with the university authorities, and they are certainly winning golden opinions for themselves and making many friends in college.

Finances have been a serious problem this year. Many girls had to drop out of college altogether, several had to become inactive with the approval of their advisory boards, and it has been many times hard for the chapters to collect all dues. Yet, considering the really terrible financial conditions that many of these families are facing, we have done remarkably well, and if we

could do it this year, the province president is encouraged to think we shall come through the coming year as well. If our strength means anything at all, surely it must mean the power to carry on through short periods of difficulty and to do it without lowering any of our standards of either personnel or of living. We must all use the strictest economy, but that will do us no harm, and perhaps all our chapters may be the stronger and better for it.

The work of Mu Province President with her chapters has again been a real joy to her this year. Again she wants to thank the fraternity for the opportunity it has given her for happy service in the national work. The friendship of the girls has meant much to her; the chapters give far more of inspiration to her than she can possibly give to them!

ADÈLE TAYLOR ALFORD

Annual Reports of Province Vice Presidents

ALPHA PROVINCE VICE PRESIDENT

LAST year a province vice president began her annual report by stating that her clubs were the best. Not so. Mine are! To the New England solidarity has been added the enthusiasm and vision of the West, which has made a combination that cannot be equalled. Nor can there be found anywhere a more efficient group of presidents, chairmen, and members, who have given any more loyally and generously of their time, strength, and money.

It is impossible to compare the figures of the province as a whole with those of last year, for Alpha Province has had the misfortune to lose the two New Jersey clubs who contributed 117 members and \$556 to the School, but their loss to this province is a distinct gain to Beta Province. Conditions on the whole have been encouraging. All but two clubs have increased their memberships, one of these two being within one of last year. The greatest gains were made by Boston and Buffalo. Although the New York club has suffered a decrease in membership, the officers and group chairmen have put hours of effort into making contacts with Pi Phis in their neighborhoods. Syracuse has kept its even course. In several clubs many members are prominent workers in educational organizations and town and community enterprises.

The excellent attendance at meetings must mean worthwhile programs carefully planned. Afternoon and evening meetings alternate in several places; speakers of note have been brought in; Toronto has been particularly fortunate in having Pi Phis with a national message. Sociability and friendliness have

everywhere played an important part. It is safe to say that never before has $\Pi B \Phi$ spirit meant more to the fraternity members than it has the past year.

Real labor has gone into the raising of money. Western Massachusetts and Toronto had original schemes of a "Talent dollar"; Connecticut has shown what can be done with a club with a vision and the will to make that vision a reality; New York has had the same number of subscribers as last year; Burlington, with its responsibility of the beautiful new chapter house, has by means of the Magazine Agency equalled its gift of last year; Buffalo has increased the gift; a group in Worcester, Massachusetts, has sent ten dollars to the Settlement School, although several of the group belong to distant clubs. Nearly all of the nine have sent to the Loan Fund and several to the Endowment Fund. As the chairman of this latter fund is a member of this province, it is hoped that more support can be given soon to that most constructive work. In addition the clubs have helped in various ways local causes, Toronto having contributed \$100. Of the actives, Vermont A has raised \$73.90.

The main problems have been the raising of money and the difficulty in interesting Pi Phis who have been, in other chapters and clubs, valuable working members. But the progress made has been encouraging; more paid members, larger attendance, fine fellowship, and a strong cooperative spirit. Rochester has noted an especially fine spirit, as have Boston and Buffalo.

Alpha Province Vice President owes much to the loyal club officers who have

been to her a source of interest and inspiration, and to the Grand President and Grand Vice President whose let-

ters have never failed to give her information and joy.

E. LOUISE RICHARDSON

BETA PROVINCE VICE PRESIDENT

REVIEWING the year's work and counting the many interesting letters in the Beta Province files, it certainly looks as if bank failures, unemployment, flat tires, divorces, and "knocks" in our engines and all the other pleasant things attending these hectic times have but strengthened the ambition of club officers to do their best. Many and discouraging propositions have been met and overcome. I have yet to hear of a band of Pi Phis marching to Washington or elsewhere to make the world safe for fraternities! The good work goes on and we all don our old hats and put another dollar into the Settlement School Fund or the Undergraduate Loan Fund, or the Endowment Fund.

Almost every club in Beta Province has as many if not more members than in more prosperous years. Again Cleveland leads with 101 members.

It is both surprising and admirable the way the active chapters have contributed to the Settlement School Fund. Ohio A had each pledge, and there

were twenty, earn \$5.00. A shining example for alumnæ!

This next year may not see us marching to Washington, but let us hope that it does see a delegate from each club marching to Convention. Begin early to plan for this.

More than half of the alumnæ clubs are one hundred per cent in the matter of monthly letters. As these letters mean so much to the province vice president, she takes this opportunity to thank the corresponding secretaries and the club members who have been so faithful.

This year it seems as if the officers in alumnæ clubs and active chapters must have read *their manuals*, as twice only contributions to the Settlement School went to the wrong person.

To all the clubs and to the Grand Council for help and cooperation, Beta Province Vice President extends her heartiest thanks and grateful appreciation.

FRANCES C. CURTIS

GAMMA PROVINCE VICE PRESIDENT

IT is very difficult to do Gamma Province justice, as the province vice president feels as if she were only half acquainted with them. She took the work up in February, and is still working her way through files, and trying to get the necessary reports in on time.

The province reminds her of her family—four clubs and four children; both are stair-steps, from the largest in Washington to the smallest in Richmond. Next year they will all grow several inches, so as to keep up with her boys and girl; and before long you

will not know them. The province vice president has not paid any official visits so is looking forward to meeting the clubs in the fall. What little effort she has made has been more than repaid by the contacts made with Pi Phis through correspondence and personally.

There are 430 resident Pi Phis in the province, and while all are not paid members it is hoped that more will become active workers and find a source for their energies in our wide field of endeavors.

Each club is fortunate in being near

an active chapter which helps to weld the old and young together. Celebrating Founders' Day together brings the groups closer, and they get a social contact which is priceless.

In the few months that the province vice president has worked with the clubs in the province, each club has been in communication with her and shows a keen desire to cooperate.

Two clubs have contributed to the Loan Fund, two to the Endowment Fund, and all to the Settlement School. In Washington the same generous gift of \$1000 was sent in as last year. This year the gifts were smaller, but there were more givers. Each club has its own methods for raising money, beginning with individual pledging and extending to super-salesmanship in the sale of silver and dresses.

Gamma Province Vice President has been impressed with the functioning of

the advisory boards; in most cases the girls felt a dependence on the alumnae, and advice could always be obtained, no matter how busy the board was. Their tasks varied from planning parties and benefits to smoothing out financial difficulties. Two clubs helped their chapters in a very material way, by gifts, others entertained them socially.

All the clubs are planning bigger and better programs for next fall, and are looking forward to the work.

The work has been a pleasure, and there is always the knowledge of a source to which to turn for advice, headed by our wonderful leader, Miss Onken, and her co-workers, Mrs. Smith and Mrs. Comer.

Gamma Province Vice President is most grateful to the National and club officers for their patience and cooperation.

EMMA DRURY SIPPEL

DELTA PROVINCE VICE PRESIDENT

SINCE the redistricting of provinces at last Convention, Delta Province now includes only Michigan and Indiana. There are ten active clubs and one other which has not sent in national dues or had the required number of meetings, but has contributed to both the Settlement School and the Loan Fund.

These clubs have a combined paid membership of 293 as against 334 for last year, a rather good showing, all things considered. In view of the fact that in those cities where there are clubs there is a total resident membership of 729, there is room for improvement. However, the membership committees of these various clubs have put forth every effort to enroll as many as possible of these members. This is evidenced by the fact that two clubs have increased their membership this year while two others have maintained the same number as last year, one of which has 100

per cent enrollment. With a few exceptions the average attendance has been high.

The province has grown in other respects. Chief of these is national viewpoint. It has grown less self-centered. This has been shown by the attitude toward the national enterprises of the fraternity. Eight of the clubs contributed a total of \$80 to the Loan Fund. This is an increase of \$30, with three more clubs than last year responding. Four clubs contributed as a group to the Endowment Fund. Almost every club has a Magazine Agency and has turned in commissions for the Settlement School to the amount of \$152.50 up to June 1. Nearly all clubs have sold Arrow Craft products.

One of the finest things that has been done is a trip that was made by a number of the members of the Southwestern Indiana Alumnae Club to the Settlement School. How splendid if each of

the clubs were so fortunate as to be close enough to Gatlinburg to make such a trip possible.

Both Michigan and Indiana held State Founders' Day luncheons, which Pi Phis from all over the state attended. The Michigan luncheon was at Dearborn, sponsored by the Detroit Club. Following the luncheon those attending were guests of Henry Ford at his Greenfield Village. The Indiana luncheon was sponsored, as usual, by the Indianapolis Alumnae and was the thirty-fourth annual Indiana State luncheon. It was the pleasure of Delta Province Vice President to attend the Indiana celebration. Previous to the luncheon, she had a personal conference with a representative from five clubs. Both states gave scholarship awards to the girl in each chapter in their respective states having the highest grade point average.

Although there are no new clubs in Delta Province, the prospects for next year look promising. There are sufficient numbers for clubs in Flint and Lansing, Michigan and in South Bend and Terre Haute, Indiana. Combined forces in both Anderson and Pendleton, Indiana and in the Calumet district, which would include Gary, Hammond, and Whiting, Indiana, offer still other possibilities. At present definite steps toward organization are being taken in Terre Haute, South Bend, and Anderson.

During this year Delta Province Vice President sent letters to the 800 Pi Phis living where there is not an alumnae club. The responses both in letters and checks were a source of great pleasure. She only wishes these isolated alumnae could share in the pleasures of the various clubs.

The clubs find that their chief problem is that of earning money. Most of them resorted to the often tried benefit bridges, sales of Settlement School prod-

ucts, etc., to earn a combined total of \$971.16 as against \$1250.88 for last year. To this is added the chapter donations which amount to \$201.50 as against \$271.08 for last year. This plus the contributions of isolated Pi Phis makes a total of \$1192.16.

The chapters sent in 39 senior dues, a loss of 14 over the 53 seniors of last year. Of this number nine of those living within the province have become actively affiliated with some alumna club.

As a definite effort to cooperate with our chapters, the clubs in Delta Province have appointed rushing committees, whose duty it is to investigate probable rushees living in their cities and send on to the chapters concerned any and all information regarding each girl.

This year the province tried a system of grading for the clubs, similar to that used for the chapters. As a reward, the province vice president has offered a gavel for the club with the highest rating. West Lafayette, Indiana, Alumnae Club has the highest grade, with the Franklin, Indiana, Alumnae Club a close second.

Delta Province Vice President has gained many friends and is deeply grateful for them and for the privilege of serving her fraternity. For next year Delta Province sets as her goal the fulfillment of a dream once expressed by our beloved Genevieve Herrick Smith, whose loss we all feel very keenly. She said, "It is for each interested alumna to win one who is uninterested, it is for the membership committee to work untiringly, it is for the club officers to see that the inactives are put to work, it is for the program committee to make the meetings increasingly interesting, it is for us all to make the Settlement School a real and thrilling ideal for which to work."

MARIANNE REID WILD

EPSILON PROVINCE VICE PRESIDENT

THE report of Epsilon Province Vice President for the year 1931-1932 might well be entitled: "The Decline and Fall of Money-Raising Enterprises," for such has been the case generally throughout the clubs. With one or two exceptions, all plans for making money have hit a new low.

Membership has kept up exceptionally well, and Epsilon Province is proud to report that its total of 357 paid members is but two lower than last year. St. Louis, Columbia, Springfield, Nashville, and Memphis have increased their membership; Chattanooga has the same as it had last year; while Kansas City and Louisville are lower. This record, in the face of economic depression, is splendid, and gratitude is due the hard-working membership chairmen of the various groups.

It was most interesting for the Vice President of Epsilon Province, when she visited all her clubs early in 1932, to meet the Pi Phis with whom she had been corresponding, and to note the problems and successes of the large and small clubs. For in this province, there are groups ranging in size from 115 to 12 members. Each and every club was vitally interested in $\Pi B \Phi$ nationally, was eager to hear the latest news from the Settlement School, and wanted an intimate knowledge of the rest of the clubs in the province. The burning question that was asked by all the clubs was, "What shall we do to raise money for the Settlement School and other $\Pi B \Phi$ projects, and what scheme have other groups adopted which might prove a gold mine for us?"

With the exception of Kansas City, few clubs have had "gold mines" this year. This club has adopted the plan of having an annual theater benefit, at which time one performance of a well-known show is bought out, the club sells the tickets, and reaps the harvest. It is a splendid scheme, but a slightly danger-

ous one for medium and small-sized clubs. All the other clubs have been forced to earn money from many small affairs, the sale of various goods, etc. While this is a more tedious way to raise any large amount of money, several clubs have done very creditable work. Springfield was quite successful with rummage sales and serving luncheons, for which a nominal charge was made. St. Louis sold Christmas cards, had an evening bridge benefit, and sold old clothes through an Economy Shop which gives 50 per cent profit on all articles sold. Columbia did well on Christmas cards and rummage sales. Louisville and Chattanooga had to cut their Settlement School gifts greatly, because of their financial help to their active chapters, while Memphis and Nashville, because of the economic situation, were forced to give through personal pledges. Most of the clubs have not done all they wanted to do for the Settlement School this year, and they are now laying plans for next year's work, hoping they will be infallible.

The active chapters of Epsilon Province measured up splendidly in contributing to the School, giving \$150 in all. Throughout the province, *alumnæ* clubs have taken up the idea of inviting their chapters by classes to attend one club meeting during the year. Added to the *alumnæ*'s help in rushing, and some financial assistance, this is making for a splendid spirit of cooperation between the two groups.

The Endowment is making strides in the province. Kansas City leads off with a gift of \$500, which is most commendable, St. Louis has given \$100, and other clubs are making pledges and gifts. The work on magazine subscriptions is on the increase, and it is hoped that this most remunerative way of making money will be adopted generally by all clubs, and exploited to the *n*th degree.

Just as the report is ready to go in to THE ARROW, comes the request from St. Joseph, Missouri, for help in the re-organization of their club. To say that we are happy to have them back is putting it mildly, and the heartiest welcome awaits the new club.

The vice president of Epsilon Province wishes to express her appreciation

of the cooperation of all club officers and members, and begs for its continuance. It is only in this way that we can be mutually helpful. Her visits with each club and chapter were most delightful, and the hospitality with which she was received will always furnish many pleasant memories.

DOROTHY J. MILLER

ZETA PROVINCE VICE PRESIDENT

ZETA PROVINCE is warranted in considering that progress has been made during this difficult year. Several of the nine clubs have increased their memberships; some report that the interest and solidarity of their groups are better than ever before; and contributions to the Settlement School have increased, despite the fact that one club contributed nothing.

As the tabulated report shows, there are a few of the clubs which are not carrying their share of responsibility for our national projects. As most of these clubs are functioning well in other respects, the province vice president believes that their pride in these fine undertakings, and their loyalty to $\Pi B \Phi$ will come to the rescue, and they will not be so easily satisfied with their efforts in the future. Two clubs have shown hardly a spark of life from a na-

tional point of view, one of them not having paid dues for any members, and the other for only four—though the latter did send during this year their Settlement School contribution for last year and also a small one for 1931-32.

The four active chapters in the province were very prompt in meeting their obligations to the *alumnæ* department.

DeLand, Jacksonville, Lakeland, and Orlando deserve honorable mention for their fine proportion of resident *alumnæ* who are active club members, as does Atlanta for leading the clubs of the province in per capita contribution to the Settlement School. These clubs, also, have been most cooperative in every respect, and have contributed much to the province vice president's pleasure in her work.

HILDA B. HENRY

ETA PROVINCE VICE PRESIDENT

IT is a very great pleasure to write the record of Eta Province *alumnæ* clubs during the past year. There are nineteen clubs in the province which is second in number only to Beta Province. Although there have been no new clubs chartered, the total membership of the province has increased from 524 to 591. In size the clubs range from nine to seventy-four, with the majority under twenty-five. In a few cases there has been an unavoidable decrease in mem-

bership, but the gallant efforts of other clubs have brought up the total.

Fourteen of the nineteen clubs were contributors to the Loan Fund, with a total greater than last year. Six clubs responded to the appeal for support of the Endowment Fund and here, too, was an increase over the amount given last year. I cannot praise too highly the devotion of the clubs in working for the Settlement School. Several clubs increased their contribution and several

more maintained the amount given last year, in the face of a decreased membership. So, with the total figures at hand, we have increased our contribution to the Settlement School also.

The use of a budget and the setting of a fixed goal early in the year plus the cooperation of the clubs as a whole in money-making projects seems to solve the money-raising problem far more successfully than depending on personal contributions. Many clubs have displayed great ingenuity and energy in discovering and putting into effect various projects and a complete list has been sent to all clubs.

The maintenance of interest and avoidance of monotony has been well taken care of in a variety of programs in each club. The four required meetings particularly, have been made both attractive and forceful. The dispatch of business by executive boards and ways and means committees has made avail-

able the time for programs in the case of the larger clubs.

All clubs located in the same town with a chapter are doing their part in assisting the chapter and several other clubs have taken steps to "adopt" a chapter as their special interest. Unity within the province is growing and clubs are eager to know of the activities of their neighbors. There is a finer appreciation of the national organization and its functions.

It has been a very happy privilege to serve the fraternity. Eta Province Vice President is deeply grateful to the club officers who have shown such a fine spirit of cooperation and enthusiasm. May she offer her sincere appreciation to national officers and committee chairmen, particularly Mrs. Smith, Miss Onken, and Mrs. Stoolman for their invaluable assistance.

RUTH NICHOLAS SUTTON

THETA PROVINCE VICE PRESIDENT

AS A newcomer in the ranks of $\Pi B \Phi$ national officers it is with the feeling of a novice that Theta Province Vice President submits her first annual report. She is really proud of her province. She has no actual work of former years to compare with this year's accomplishments, only records of her predecessors. The comparison of these records might be disheartening to an outsider, but when one knows the enthusiasm and effort that has gone into the work this year she feels that in most instances the province has gone forward. In many cases bank failures and financial difficulties have worked rather as an incentive for extra effort than as a handicap to the club.

A great deal of the momentum and enthusiasm which these clubs have, was given them by Florence Hunt Webster, former Epsilon Province Vice President, and Florence Inghram, former Zeta

Province Vice President. Both of these loyal Pi Phis had educated the clubs very carefully in national work.

There are thirteen clubs in Theta Province and the membership in these clubs varies from fourteen to seventy-four, the total being 351 members. The Burlington, Duluth, Grand Forks, and Saint Paul clubs have shown an increase in members, and in Cedar Rapids, Iowa City, and Sioux City clubs the loss in numbers has been very small. In fact the entire province has lost only thirty-seven members.

The cooperation of the club officers has in most cases been very gratifying. Even though the vice president has not visited the clubs, she has felt the enthusiasm of their organizations in their letters, and has looked forward to hearing from them each month. Some of the ideas have been so valuable that she has tried to pass them on to other

clubs. The cooperation and correspondence from the clubs is in a large measure responsible for whatever the province vice president has accomplished.

Every club has contributed to the Settlement School. Winnipeg sent one dollar more than last year and the Grand Forks Club the same amount. The other clubs have sent a smaller sum than last year, so that the total is \$877 as compared with \$1151.15 last year. This difference of \$274.15 will be somewhat lower when the allowance from the magazine agency is credited to the account, as many clubs have made a special effort in that direction this year. Having been in constant touch with the clubs the vice president knows that in most instances there has been progress in enthusiasm and cooperation that will show results later.

The fact that two additional clubs, Indianola, and Mount Pleasant have contributed to the Loan Fund as well as the eight clubs that sent in money last fall, shows a sense of responsibility to the national organization. The total was \$90 as compared with \$65 last year.

Clubs that are situated near active chapters report that relations are very satisfactory, and they seem to work for the chapters with a very cooperative spirit.

Theta Province Vice President wants to take this opportunity to express her appreciation for the help she has received from Miss Onken, Mrs. Smith, and her club officers. She has gotten a great deal of happiness out of her work and hopes that in return in some small way she has helped $\Pi B \Phi$.

LUCY HOW POTTER

IOTA PROVINCE VICE PRESIDENT

LIKE Uriah Heep, Iota Province Vice President feels very "umble" as her first year draws to a close. In looking back in retrospect over the winter's work, the thought uppermost in her mind is that she hopes she has been able to return to the clubs in some measure the inspiration and enthusiasm they have imparted to her.

The correspondence with the various clubs has been most interesting and enjoyable. It is surprising how well acquainted one can become with individual members of a group just through the interchange of letters.

She enjoyed her visits to the Wyoming and Colorado clubs. All of them were charming and gracious hostesses. She had the pleasure on her visit to Laramie of spending the night in Wyoming A's new home, and of meeting some of the active girls who were very cordial. It is most gratifying to know that wherever one goes she is sure to find the Pi Phis of the community are numbered among its representative

women. Oftentimes, the women in the smaller towns do more real living than those residing in the cities. Life is a bit more leisurely and there is a better opportunity for close friendship. Frequently, they are more interested in the pursuit of fine cultural things, music, art, and reading of good books.

As she looks over the questionnaires that are coming in each day, she feels much encouraged about the work of the year just past. The clubs all stress the fact that the meetings are interesting and enjoyable, offering as they do an opportunity for the promotion of deep and abiding friendships. All seem fired with a zeal for the strengthening of $\Pi B \Phi$ both locally and nationally. Nearly all express the hope that they will be able to do better next year. The majority seem to be keenly aware of their responsibility to the Settlement School and to the Undergraduate Loan Fund.

Iota Province had a membership of 405 this past year, just twenty-two less

than last; and this despite the fact that it now has just thirteen clubs in our province as against fifteen of last year. Seven clubs in the province have increased their membership, one remains the same as last year, while the other five had decreased a little. Four clubs lack only one or two of a one hundred per cent membership and three have contributed to all $\Pi B \Phi$ altruistic projects. With the exception of one club, from which I have not yet heard, all have contributed to the Settlement School, and of the thirteen, eight to the Undergraduate Loan Fund, three to the Endowment Fund. The average attendance has increased in a number of the clubs, and some of the clubs have increased the number of meetings during the year.

Several of the clubs and active chapters in Iota Province had the pleasure of a visit from the Grand Vice President this past winter. Her keen interest in $\Pi B \Phi$ is at all times most inspiring. Iota Province Vice President wishes we

might have more frequent visits from our national officers.

One afternoon, late in March, a number of Denver alumnae were invited to tea at Mary Frost's, and can you imagine their surprise and delight upon entering her home, to find our own Miss Onken there. It was interesting to watch the expression of amazement, followed by pleasure, that passed over the face of each $\Pi B \Phi$ as she entered, as none of us had any intimation that she was within miles of Denver.

Iota Province Vice President wishes to express to both Miss Onken and Mrs. Smith her appreciation of the aid and encouragement they have given in this her first year as province vice president. Being entirely new and untrained to this kind of thing, she needed a great deal of both. She wishes also to thank the clubs of the province for their hearty support and cooperation. It has made the experience one of unalloyed pleasure for her.

HALLIE COLLINS

KAPPA PROVINCE VICE PRESIDENT

THE work of the alumnae clubs in Kappa Province this year has been most gratifying. There are eighteen clubs and each one has functioned well. Despite the financial stress the clubs have been most loyal in supporting fraternity projects, assisting the active chapters in rushing parties and general chapter problems, and generous in their contributions to the Settlement School.

There are 432 paid members in the clubs, and 22 seniors who paid senior farewell dues. The amount sent the Settlement School from actives and alumnae is \$1278.93. The interest in the Loan Fund and Endowment Fund is increasing and more than half of the clubs have made donations to each fund. Kappa Province Vice President has stressed these projects in each monthly letter, and clubs not making donations this

year are planning to do so next year.

In previous years the response from the isolated alumnae was so small that no great effort was extended in that work this year. Stillwater, Oklahoma, is the youngest club and it has shown the same fine spirit of loyalty to $\Pi B \Phi$ and her interests. El Paso, Texas, has just received a charter and will be functioning with full enthusiasm next year. An effort was made by several clubs to interest the isolated Pi Phis at Founders' Day celebrations.

Again Kappa Province Vice President closes her report with a deep feeling of appreciation for the splendid cooperation given by the officers in each club in Kappa Province. She has enjoyed the work this year even more than in the past years and feels deeply indebted to Mrs. Smith for her guidance

as Grand Vice President. She has enjoyed all her contacts with the officers of the fraternity.

She relinquishes her responsibility with a feeling of keen regret, but she is looking forward with pleasure to serving $\Pi B \Phi$ as Chairman of the Settlement School Committee. Let her tell her clubs and the fraternity that she is happy to give her place to Mrs. George

Williamson, Louisiana A, of Shreveport, Louisiana. She is a most ardent Pi Phi and enthusiastic alumnae club worker, and is the author of the famous "Game on the Constitution."

She extends thanks to Grand Council and club members for their loyal cooperation for the work of $\Pi B \Phi$ in this part of the country.

FRANKIE COCHRAN HILL

LAMBDA PROVINCE VICE PRESIDENT

THIS past year as Lambda Province Vice President has been very happy and most interesting. The vice president sincerely trusts that the efforts made toward furthering the interests of $\Pi B \Phi$ in this province, have been worth while. The fine response and splendid spirit of cooperation of the clubs has been most gratifying, and she feels deeply grateful for the privilege she has enjoyed of coming in contact with true $\Pi B \Phi$ spirit manifested in innumerable ways. She wishes to express her sincere appreciation to every club for the assistance given.

Since all clubs were visited last year, her contacts have been almost entirely through correspondence, with the exception of informal social visits made to nearby clubs, and the official visit to Edmonton, Alberta, Canada. She is proud to announce the organization of a club in Edmonton. Since this group is so far distant, geographically speaking, it will be of special significance to them to become affiliated with the national organization. Lambda Province now has eleven active clubs in all, extending over Washington, Oregon, Idaho, and Canada.

The province has a paid-up membership of 283 and has contributed \$967.29. The Portland club again is at the top, having sent in the largest contribution. The active chapters have sent twenty-seven senior alumnae memberships and \$43 to the Settlement School. Alumnae have sent \$60 to the Loan

Fund, and to date one chapter has contributed \$5. Most of the clubs subscribed to their magazines through the Magazine Agency and have made contributions or gifts to their nearest active chapter.

This year has been difficult in many ways, and while there has been a decrease in the financial reports of the clubs and chapters, a decided progress has been made in the increased interest in the national projects and in closer contacts made with the active chapters.

Several of the clubs were very fortunate in having a most delightful and inspirational visit from Miss Onken during her stay in the Northwest. Through her visit, they felt a much closer relationship to the national organization. It has been a real pleasure to the clubs and active chapters to celebrate Founders' Day together where it is at all possible. This event has been the means of bringing the alumnae and actives much closer to each other, and because of this there has been an increased interest on the part of the clubs in assisting the chapters with their rushing, and in many other ways when the counsel of older Pi Phis is invaluable to the younger girls.

Lambda Province Vice President wants to thank the national officers for their splendid help and encouragement. Her associations with them this past year will always remain one of her most treasured memories. She wants to thank the club officers, too, for their fine co-

operation. She has thoroughly enjoyed her correspondence with each and every one, and is anticipating knowing them in person. She is grateful indeed to her

predecessor, Harriet Johnstone, for her assistance and continued interest in the progress of the clubs in this province.

BERNYCE SCOTT HUMPHREY

MU PROVINCE VICE PRESIDENT

IT SEEMED impossible to visit all of the alumnae clubs in her province this year, but Mu Province Vice President did accomplish eleven out of the seventeen. Those visits have added immeasurably to the pleasure of her work, and have given her a greater knowledge of the clubs with which she has come in contact than any amount of correspondence could have done.

Mu Province has 607 paid memberships, representing a slight increase over last year. Thirteen clubs contributed to the Loan Fund. Some, in spite of the scarcity of money, because the appeal was so acute and the need so great, gave more than last year. As a province we totaled \$147.50 in subscriptions. The Settlement School, the barometer of

Π Β Φ interest, received \$2392.23 from the alumnae clubs of Mu Province, and \$250 from the active chapters. While the amount sent the Settlement School in some clubs does not come up to last year, it does not indicate less interest, but even greater, for the money they have turned in represents much greater effort than ever before.

Two new clubs have been formed: Monterey Bay Club and San Jose. These clubs inspire especial interest because of their youth.

There has been a helpful response to letters and various appeals, and Mu Province Vice President closes her records for the year with a feeling of real appreciation.

Alumnæ Club Annual Reports

EDITED BY RUTH GILLAN GOBBLE

NO DOUBT a word or two should be said in regard to the abbreviated appearance of the alumnæ club reports. Notice was received that on account of economy, all alumnæ club reports should be limited to around 100 words and since many of them as written contained 500 words or more, much blue penciling and deleting was necessary and many of the most interesting descriptions had to be omitted. It is extremely unfortunate that it is not possible to

print all of the letters in full, for it was impossible for the editor to know just what items the clubs would prefer to have deleted, and much valuable information was necessarily left out and the true picture of what great work the clubs are doing was much curtailed in several instances. However, we are hoping for more space next time, and many letters in the November issue telling of the work planned by the alumnæ clubs for the coming year.

ALPHA PROVINCE

BOSTON CLUB

The Boston Alumnæ Club has had four meetings during the past year, with the groups acting as hostesses, and the meetings being held in different sections of Greater Boston. The average attendance has been about forty, except at the Founders' Day luncheon, when about 75 members were present.

The first meeting was devoted to reports from Convention. The second gathering was the Settlement School meeting, where Winogene Redding, Settlement School teacher, spoke. The third get-together was held in connection with the Massachusetts A initiation and banquet. Miss Calista Roy, assistant superintendent of the Newton schools, spoke at the third formal meeting, and the last gathering of the year was the Founders' Day luncheon and annual business meeting, held at the Southern House, Brookline, with the Massachusetts A active chapter as our guests.

ABIGAIL P. MACKINNON

BUFFALO CLUB

The Buffalo Alumnæ Club meetings have been the third Saturday of each month. A one o'clock luncheon with three members as hostesses is followed by the business meeting and bridge. An exception was the annual Christmas party with the husbands as guests.

In November a new and more complete constitution was adopted to supplement the by-laws adopted when the club was first organized. A new officer, the historian, was added.

Founders' Day was celebrated April 23 with a luncheon at the Town Club. The new officers were installed and Ruth Miller reviewed a play depicting the founding of the fraternity.

MRS. HOMER WOODS

BURLINGTON CLUB

During the year eight regular meetings have been held, the first four at the home of different members of the club, and the last four at the new chapter house. There has been an average attendance of 13 out of a paid membership of 19. The activities of the year have naturally centered

around the building and opening of the chapter house, where many festivities have occurred.

The chapter house was a busy place during Commencement Week. Alumnæ held open-house on the afternoon of Class Day for all Commencement guests. The annual June spread was served on the next evening.

The club has had an unusually good year financially. In October a rummage sale was held which netted over \$55. A food sale in March brought in \$14 more. A contribution of \$25 was made to Settlement School, two-thirds of which was raised by the magazine subscription committee, and the balance was taken from the treasury. Five dollars was contributed to the Loan Fund. Most of the rest of the budget this year was, of necessity, voted to the house. From the alumnæ treasury and individual contributions, \$110 was given to the active chapter to help on house furnishings and expenses incidental to the opening of the house.

ELIZABETH KEESE

CONNECTICUT CLUB

The Connecticut Alumnæ Club closed its fiscal year with a record number of thirty paid members.

The club divides into two groups, one at New Haven and one at Hartford, and a total of seven group meetings were held during the year. In addition, four state meetings were held, at which an average attendance of fifteen was maintained.

The club has sent \$150 to the Settlement School; five dollars to the Loan Fund; and \$20 to the Endowment Fund; while \$140 worth of magazines has been sent in. Approximately \$200 worth of Settlement School products were sold and considering the size of our club this was noteworthy.

BEATRICE HALL

NEW YORK CLUB

The New York Alumnæ Club is divided into three large sections, known as the Metropolitan, Long Island, and Westchester groups. Each of these groups has worked out its own program of meetings, fitting the program to the particular circumstances of the group.

The four regular meetings of the club have been held in the Panhellenic. The year opened with

a luncheon meeting in October, with reports on Convention. In December was the Settlement School meeting. The February meeting concluded with a talk on the women in Turkey. The April meeting, was the annual meeting with the submission of reports and election of officers.

The crowning event of the year was the Founders' Day luncheon, held in the Town Hall Club. An interesting program, flavored with the tang of the days of sixty-five years ago, followed the luncheon.

MARGARET GRIMM MCKENZIE

ROCHESTER CLUB

The Rochester Alumnae Club celebrated Founders' Day on April 24 with a luncheon at the Ridgmont Country Club. Mrs. Maynard Cassidy spoke on "Pi Phis in the Public Eye." The hostesses for the occasion were the officers of the club.

The final meeting of the year was held May 22. Dues for next year have been lowered in the hopes of having a larger membership. After the business meeting, two books by Mary Badger Wilson, *New York B* were reviewed. *New Dreams for Old* was reviewed by Marion Priddis and *Separate Star* was reviewed by Georgia Dunkel.

GEORGIA DUNKEL

SYRACUSE CLUB

Syracuse Alumnae Club has contributed \$100 to the Settlement School; \$10 to the Endowment fund

BETA PROVINCE

ATHENS CLUB

The Athens Alumnae Club held its third meeting of the year at the Hotel Berry, immediately following the Founders' Day banquet. The active girls presented each alumna with a corsage and at each place was a Founders' Day bulletin published by the chapter.

The fourth meeting of the club was held May 4, at which time officers for the coming year were elected. On May 19 the club gave a buffet supper for the active chapter and after the meal the girls gave a skit show in honor of their hostesses. It is hoped to have more such get-togethers in the future.

MARIAN HURD SCHEID

CENTRAL PENNSYLVANIA CLUB

The Central Pennsylvania Club has held four regular meetings. The October meeting was held in the library of Hunt Hall College. Constance Williams, active chapter delegate, gave a report of Convention.

A special meeting followed in November. The club entertained Dr. Mary Harris at Manufacturers' Club in Milton, Pennsylvania.

The January meeting was devoted chiefly to Constitution and History of II B Φ.

The April meeting was held at the college. Aside from the usual reports, it was voted that two dollars be sent to the Undergraduate Loan Fund, and the same amount to the Settlement School.

The June meeting was held in connection with open house for alumnae who are to return for college Commencement.

HELEN R. HOFFA

CLARKSBURG-FAIRMONT CLUB

The Clarksburg-Fairmont Alumnae Club reports as follows: Resident members, 15; paid members, 8;

and \$10 as a Christmas gift to the Settlement School. We have sold \$127 worth of the Settlement School products.

We have gone on with the rejuvenation of the chapter house begun last year. We sponsored a movie benefit to pay for runners for the stairs and \$111 was obtained, in this way. We raised \$61 by means of card parties and sent out letters asking help of the nearly 400 New York A alumnae not affiliated with our club. The response was most heartening and we trust will be continued next year.

CHARLOTTE N. CHAFFEE

TORONTO, CANADA, CLUB

The Toronto Alumnae Club has held eight regular meetings during the year, two at the chapter apartment and the other six at the homes of various members. Our membership was 44.

For our philanthropic work, approximately \$135 was raised by talent money and a subscription dance. Fifty dollars of this amount has been given to the Bolton Fresh Air Camp, fifty dollars to the University Settlement School, and the balance is to be sent to Gattlinburg.

The club year closed with the Seniors' Party, June 11, an out-door picnic given in honor of the graduating class. In this way we endeavor to arouse their interest in the alumnae club and hope each member will become an active member of the club next fall.

MARGUERETA CHAPMAN

number of meetings, 4; average attendance, 5; magazine fund, four dollars; Loan Fund, two dollars; Settlement School Fund, five dollars.

Mrs. S. C. BOGESS

CLEVELAND CLUB

The 1932 program of the Cleveland Alumnae Club has included a reading of the play *Green Pastures* at the February meeting and at the March meeting an enlightening talk on "War Debts." Mrs. H. H. Allyn opened her home on the afternoon of March 23 for a benefit bridge. Eighty dollars was cleared.

In April a supper meeting was substituted for the usual luncheon meeting at the repeated requests from the Pi Phis in business. Officers were elected, and a check for \$1357 was sent to the Settlement School as our contribution for this year.

Mrs. P. V. Fraser was chairman of the Founders' Day committee. This celebration was a luncheon held at Higbee's Tea Room. Some 200 invitations were sent out and a short broadcast was made over station WHK at 9:00 A.M., April 28.

MARY PRATER KELSEY

HARRISBURG-LANCASTER CLUB

Meetings have been held once a month, beginning in September and ending in May. The first fall meeting was held this year at the home of Mrs. Norman B. Shepler on September 26, 1931. Mrs. J. E. Belt entertained the club in October at a treasure hunt and a supper. The November meeting was held in Camp Hill. Mrs. John Garret being hostess. A card party was held on November 20, the proceeds of which were contributed to the Settlement School.

A Christmas party was given for the club by Mrs. Harvey Simmons. The regular meeting in January was entertained by Mrs. Howard Rhoades. Mrs. J. R. Schultz was hostess at the meeting in February. The March meeting was held in the

chapter rooms of Pennsylvania T in Carlisle. At this meeting the officers for the year 1932-33 were elected and a kitchen shower was presented to representatives from the active chapter. The Founders' Day banquet was held in Carlisle at the Argonne Hotel on April 30. Mrs. C. R. Rupp entertained the club at her home in York on May 14.

The club has contributed \$200 to the Settlement School and \$10 to the Loan Fund this year.

K. ADELAIDE MARKLEY

MAHONING VALLEY CLUB

The Mahoning Valley Alumnae Club has a paid membership of twenty with an average attendance of fourteen. The club meets the second Saturday of the month usually at the home of members for luncheon, followed by the business sessions, programs and bridge. The club has contributed to the Settlement School, Loan Fund and Endowment Fund.

On May 7 nine members from here attended the Founders' Day luncheon, style show and program given in Cleveland. The last meeting of the year was held June 11 when the members enjoyed a cooky-shine.

Our members are mostly from Warren, Niles, and Youngstown and we urge any newcomers to the valley to get in touch with the secretary.

MRS. JAMES R. STALKER

MIAMI VALLEY CLUB

The plan followed this year, of having dinner on alternate months followed by bridge instead of business, has been very satisfactory.

Founders' Day was observed by having dinner at the home of Mrs. Roy McCoy, Glen Helen, a beautiful tract of land belonging to Antioch College, was the scene of our June picnic; Pi Phi and their husbands, parents, and children were present.

In addition to the regular means of making money, this year the club made \$15 by having a card party at the City Ice and Fuel Company's plant. The firm furnished refreshments and paid us for each table of players. Fifteen dollars more was earned at a beauty demonstration.

RUTH STEIN

MORGANTOWN CLUB

The Morgantown Alumnae Club has held meetings regularly, the second Tuesday of every month, beginning in October, and ending in April with a Founders' Day luncheon. The intervening meetings were held at night and were followed by bridge playing, with the exception of the December meeting, where the Settlement School slides were shown.

The outstanding event of the year was the Founders' Day luncheon, at which we had a program

GAMMA PROVINCE

BALTIMORE CLUB

The year 1931-32 opened with a Convention meeting, followed by a Settlement School meeting in November, and a luncheon and get-together meeting at the Stafford Hotel in December. The first meeting of 1932 was devoted to business and a Constitution quiz, and in February Maryland A actives were entertained at a valentine bridge. Officers were elected at the March meeting, and in April the members and husbands were entertained at a bridge party. Founders' Day was celebrated with the Washington club at Normandy Farms, and the annual luncheon was at "Sunset Knoll" in

dealing with the founding and early history of West Virginia A. Seven charter members were present.

The main work of the year has been with the actives through the alumnae advisory board.

The Settlement School and Undergraduate Loan Fund were both contributed to by money from the treasury.

MRS. B. G. REEDER

NORTHERN NEW JERSEY CLUB

The Northern New Jersey Alumnae Club has held eight regular business meetings, having an average attendance of 35, during the past year. It has also held a formal dance, a benefit theater party, and a formal Founders' Day banquet.

The club has 72 paid members, has sent \$350 to the Settlement School, \$150 to the Endowment Fund, \$50 to the Loan Fund, and \$76 to the Magazine Agency, thus nearly doubling our last year's subscriptions.

All letters and reports have been sent to the proper persons on the specified date and each officer has attended to all the duties required of her to the best of her ability. This report brings to a close a very successful year.

LAURA E. TAPLIN

PITTSBURGH CLUB

The club did not attempt a large benefit bridge this year, as has been done heretofore, but raised money for the Settlement School in other ways—a small bridge party in November, and a food demonstration in March at Utility Hall. A small admission was charged and various articles used by the demonstrator were offered for sale. We were able to send more than \$100 to the Settlement School in addition to giving to the Undergraduate Loan Fund and the Endowment Fund.

The last meeting of the year was held on June 4, a family picnic at the beautiful grounds of the Universal Atlas Cement Company. Mrs. Slocum headed the committee on arrangements, and the entire affair was most enjoyable.

CANDACE C. JOHNSON

TOLEDO CLUB

During the past year the Toledo Alumnae Club has held nine regular evening meetings with an average attendance of 23, three evening bridge parties with husbands of members, and a Founders' Day luncheon.

We have had our financial difficulties and many of our usual money making sources have been impossible on account of conditions. However, we feel that we have had a worth while year and are looking forward to next fall with renewed interest.

ISLA B. OWEN

NORTH CAROLINA CLUB

The North Carolina Alumnae Club has more members this year than ever before and has been able to contribute more than recently. In September, the club entertained North Carolina A during their rushing season. In October, we held our regular organization meeting. In November, we

May, while two swimming parties are planned for the summer months.

The club has sent \$119 to the Settlement School.

JOSEPHINE SPENCER

had an exhibit and sale of Arrow Craft gifts. In December, we held a Settlement School meeting.

In January we sponsored an exhibit of Towle Silver, earned enough money to send \$50 to the Settlement School, \$25 to the Endowment Fund, and to start a savings account. On April 28, we joined North Carolina A in celebrating Founders' Day at a banquet at the Carolina Inn. Our last meeting was in May for the election of officers.

GLADYS EVANS

RICHMOND CLUB

The Richmond Alumnae Club started in October with a peppy evening meeting at the home of Mrs. J. Taylor Robertson. We happened to choose a very rainy evening for our January meeting. However, we who ventured out were so glad we had gone.

In March, we felt our Settlement School benefit supper and bridge party was a real success.

A party at the home of Dr. May S. Keller and Miss Pauline Turnbull closed the year with election of officers and plans for the coming year.

Any Pi Phis, who have recently moved to Rich-

mond are given a cordial invitation to come to our first meeting in September.

MARJORIE R. TAYLOR

WASHINGTON, D. C., CLUB

Our first meeting was a cooky-shine and Convention meeting. The November meeting was our Settlement School program with sale of Settlement School articles, and the December gathering was devoted to business and a musical. In January we attended a Panhellenic luncheon to celebrate the George Washington Bicentennial.

New officers were elected in February and in March a dinner was given and in April, a children's party. Founders' Day was celebrated at Normandy Farms and in May we held a supper-business meeting.

The club has raised \$1000 for the Settlement School, of which \$600 was pledged by club members, \$381 raised from the sale of Filipino dresses, and \$40 through magazine subscriptions. The club has raised money for its Social Service Fund through the sale of can openers and II B Φ vanilla.

MARGARET SOMERVILLE

DELTA PROVINCE

ANN ARBOR CLUB

The annual business meeting and election of officers for the Ann Arbor Alumnae Club took place at the home of Mrs. H. M. Shaw, March 26.

Founders' Day was celebrated as a state meeting at Dearborn with a trip through the Ford village and a luncheon at Dearborn Inn.

The annual Mothers' and Daughters' luncheon was held May 7, at the Barton Hills home of Mrs. Henry Riggs.

Mrs. White has made a remarkable record in her sale of Settlement School products this year, showing a substantial increase over last year's profits. The club has also contributed a part of the proceeds of the Rummage Sale and about \$45 in special gifts to the school. We have also sent money to the Undergraduate Loan Fund and the Endowment Fund.

MARGARET T. SHAW

BLOOMINGTON CLUB

The first meeting of the Bloomington Alumnae Club was held early in October. A Halloween party for the pledges of Indiana B was planned and was held the last of the month.

To raise money it was voted that the group make personal contributions to the treasury. In November the alumnae started investigating town girls who would enter school next fall. During the year a very close touch was kept with the freshmen.

Two of the most interesting forms of entertainment during the year were the discussions of Convention by the active chapter delegate, and of the Settlement School by Pearl Neeld who spent several weeks at Gatlinburg this spring.

MARGARET DUNN

DETROIT CLUB

Following a reception and tea for the active chapter from Ann Arbor at the home of Mrs. J. Bryant, was a very successful benefit bridge-tea and sale of Settlement School handicraft at the Colony Club, and the Easter cooky-shine and annual business meeting at Mrs. Reid's.

Founders' Day on April 30 was a state celebration and took place at Dearborn Inn. After luncheon Mrs. Kronner read messages from the five Founders

of II B Φ, the Province Vice President, and several others. It was a grand reunion, for besides the alumnae clubs of Hillsdale, Birmingham, Ann Arbor, and Detroit, there were also present the entire active chapters from Hillsdale and Ann Arbor. Gifts were presented to the member of each chapter highest in scholarship, by the Detroit Club.

ALICE CALLENDER

FORT WAYNE CLUB

The Fort Wayne Alumnae Club has held its meetings the second Monday of every month since September. These meetings are dinners followed by business sessions and social hours.

During the Christmas time the active members who were home on their vacations were entertained with a holiday breakfast bridge.

The chief means of raising money have been bridges and white elephant sales. Beginning this fall the club has planned to sell a line of hosiery which guarantees a small percentage. A mystery basket is also sent around to the members. With the money raised from a bridge party the club was able to send Indiana B a gift of pewter goblets.

Founders' Day was observed on April 23 with a luncheon followed by a questionnaire in recognition of this day. A rush party in the form of a tea was held on June 15.

LOUISE SIMMINGER

FRANKLIN CLUB

The Franklin Alumnae Club has just closed a very successful year with its annual Commencement Week dinner with the eight senior girls as special guests.

Annual awards were made, the scholarship ring, to Esther Rapp of Franklin, a senior, for the highest average during the four years, and the recognition pin to Miss Elizabeth New, a pledge of Washington, Indiana, for merit in scholarship, attitude, and interest. Gifts were presented to each of the seniors by the active chapter, fraternity songs were sung, and many guests lingered for a social hour.

MRS. LEROY T. COOKE

INDIANAPOLIS CLUB

The first meeting of the year was a luncheon at the Avalon Country Club. In October a cooky-

shine was held, and in November the club gave the annual guest tea, with a display of Settlement School articles.

The Christmas party was a luncheon at the home of Mrs. Hamilton.

In February we had a night meeting with husbands as guests.

The March meeting was held with the girls of Butler College. The April and May meetings were luncheons. The Founders' Day luncheon was cele-

brated at the Indianapolis Athletic Club. June 11 the club entertained the senior Butler girls with a luncheon.

Two methods are used for raising money for the Settlement School: first the luncheon method, with the hostesses taking care of the expense; second, the card party, from which a nice sum is realized. The club contributed to the Loan Fund and also the Endowment Fund.

MILDRED HOOVER

EPSILON PROVINCE

CHATTANOOGA CLUB

The Chattanooga Alumnae Club meets regularly once a month for a luncheon which is followed by a program and business meeting.

Two annual fall affairs are given by the club, a formal tea in rush season, and a dinner honoring the pledges. The club was kept busy this year giving benefit bridges and luncheons and holding rummage and coat-hanger sales in order to raise \$100 for the refurbishing of the chapter house. Another money-making project was the selling of "American Maid" aprons.

The Founders' Day celebration was held with the Atlanta Club at the Atlanta Athletic Club. The June meeting was a luncheon honoring the graduates, held at the Chattanooga Golf and Country Club.

DOROTHY LATIMER

COLUMBIA CLUB

The club held three dinners preceding the fall season, at which plans for rushing activities were discussed. In October, \$45 was raised from a rummage sale and turned over to the building fund. In November, a homecoming tea was given at the chapter house. In April, a second rummage sale was held, the proceeds being sent to the Settlement School. At the Founders' Day banquet at the Tiger Hotel there was an attendance of sixty-two members.

The club has voted to send ten dollars annually to the Endowment Fund. About \$200 worth of Christmas cards, stationery, and novelties were sold with a profit of \$79.19 for the Settlement School. An additional sum was obtained through the magazine subscriptions. Altogether \$133.74 was sent to the school.

MRS. A. M. McCAPES

FALLS CITIES CLUB

This year the Falls Cities Club will inaugurate a new system of financing. A chairman of a general finance committee will be appointed, who will have charge of the entire "ways and means" of the club, with the exception of the collection of dues. The chairman of the Settlement School committee, and the chairman of the magazine agency will both be responsible to her for collecting, or raising in some manner, a certain amount of money to be used by their respective committees.

The visit of Mrs. Warren S. Miller, Province Vice President, last spring seemed to put a new enthusiasm and energy into the club, and we shall try during the coming year to put into practice some of the splendid ideas which she brought to us.

JOSEPHINE WARNER

KANSAS CITY CLUB

The business meetings were held the first of each month throughout the year. A tea was given for Mrs. Warren S. Miller, who gave an account of the Settlement School. The March meeting was a supper instead of the regular luncheon. Miss Onken was present and talked on the fraternity as a national organization. A cooky-shine was held on Founders' Day. The club sponsored *Crazy Quilt* at the Shubert Theater, the proceeds of which went to the Settlement School and the Endowment Fund. A rummage sale was held the latter part of the year; a tea for the active girls in the Kansas A, Missouri A, and Kansas B chapters.

MARGARET ALVES

MEMPHIS CLUB

The Memphis Alumnae Club started this year's activities in September with a fried chicken dinner. The October meeting was a social one and in November the Constitution meeting was held. The annual Christmas party for husbands and escorts took place in December, with a turkey dinner and bridge. On January 23 the club, jointly with the K K T alumnae, entertained the City Panhellenic Association at a buffet luncheon. Mrs. Miller, Province Vice President, was entertained at a luncheon and a bridge party during her visit here in February. Founders' Day was celebrated with a luncheon, and a meeting in May devoted to poems by II B Φ poets and a picnic on June 28 concluded the year's activities.

MARGARET PROCTOR GARRECHT

ST. LOUIS CLUB

The St. Louis Club holds monthly meetings. September was devoted to the Convention; October was both a business meeting and memorial service; a talk on advertising featured the November meeting; and ten cent gifts were sent to the Settlement School at the Christmas meeting. A bridge-luncheon was held in January, the Constitution was studied at the February meeting, March was devoted to business, and the April meeting to the election of officers. The senior class of Washington University were guests at the May meeting. The June meeting was an outdoor affair and plans were discussed for next year.

The club made most of its money at a large evening bridge party at the Coronado Hotel, and also by soliciting magazine subscriptions, selling Christmas cards, aprons, and orders for knitted suits and photographs.

EMMA MAY GIGER

ZETA PROVINCE

ATLANTA CLUB

The members of the Atlanta Club have held regular business meetings the first Tuesday of every month. Each meeting was preceded by a cooky-

shine, each member present paying fifty cents for the supper and any surplus going to the treasury.

The club made the regular contribution of \$100 to the Settlement School, \$52 of this amount being made on the sale of Christmas cards, and \$15

through magazine subscriptions. The club also sent the customary Christmas box to the school.

The Joint Founders' Day celebration with the active chapter and alumnae club of the University of Chattanooga, was held at the Atlanta Athletic Club. Among the speakers was the Province Vice President, Mrs. Frank Henry. Plans were made for a visit to the Settlement School next year.

BETTY LOUISE VAN HART

DELAND CLUB

The meetings of the club were held as scheduled each month. Budget needs were met as follows: Settlement School Fund, \$50; first payment on Endowment Fund pledge, \$12.50, Loan Fund \$10. This money was raised in main by our annual bridge benefit party, supplemented by rummage sales, magazine, and Christmas card sales.

The DeLand club joined the Orlando club for lunch at the Perry-Dell Tearoom in Orlando to celebrate Founders' Day.

Our new officers have been elected and we are

looking forward to the visit of our province vice president, which we missed this year, and to a more successful year for 1932-33.

EMILY S. GILBERT

MIAMI CLUB

The Miami Club has scheduled meetings for the third Saturday of each month and has been a bit more successful this year in building up its membership. The meetings are bridge-luncheons at which each person donates fifty cents, half of which goes to the Settlement School, and the other half for the luncheon and bridge, and has proved to be a very satisfactory arrangement.

The Miami alumnae had as their honor guest at a bridge-luncheon a few weeks ago, Lois Franklin Stoolman. We hope that she will return again soon.

Despite the depression we are doing quite a bit to swell our Settlement School Fund, and hope that in a short while we will have surpassed even our highest hopes.

CLOTILE FORCUM BAKER

ETA PROVINCE

AVON (LIBBIE BROOK GADDIS) CLUB

The regular meeting of the Avon Club was held April 28, at the home of Marian McDill. Following the cooky-shine there was a business meeting, at which time officers for the new year were elected. Since the meeting was essentially in observance of Founders' Day, the program committee arranged that each member write a poem in commemoration of Founders' Day. The results of that effort were sent to Mrs. Liddie Brook Gaddis.

Mrs. Clarence Murphy (Cora Wood) of Massillon, Ohio, was a guest at this meeting.

FRANCES ROSS DAVIS

BELOIT CLUB

The Beloit Alumnae Club held ten meetings during the year, the September one taking the form of assistance and attendance at the rushing supper of Wisconsin B, and the June meeting being supplemented by the reunion banquet as a part of the Commencement festivities. The other eight meetings were held either in the homes of members or in the chapter house. In December the club members were guests of Wisconsin B at a supper sing and Christmas party. Later in the winter the alumnae club entertained the active chapter and pledges at dinner at the home of Miss Goodwin.

On April 30 we joined the Rockford Alumnae Club, Wisconsin B Chapter, and guests from Freeport, in celebrating Founders' Day with a luncheon-bridge in Rockford.

CAROLYN E. SHEPARD

CARTHAGE CLUB

Regular meetings are held the last Tuesday of each alternate month at the homes of the members.

The November meeting was devoted to the study of the Constitution. In January, Mrs. Ellen Carey Mack reviewed *Shadows on the Rock*. In the March meeting the Settlement School was discussed. Founders' Day was celebrated with a pot-luck dinner.

The club raised \$15 for the Settlement School by the sale of Applets before the holidays.

In August the annual cooky-shine will be held at Arrow Point at Hamilton, Illinois. About seventy

Pi Phis from this section of the country are present each year, among them Miss Onken and several national officers.

MIRIAM E. WILLIAMS

CHAMPAIGN-URBANA CLUB

Although the club did not have a bridge benefit this year, the usual amount of money was raised, and \$100 was sent to the Settlement School; \$10 to the Loan Fund; and \$25 to the Endowment Fund. There were two reasons for this success: namely, increase in membership, and increased attendance at the monthly dinners, where everyone paid fifty cents for her meal and served once on a food committee of seven members which bears the total cost of the dinner served.

Founders' Day was celebrated at the chapter house with the theme of "Spring Showing of the Arrow Car." The May dinner was a cooky-shine with the seniors as guests, at which time they sang "Pearls of Pi Beta Phi," the song with which they won first place in the Shi-Ai competitive Sing this spring.

MRS. R. R. BARLOW

CHICAGO CLUB NORTH

With the close of the season the Chicago Club North was credited with \$500 which was contributed to the Settlement School. This was accomplished through the combined efforts of the north side sub-division groups: Edgewater, Howard, Rogers Park, Lincoln Park, and the Toilers group. The amount was earned through rummage sales, benefit bridge parties and teas, and the sale of special vanilla extract, fresh eggs from Iowa, and stationery. The treasury was expanded to such an extent that it could include also, a gift of \$50 to the Loan Fund.

The last meeting of the season was a motor trip and picnic given by the Edgewater group which included a visit to the home of the famous Hager pottery at Dundee, with Mrs. Hager, who is a Pi Phi, acting as guide. Members from all North Side groups attended this function.

DOROTHY LEWIS

DECATUR CLUB

Ten meetings were held during the year on the first Tuesday of each month, usually in the evening,

and included a Christmas party, a shower for the chapter house, a cooky-shine, a Settlement School meeting, the Founders' Day luncheon, given in the Decatur Club, and the June meeting which was a reunion breakfast and the annual meeting of stockholders.

Two rummage sales were held during the year netting the club over \$200, and \$45 was made by selling Christmas cards. However, a special assessment of fifty cents from each member was necessary to complete the Settlement School Fund. The club contributed \$185 to Settlement School, \$10 to the Loan Fund, \$20 to the Community Chest, and \$5 to the Christmas store.

KATHERINE ALSIP

ELGIN CLUB

The Elgin Alumnae Club held seven supper meetings during the year 1931-32 with an average attendance of twelve. Mrs. Nina Allen was a guest at the December meeting and brought an interesting report from Convention. She also brought Arrow Craft products which found a ready sale.

Letters from the Settlement School were read at every meeting. The contribution of the club was made by voluntary offerings given at each meeting, since it did not seem wise for various reasons to undertake any money-making project that would go outside the club organization.

LUCY MURDOCK MALVERN

GALESBURG CLUB

The Galesburg Alumnae Club has held monthly meetings at the homes of members.

A Settlement School benefit dance was held in November and a goodly sum realized. The Founders' Day banquet was, of course, the outstanding event of the year. With alumnae from Galesburg, and near-by towns, active girls from Illinois A and Illinois B-A, there was quite an array of Pi Phi at the Galesburg Club. Florence Hunt Webster, Epsilon Province President, was the honored guest.

In May a dinner was held at the Brown Teapot in Knoxville, followed by a business meeting and election of officers. A sum was voted to the Endowment Fund.

The last meeting of the year was a Commencement reunion breakfast with about sixty Pi Phi back to enjoy it.

THERLE HINES

NORTH SHORE CLUB

The program of the North Shore Club for the year has followed the trend of "brand new slants

on a very old world," including book reviews, plays, and discussions.

A two-day rummage sale was held in October and \$250 was cleared. A Settlement School tea was given in December and \$125 was received toward the Settlement School fund by members attending an exhibition of Towle Silver.

Founders' Day was celebrated with the Chicago clubs by a luncheon at the Lake Shore Athletic Club. Two coffee urns were presented the Northwestern chapter by the North Shore club.

A second rummage sale was held for one day with a net profit of \$100. The North Shore club contributed \$500 to the Settlement School; \$50 to the Endowment Fund; and \$30 to the Loan Fund.

DOROTHY M. COLEMAN

OAK PARK AND RIVER FOREST CLUB

The Oak Park and River Forest Club has sixty resident alumnae. For the year 1931-32 there were twenty paid members. The average attendance at the monthly meetings was about twenty to twenty-five. The meetings were held at the homes of the members. After a seven o'clock supper there was a short business meeting and the rest of the evening was spent playing bridge.

The club sent \$25 to the Settlement School and \$5 to the Loan Fund. The money for the Settlement School was raised at the annual husbands' party where each couple is charged one dollar. At one of the meetings we had a pot-luck supper which turned out very successfully.

HELEN L. MILLER

ROCKFORD CLUB

The Rockford Alumnae Club has had eight meetings, some business and some social.

We were able to give contributions to both the Loan Fund and the Settlement School even though we suffered twice in bank failures. We found it necessary, however, to resort to novel ways of earning money. For example we had a carfare tax, the sale of Applets, and individually earned dollars, as well as the sale of Christmas cards and Settlement School products and magazine subscriptions.

Next year we plan to have more varied meetings—some luncheons, some afternoon meetings topped with a pot-luck supper, and some evening meetings. In that way we hope to satisfy both the business women and housewives.

Club members, 18; average attendance, 12.

MRS. JACKSON HON

THETA PROVINCE

BURLINGTON CLUB

The Burlington Club ended their regular meetings for 1931-32 with the Founders' Day celebration at the country home of Mrs. Louis Blaul. After a brief program and the singing of II B & F songs the annual election of officers was held.

A picnic is being planned for the near future with the alumnae clubs of Monmouth and Mt. Pleasant.

MRS. HAROLD WILSON

CEDAR RAPIDS CLUB

The Cedar Rapids Alumnae Club had its last meeting of the spring May 21 in the form of a picnic luncheon. Reports of all the committees were given and the new officers elected. Miss Lyndall Ives was presented with a footstool made at

the Settlement School as a gift from the club in honor of her marriage June 18.

LYNDALL IVES

DES MOINES CLUB

The club donated \$25 to the Fellowship Fund, \$10 to the Loan Fund, and \$157 to the Settlement School Fund. Money was earned on the sale of Settlement School articles, by magazine subscriptions, charging for monthly luncheons, and by a new method in the club. It was decided each one should do the thing easiest for her, be it cooking, sewing, painting, or what-not. Each one was to earn three dollars during the year.

Last fall a Settlement School tea was held at one of the tea-rooms.

Founders' Day was celebrated this year with a

cooky-shine at the home of Mrs. Fred Olmstead. For many of the older members it was a new experience, so it amply filled the place of our usual formal banquet.

JEAN D. WEST

DULUTH CLUB

The club had an unusually enjoyable Founders' Day celebration this year, in the form of a luncheon at the home of Jessie Schee Blu. For entertainment we had a paper on the Founders by Betty McGhie, and a burlesque on *Romeo and Juliet*.

We were glad to have with us Elizabeth Foss of Minnesota A, an instructor at North High, Minneapolis.

We had our last meeting for the year on June 4, and will resume meetings in September under the leadership of Betty McGhie.

RUBY BURTNESSE OLMSTEAD

GRAND FORKS CLUB

The Grand Forks Alumnae Club held on the average two meetings a month, one social and one business. The club united with the chapter in celebrating Founders' Day, at which time the alumnae had charge of a formal banquet at the house. They announced the first of what will be annual awards to girls in the chapter. At the annual scholarship dinner given in March by the city Panhellenic the three cups awarded to the chapters excelling in scholarship were all won by the local II B Φ chapter.

The club sponsored a food sale and sent the proceeds to the Settlement School, with a small donation to the Loan Fund. Financial assistance was also given to the local chapter.

COSETTE NELSON

INDIANOLA CLUB

The Indianola Alumnae Club has followed its usual custom of a pot-luck luncheon meeting the second Saturday of every month. During the early fall a rummage sale netted the club \$25 for the Settlement School. Toward the Endowment goal five dollars was contributed.

After the initiation service this spring the alumnae club entertained the actives and new initiates at a dinner at the chapter house.

Because of the financial obligations of Iowa B alumnae to the chapter house fund, our national contribution this year is comparatively small. We are happy to report that we were able to meet the interest payments and to apply \$500 on the principal, as well as to maintain the usual costs of house up-keep.

ADA P. SAMPSON

IOWA CITY CLUB

Although the Iowa City Alumnae Club started this year with the loss of all of its last year's balance of \$54.78 in a closed bank and with all of its members in an impoverished condition for the same reason, it has had a very normal, healthy year. We have kept the dues the same as previously—\$2.50 a year—and have raised the remainder of the money needed for the year by a rummage sale, the sale of Christmas cards, and a bridge benefit so that we were able to continue our custom of sending flowers to the sick, to increase our subscription to the Settlement School, to send the same amount as last year to the Undergraduate Loan Fund, and to present a fireside set (tools and screen) to the active chapter. In addition to these gifts we entertained the pledges at tea and the seniors at a breakfast as usual. Eleven meetings were held. We were guests of the actives at Founders' Day banquet.

MRS. H. F. WICKHAM

MINNEAPOLIS CLUB

The meetings of the Minneapolis Alumnae Club are held the first Tuesday of each month, mostly at the chapter house. These dinner meetings are taken care of by the hostess system.

Founders' Day banquet was held at the Woman's City Club of St. Paul. Our traditional Christmas luncheon was given at the College Womans' Club.

For our Settlement School benefit this year, we sponsored one evening performance at the Shubert Theater, and cleared \$280. With the proceeds the club contributed to the Settlement School Fund, the Loan Fund, and the Endowment Fund, and added to the active chapter's china and glass patterns which we started for them last year.

Approximately \$80 in magazine subscriptions was cleared for this year.

The year's activities closed with a meeting of the house at which time we entertained the graduating seniors.

DOROTHY ROGENTINE

MOUNT PLEASANT CLUB

The meetings of the Mount Pleasant Club are held on the first Friday of every month. The October meeting was a party for the actives, December was the Constitution meeting, and in January the Settlement School was discussed. The November, February, and March meetings were devoted to the study of national parks, and in April a joint supper meeting with the active chapter was held. Officers were elected at the May meeting, and the last meeting of the year was the Commencement breakfast and reunion at the Yellow Lantern Tea Room, with about sixty members and friends present.

During the year the club contributed to the Loan Fund and Settlement School and has practically finished paying on the college endowment fund the amount of our pledge.

MRS. A. M. PATTERSON

ST. PAUL CLUB

Election of officers for 1932-33, a bridge benefit, an entertainment for Minnesota A actives and freshmen and a picnic comprised the activities of the St. Paul group for the concluding quarter of the year.

The bridge benefit, held in March in the Minnesota chapter house, gained \$35 for the Settlement School Fund. Drawing for a large cake, donated by a club member, featured the benefit.

Twenty-seven actives and freshmen were entertained in April. The annual election was held at this meeting.

A picnic at a spot high above the Mississippi River overlooking Fort Snelling and the Minnesota River valley was held late in June.

GERTRUDE GAMBLE MOORE

WINNIPEG, CANADA, CLUB

The Winnipeg Club has held on an average two meetings a month, one strictly business, at which the ritual was observed, and one social, when the club divided into two groups for bridge. These bridge clubs have proved very popular and a source of revenue for the club.

In October the annual charity dance was held, and took the form of a Lolly-Pop Hop. Contributions for the year included ten dollars to the Settlement School; ten dollars to the Endowment Fund; ten dollars to the University of Manitoba Foundation Fund and a payment of \$165.40 on a quartz lamp for the children's ward of the General Hospital.

Founders' Day was observed by a luncheon in the Marlborough Hotel. Graduates of the 1932 class were special guests.

GERTRUDE MCNEIL

IOTA PROVINCE

BOULDER CLUB

This year for the first time the Boulder Alumnae Club held luncheons every other meeting with three or four joint hostesses at which each member paid fifty cents.

Plans have been made for a number of lawn parties to be given this summer at the homes of various members. If the number of tourists in Boulder this summer warrants it, a bazaar will be held for the Settlement School.

A radio party was given for the freshmen. At the senior dinner an award was made to the senior who showed the greatest scholastic improvement during the year.

The last meeting was a beefsteak fry on Flagstaff Mountain, after which a business meeting was held with election of officers for the next year.

KATHERINE D. CARLSON

DENVER CLUB

The Denver Alumnae Club had ten meetings this year, two picnics, one tea, three supper meetings, three Saturday luncheons, and one Monday luncheon. The supper meetings were the most popular of all. The attendance averaged 75.

In August we secured Elitch Theater for a benefit at which we netted \$180.75. The rummage sale gave us \$76.05 for our treasury. A Christmas white elephant party brought \$8.75. A new committee, the garden committee, received a commission of \$23.80 from sale of plants from Roberts Rose Co. The progressive bridge tournament brought \$85.60. The magazine chairman's commissions on magazines sold was \$46.20. Through our fall Settlement School Tea, and by selling Settlement School goods through the year the Chairman sold \$278.94.

MRS. PAUL V. ESLINGER

MANHATTAN CLUB

The Manhattan Alumnae Club holds eight meetings a year. The club has a paid membership of 28 and an average attendance of 25 at meetings. At the meeting devoted to Settlement School, slides giving scenes at the school were shown. There are several representatives of Kansas B chapter at all of our meetings.

The alumnae give the chapter a cooky-shine after fall pledging. There are from 60 to 70 at these meetings.

The club celebrated Founders' Day at the Hotel Wareham with a banquet in cooperation with the active chapter, at which 65 were present.

In order to finance our activities we sold Christmas cards and held rummage sales.

The Manhattan Alumnae Club paid \$100 to the Settlement School; \$25 to the Endowment Fund;

\$10 to the Scholarship Loan Fund; and \$50 to Kansas B Chapter, and sold \$150 in magazine subscriptions.

ELIZABETH HILL SCOTT

OMAHA CLUB

The Omaha Alumnae Club has held the four required meetings devoted to the Constitution, the Settlement School, the active chapter, and Founders' Day.

The dues were cut to two dollars this year and each girl paid twenty-five cents for every luncheon she attended, the money going into the treasury. This was very successful, resulting in a larger membership and more money in the treasury than previously. A rummage sale in October netted about \$75.

Ten dollars was given to the Loan Fund. One hundred dollars was sent to the Settlement School in addition to the sale of about one hundred dollars' worth of Settlement School goods. At the May meeting ten dollars was pledged to the Endowment Fund for next year.

MARY A. BLATTNER MCINTIRE

PUEBLO CLUB

The Pueblo Alumnae Club has accomplished the following things this past year:

Subscribed to the Settlement School;

Sent in magazine subscriptions;

Worked through the local Pi Phi Needle Work Guild.

Held six required meetings and have entertained the Province President, Mrs. Collins.

LAURA BELLE STOCKTON

WICHITA CLUB

Meetings of the Wichita Club are held the first Saturday of every month and are luncheons in the members' homes. Twice this year we have entertained a group of rushees and their mothers at luncheon.

A benefit bridge was given in the Hostess Room at the Steffen's plant on December 10. We have been able to send approximately \$143 to the Settlement School this year—\$75 in cash, \$69 through magazine subscriptions.

The club has also contributed \$10 each to the Endowment Fund and to the Loan Fund. An Oriental rug was presented to Kansas A this spring. Founders' Day was observed with a cooky-shine in the home of Mrs. Claude Lambe.

The last meeting of the year was held at the Wichita Country Club the third Saturday in May.

MAFALDE INGLE

KAPPA PROVINCE

AUSTIN CLUB

The Austin Alumnae Club meets for luncheon at the chapter house on the first Saturday of each month. After luncheon with the active chapter the business meetings are held. Three members are hostesses for the luncheons.

In the fall the club held its annual rummage sale. The proceeds were \$88.71. From the sale of Christmas cards the proceeds were \$30.90.

February 20 the club entertained Nita Hill Stark, Grand Secretary, with a luncheon at the Woman's Club.

Founders' Day was celebrated by a banquet at the Country Club.

The donation to the Settlement School for the year was \$210 and \$5 each to the Loan and Endowment Funds.

Officers for the new year were elected at the April meeting.

JULIA ROBBINS

FORT SMITH CLUB

Meetings of the Fort Smith Alumnae Club are held the second Tuesday of each month, at the home of various members. Through our magazine agency and the sale of Christmas cards we were able to donate \$55.77 to the Arkansas House Association, and to send \$15 to Settlement School.

Our club was hostess for the biennial state convention June 6, at which time Pi Phi's from all over the state were present for a business session and a series of social affairs. We are greatly indebted to our past state president, Ruth Morton, for her leadership and the time she has given to the Arkansas House Association. MILDRED SIPE

HOUSTON CLUB

The Houston Alumnae Club reports sixty-five alumnae in the city, and fifty paid members. The club sends each year, twenty-five dollars to the nearest active chapter, Texas A., also ten dollars to the Loan Fund, a small gift to the local Houston Relief Fund, and \$250 a year to the Settlement School. The money is raised by pledging and making and selling Christmas wreaths.

We have nine meetings a year at the homes of different members, six devoted to special programs; the Active Chapter, Constitution, Settlement School, Founders' Day, and election of officers. The Founders' Day celebration was a very delightful picnic. Average attendance is 25. The last meeting of this year was on Friday, May 27. NAOMI COSBY

NEW ORLEANS CLUB

The New Orleans Alumnae Club has been working this year with increased vigor. More meetings have been held, six instead of the usual four, and the efficiency of the club and its committees has been greatly increased.

A theater party for the benefit of the Loan Fund was so successful that Midnight Show and Vaudeville is planned at the same theater next fall.

A benefit bridge for the Settlement School was held at which the club made \$69.

A business meeting was held early in April, and officers for the coming year elected. The Founders' Day banquet, the occasion which most of the alumnae attend, was a great success.

VIRGINIA F. MCCONNELL

OKLAHOMA CITY CLUB

At our monthly meetings in the homes of our members we have enjoyed luncheons, teas, and cooky-shines and we ended our activities with a Founders' Day banquet given at the University Club, with the active chapters of Oklahoma A and Oklahoma B.

During the year we sold approximately \$115 worth of articles from the Arrow Craft Shop.

Through our magazine agency we added \$18 to the credit of the Settlement School.

At a business meeting in May we voted to send \$25 to the Settlement School, \$5 to the Endowment Fund, \$10 to the Loan Fund and \$150 to the active chapter of Oklahoma A. One hundred dollars of this was payment on our pledge and fifty dollars is in advance on our pledge for next year, as the chapter needed extra money this year for furniture for their new house.

GLADYS LUCKAN MURPHEY

LAMBDA PROVINCE

BOISE CLUB

Boise Alumnae Club meets the first Saturday of every month for a luncheon meeting, followed by bridge or a special program after the business meeting. The luncheons are at the homes of members, three or four acting as hostesses for each meeting.

One of the events of the year was a benefit bridge which was a financial success.

The annual party for the active girls home for the holidays was given at the Owyhee Hotel in December.

SABINE DISTRICT CLUB

Our members of Orange were hostesses to twenty-five for luncheon in the month of April. The Beaumont and Port Arthur contingents motored over to our neighboring city, which is twenty-five miles east of there and the hospitality was greatly enjoyed. Election of officers took place at this meeting.

In May a Beaumont group of hostesses entertained the chapter, their husbands and escorts, at the Magnolia Park and the Fair Grounds, with a picnic supper and a treasure hunt.

Approximately \$515 was sent to the Settlement School, \$124 to the treasurer of the Settlement School for Arrow Craft Sales, \$25 to the Endowment Fund, \$25 to the Loan Fund, and \$125, which was a gift, to the Settlement School. The Christmas card sale netted approximately \$65 and our magazine agency brought approximately \$60.

HELEN ADAMS KEIG

STILLWATER CLUB

The Stillwater Alumnae Club has met monthly in the evening, usually with a bridge-dinner.

The outstanding event of the year was the three-day Arrow Craft exhibition and tea held in December. The display was augmented by the art work of some local artists, sent in to be sold on a commission. The Sunday afternoon tea was given especially for the active chapter, pledges, and escorts. On the next two afternoons we served tea to about two hundred guests, and sold \$103.48 worth of Arrow Craft wares. After expenses were paid out of the commission, we had \$10 left to send as our donation to the Settlement School Fund. The new scarves, silk hot mats, finger-towels, bath mats, and waste baskets were the best sellers.

FANCHON MOFFETT MCINTOSH

TULSA CLUB

Beginning in September the regular monthly luncheon meetings of the Tulsa Alumnae Club will be held in the Junior League Tea Room, as the membership of the club is so large.

The Oklahoma A alumnae have planned a series of weekly summer morning bridge-luncheons to raise money to send the active chapter at Norman, to provide furniture for the lovely new colonial home recently purchased. Rushees and guests may be entertained at these parties.

LOLITA MURDOCK

WACO CLUB

The last meeting of the Waco Alumnae Club was held with Mrs. Walter Dossett, at which time officers for the coming year were elected. The club is pleased to have \$25 in the treasury to start the rushing for next fall.

The cooky-shine on Founders' Day was a very gay one with a birthday cake and twenty members present.

RUTH BOGGESS

Founders' Day was celebrated with a buffet dinner and bridge.

Contributions to Settlement School, Loan Fund, etc., were raised through the sale of hand lotion and sponges, a benefit bridge, and commissions from dry cleaning establishments.

Mrs. J. P. ATWOOD

EDMONTON, CANADA, CLUB

The Edmonton II B Φ Alumnae Club organized on April 12 following the visit of Mrs. Humphrey, Lambda Province Vice President.

The petition was signed by fourteen alumnae. The Model Club Constitution was adopted.

The aims of the Edmontan Alumnae Club are to assist the active chapter in building up a house fund, to subscribe to the Settlement School Fund, to establish a scholarship Loan Fund, and to establish a stronger bond between the Edmontan II B members.

H. E. McCAIG

PORTLAND CLUB

The first really social function of the year just past was the tea honoring the two new province officers, Mrs. Helen Russell and Mrs. Bernyce Humphrey. At the Christmas party, a free-will contribution of food, money, and clothing, was made for the benefit of some well-known cases where poverty existed.

A tea was given in honor of Miss Onken during her visit. About \$28 was realized from the Founders' Day dinner which was turned into the proceeds of the Settlement School. The benefit committee worked long and faithfully on Sunday night dinners, luncheons, theater benefits, etc. Other sources of funds were the bridge tournaments, the Friday club, cleaners' commissions, Christmas cards, and a white elephant sale.

ISLA M. MCCAIN

SPOKANE CLUB

This year the Spokane Alumnae Club has been meeting for buffet suppers followed by the business

meeting and social hour, which included bridge. The group who found it inconvenient to meet in the evening continued their monthly bridge luncheons.

The principal source of income this year was the commission work sent to one of the Spokane laundries. Two dollars of the dues from each membership went into the treasury, and at the supper meetings held at the homes twenty-five cents was collected from each member while the hostesses divided the cost of the meals. The club sent \$100 to the Settlement School and \$10 to the Student Loan Fund. Our active membership is 31.

DOROTHY M. SANBORN

WENATCHEE CLUB

During the year just past regular monthly meetings were held at the homes of members with all gatherings well attended.

In addition to a contribution to the Settlement School, the club made the Christmas season more joyful for a destitute family who were given food, clothing, and some articles of furniture.

A mid-semester party was arranged in honor of prospective students, who were to attend W.S.C. Mildred Loudenback was the honored guest at a shower February 15.

On April 28 the club celebrated Founders' Day with a cooky-shine.

JANE WEBB

MU PROVINCE

GLENDALE CLUB

The Glendale Alumnae Club met June 9 for the last time this year. At this meeting the new board members were installed by a candlelight service. The president's report surveyed the whole year's activities including the grand benefit at the Oakmont Country Club where we cleared \$80, the Christmas cooky-shine, a three-day rummage sale bringing in \$65, and a bridge-breakfast which proved to be a financial help to the club. Arrow Craft objects were also on display at this time. In April the club studied the Constitution and sang many songs. Then came the grand banquet at the Huntington Hotel, where we took first prize for the best stunt, a puppet show entitled "Tippy, the Clown at Gatlinburg."

MRS. L. R. VAN BURGH

LONG BEACH CLUB

Meetings of the Long Beach Alumnae Club are held on the second Saturday of every month. Most of the meetings the past year have been in the form of bridge-luncheons and teas with short business sessions.

During the year one meeting was held for the province vice president on her annual visit to the club. Another was held for the nearest chapter. One meeting was on the Constitution with a questionnaire, followed by a cooky-shine.

On Founders' Day our club united in celebration with the alumnae clubs and active chapters of Southern California.

The annual benefit bridge tea was given for the Settlement School. Articles from the school were displayed and sold.

MRS. L. A. PATCH

LOS ANGELES CLUB

The Los Angeles Club has an active membership of 159 and an average attendance of 80 members.

To the Settlement School the club gave \$1000; to the Settlement School for Gamma and Delta chapters \$150; to the Endowment Fund, \$75; to the Loan Fund, \$25; for a present to California Gamma and Delta chapters, \$95 each; total, \$1440.

The Settlement School bridge benefit was held at the Ambassador Hotel in February. The Founders' Day banquet was held at the Huntington Hotel, with the Glendale, Santa Monica, Pasadena, and Long Beach alumnae clubs and the two active chapters uniting to celebrate the occasion.

The club has purchased two tables for each of the neighboring club benefits and gave ten dollars to Panhellenic.

LUELLA JACKSON BERESFORD

PALO ALTO CLUB

The activities of the Palo Alto Club opened with a tea in September, followed by a cooky-shine in October and a benefit bridge-tea in November, at which \$41 was raised and given to the active chapter for needed repairs about the house. Settlement School handicraft was displayed and sold at this time.

Founders' Day was celebrated at the Stanford Union in conjunction with California A and B chapters, the Berkeley, San Francisco, San Jose, and Monterey Bay alumnae clubs.

The annual Settlement School benefit bridge-tea was held in May at the chapter house and \$37 cleared.

Prizes for highest scholarship and the greatest improvement in scholarship will be awarded to the deserving girls when final grades are compiled.

MRS. JAMES BRADSHAW

PASADENA CLUB

The Pasadena Alumnae Club had a resident membership of 100 members for the year 1931-32, with an average attendance of fifty. Nine meetings were held: four afternoon business meetings followed by tea parties; an evening of bridge

with husbands and escorts as guests; a tea to honor our province vice president; a benefit bridge for the Settlement School; a luncheon at the Wisteria Fête in Sierra Madre; and a luncheon and afternoon of bridge. The club sent \$125 to the Settlement School, and plans are being made for a sale of Arrow Craft products early in the autumn.

HARRIET SCROGGS HENDERSON

PHOENIX CLUB

Six regular meetings and one rummage sale have been held. Of the regular meetings, two were afternoon bridge parties, one was a cooky-shine, one was an evening bridge at which the club husbands were entertained, one was a tea at which high school seniors were the guests, and a formal dinner was held in honor of Founders' Day.

The committee handling the magazine subscriptions has been very active this year and has sent in more subscriptions than in past years. Small contributions were also sent during the year to the Loan Fund, to the Settlement School, and to the Endowment Fund. The contribution to the Endowment Fund was made in memory of Mabel Roby Grasmoen, whose untimely death occurred in November.

MARGARET F. ALBERT

SAN DIEGO CLUB

The outstanding accomplishment of the San Diego Alumnae Club this year was a bang-up party given on April 9, the proceeds to go toward our annual contribution to the Settlement School. It was the first time this alumnae club has given a big benefit party, and in every sense we feel it was a success.

A large order of Settlement School goods was sold, expenses were cleared, and we were able to send the Settlement School Committee one hundred dollars.

We gave a tea last fall to the girls who were going to college from our town.

The club meets every fourth Saturday in every month, at the various members' houses for a one o'clock luncheon, followed by a business meeting, and usually a program of some kind, or cards. The average attendance is about twenty-five, from a membership list of less than fifty actively interested resident alumnae.

GLADYS A. ROGERS

SAN FRANCISCO CLUB

A tea in August was the first meeting of the season, followed by the annual bridge party for the Settlement School in October on the roof lounge of the Clift Hotel. Articles from the Arrow Craft Shop were on display and the sales were larger than usual. The total sales for the year were approximately \$450, a considerable gain over last year.

In February a tea was held for our many new members.

The Palo Alto Club is to be congratulated on the successful Founders' Day luncheon which it arranged for the alumnae clubs and chapters around the Bay. California A held open house following the luncheon. This was the closing event before the summer months.

CLARA-CATHERINE HUDSON

SAN JOSE CLUB

San Jose Club received its charter in October and immediately started having meetings on the

second Friday evening of each month, as several of the members are professional women who would be unable to attend afternoon meetings. Since our nearest chapter at Stanford is helped by the Palo Alto club, we decided to adopt the Nevada chapter at Reno and aid them in any way we can.

In April the club gave a bridge-tea in the lounge of the Sainte Claire Hotel, displaying Arrow Craft products and using the small mats for table prizes. About \$150 worth of Settlement School products have been sold during this first year.

DOROTHY KIZER HEATH

SANTA MONICA CLUB

An increase in membership with a large attendance at regular meetings marks the outstanding accomplishment of the Santa Monica Alumnae Club for the last year.

The Santa Monica Club favors the plan of having members pay fifty cents for each meeting attended instead of paying dues. As there are ten meetings a year the average paid per member runs fairly high but being paid in this way enables more members to enjoy the club privileges. The treasury was augmented by the payment of taxi fares; but other means sought to swell the funds were not successful this year.

Our donation of fifty dollars to the Settlement School was raised by voluntary contributions, supplemented by the sale of vanilla. The club aided the Settlement School benefits of its neighboring clubs by paying one-half of the admission fee of each Santa Monica member desiring to attend. The ten dollar contribution to the Loan Fund was taken from the treasury.

GLADYS M. BURNER

UTAH CLUB

The Utah Alumnae Club opened the year with a luncheon at which Convention was discussed. In November the Settlement School tea was given, and arrangements were made with a local gift shop to sell the Arrow Craft products on a percentage basis.

On April 28 the alumnae club and Utah A cooperated in the celebration of Founders' Day with a banquet at the Ambassador Hotel.

In order that the members of the alumnae club might become better acquainted with the members of Utah A, the club gave a tea for the active chapter at the local chapter house. At the last meeting of the year the new officers were elected.

MRS. J. J. DALY

HONOLULU, HAWAII, CLUB

The Honolulu Alumnae Club held its meetings once a month, meeting at the various homes of the members except the December and Founders' Day meetings, which were held at the Oahu Country Club. Informal business discussion opened the meetings which were followed by contract bridge. A fee of twenty-five cents was assessed each member present for the Settlement School Fund. The club also held a rummage sale in February and was able to send \$75 for Settlement School.

Our Founders' Day meeting was a luncheon at which Mrs. Eli Helmick, who did pioneer work at the School, again talked to us about it. Our May meeting was held at the Kamehameha Girls' School.

To summarize: Resident alumnae—Honolulu, 32; Island of Maui, 2; Schofield Barracks, 3; members of club, 28; average attendance, 14; chapters represented, 22.

MURIEL McCABE

Alumnae Personals

Material for this department should be sent to the Central Office of Pi Beta Phi, Bloomington, Illinois

ARIZONA ALPHA

Marriages

Sarah Electa Berryman and Perry William Casey, ΣN , May 25, 1932, at St. Augustine Cathedral, Santa Monica, Calif. At home, 111 E. Alvarado Rd., Phoenix, Ariz.

BALFOUR STANDARDS ARE MAINTAINED

*With the firm conviction that Balfour Standards must be maintained,
we enter the 1932-33 year with a clearly defined program*

THE BALFOUR BLUE BOOK 1933

To keep the faith with our contractual obligations, we have restricted merchandise in the *Blue Book* this year to numbers discriminatingly selected so that we can guarantee them as the best that can be offered in their respective price ranges.

Here you will find representations of a finer, more compact Balfour line. We have tried to keep the selection comprehensive and to include articles in a price range to meet your particular individual requirements.

Your Fraternity Badge Price List included on application.

THE BALFOUR PARTY PLAN BOOK

To meet decreased budget limitations for chapter social affairs and the new demands for more economical merchandise we have published a new *Balfour Party Plan Catalog*.

Here you will find a presentation of new and novel numbers, which because of their attractive low prices are recommended more for their novelty, beauty, coloring and cleverness of appeal than their durability.

The *Balfour Party Plan Catalog* has been designed for the use of your social committee, and all of those responsible for new ideas and suggestions for clever and different parties. Ready for distribution October 1st.
