125 Years of Friendship

A DESIGN FOR OUR FUTURE

PI BETA PHI FRATERNITY, THE FIRST NATIONAL SECRET SOCIETY OF WOMEN TO BE MODELED AFTER THE GREEK LETTER FRATERNITIES OF MEN, WILL CELEBRATE 125 YEARS OF FRIENDSHIP IN 1992. THE FOLLOWING IS A SMALL SAMPLING OF SIGNIFICANT DATES AND EVENTS IN THE FRATERNITY'S RICH HISTORY. AS WE REFLECT ON OUR PAST, MAY WE REALIZE HOW INDEBTED WE ARE TO THE TWELVE PIONEERING WOMEN WE CALL OUR FOUNDERS. THOSE WHO DARED TO DREAM A DREAM, AND HAVING DONE SO, GAVE LIFE TO OUR PI BETA PHI.

APRIL 28, 1867

TEN YOUNG WOMEN FROM MONMOUTH COLLEGE MET AT THE ROOM OF ADA BRUEN AND LIBBIE BROOK IN THE HOME OF MAJOR HOLT IN MONMOUTH, ILLINOIS. FANNIE THOMSON AND JENNIE NICOL WERE UNABLE TO ATTEND THE MEETING, BUT BOTH HAD CONSENTED TO JOIN IF THE GROUP ORGANIZED. EMMA BROWNLEE PRESIDED AS TEMPORARY CHAIRMAN WITH NANNIE (NANCY) BLACK AS SECRETARY. THE GROUP IMMEDIATELY VOTED TO ORGANIZE AND THEN A DECISION WAS MADE THAT THEY WOULD "ALWAYS CONCEAL AND

NEVER REVEAL" HOW THEY HAD BECOME MEMBERS AND AL-

WAYS WOULD KEEP SECRET THE MEANING OF THE NAME I.C. SOROSIS. THUS, THE ESTABLISHMENT OF THE FIRST NATIONAL SECRET SOCIETY OF WOMEN TO BE MODELED AFTER THE GREEK LETTER FRATERNITIES OF MEN.

MAY 5, 1867

A MEETING WAS CONDUCTED AT THE HOME OF MAGGIE CAMPBELL. PERMANENT OFFICERS WERE ELECTED AS FOLLOWS: EMMA BROWNLEE, PRESIDENT, NANCY BLACK, SECRETARY, AND MAGGIE CAMPBELL, TREASURER. IN WHISPERS, THE CONSTITUTION AND BYLAWS WERE ADOPTED. IN WRITING THIS CONSTITUTION THE FOUNDERS SKIPPED TWO LETTERS IN EACH WORD FOR FEAR THE

BOOK MIGHT "FALL INTO WRONG HANDS." AFTER THE CONSTITUTION WAS ACCEPTED, A COMMITTEE AT ONCE CALLED UPON THE TOWN JEWELER AND INSTRUCTED HIM TO PROCURE THE NEW PINS, WHICH HE DID FROM CHICAGO. THESE PINS WERE GOLDEN ARROWS WITH GOLDEN CHAINS, BEARING ON THE WINGS THE LETTERS I.C.

MAY 14, 1867

UPON ARRIVAL OF THE PINS, ON THIS MORNING, ELEVEN MEMBERS OF THE NEW SOROSIS AT LAST VENTURED FORTH INTO THE CHAPEL AT MONMOUTH COLLEGE WEARING THE GOLDEN ARROWS FOR THE

FIRST TIME, IN THEIR HAIR! EMMA BROWNLEE KILGORE REPORTED THAT: "IT WAS A LONG-TO-BE REMEMBERED EVENT. THE YOUNG MEN CHEERED, THE FACULTY SMILED, AND WE FELT THAT IT WAS TRULY AN IMPORTANT OCCASION."

AUGUST, 1867

THE FIRST GRAND ALPHA, OR CONVENTION, WAS HELD AT THE HOME OF FANNIE THOMSON, IN OQUAWKA, ILLINOIS. THIS CONVENTION CONSISTED OF A THREE-DAY SESSION, A WIDE-AWAKE NIGHT, A BOAT RIDE ON THE MISSISSIPPI, AND MANY HOURS OF PLEASURE.

TO LIBBIE BROOK GADDIS CAME THE PRIVILEGE OF ESTABLISHING THE SECOND CHAPTER OF I.C. AT THE FIRST CONVENTION IN 1867, THE FOUNDERS DISCUSSED PLANS FOR EXTENDING I. C. AND MAKING IT THE FOREMOST WOMAN'S SOCIETY AND DECIDED THAT I.C. WOULD ENTER OTHER COLLEGES. MRS. GADDIS SAID: "DURING MY STAY IN IOWA WESLYAN UNIVERSITY, I SUCCEEDED IN ORGANIZING A CHAPTER OF I.C., THE FIRST IN THE HISTORY OF ITS EXPANSION. BEFORE CHRISTMAS 1868, WE HAD FIVE OF THE BEST GIRLS IN THE INSTITUTION INITIATED INTO THE RANKS OF I.C. AND ON NEW YEAR'S EVE WE WORE OUR ARROWS FOR THE FIRST TIME TO THE BETA BANQUET."

JUNE, 1873

THE "COOKIE SHINE" WHICH IS DISTINCTLY A PI BETA PHI INSTITUTION HAD ITS ORIGIN AT THE FIRST I.C. PARTY GIVEN BY KAPPA CHAPTER, NOW KANSAS ALPHA, AT THE HOME OF THE MISSES FLORA AND ALMA RICHARDSON, WHO WERE ENTERTAINING IN HONOR OF THEIR SISTER SARA, A PI PHI FROM LOMBARD COLLEGE. CHANCELLOR JOHN FRASER CHANCED TO BE PRESENT AT THE PARTY. "COOKIE SHINE" WAS HIS OWN INDIVIDUAL NAME FOR ANY KIND OF AN INFOR-

IT WAS COMPRISED OF 20 COMPACT PAGES, BOUND IN A BLUE COVER WITH A CUT ON THE OUTSIDE COVER OF THE MAGAZINE BEARING VARIOUS SYMBOLS OF THE FRATERNITY, THE GREEK MOTTO, PI BETA PHI, BEING PLAINLY IN EVIDENCE. THE EDITOR WROTE: "IN SENDING OUT THIS, THE FIRST ISSUE OF THE ARROW, WE HOPE TO BE WELCOMED WITH ENCOURAGING WORDS FROM OUR BROTHER AND SISTER GREEKS. THE ROOTS OF THE FLOWERS ARE THE FOUNDERS, FOR FROM THEM THE WHOLE PLANT GREW...THE STEM OF THE FLOWER REPRESENTS GRAND COUNCIL. IT GIVES TO US WHAT IT HAS RECEIVED FROM THE ROOTS... THE LEAVES OF OUR FLOWER ARE THE ALUMNAE. THEY STAND NEAREST THE STEM AND ASSIST IT IN ITS WORK...THE PETALS OF THE COROLLA ARE THE GIRLS OF THE ACTIVE CHAPTER. THE PETALS ARE RED FOR THE GIRLS ARE LOYAL. AS IT IS THE RICH, WINE COLOR WHICH MAKES THE FLOWER ATTRACTIVE, SO TOO, IT IS THE WARM, FERVENT LOYALTY OF ITS MEMBERS WHICH MAKES PI BETA PHI BEAUTIFUL IN THE EYES OF EVERYONE."

OCT. 10, 1889

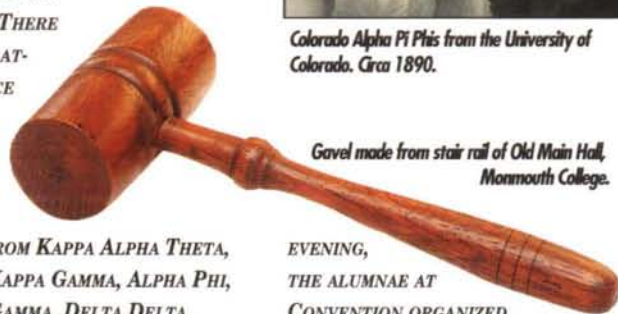

THE COMMITTEE ON INCORPORATION MET AT THE LAW OFFICE OF J.C. STEWART WHERE THE ARTICLES OF INCORPORATION WERE DULY SIGNED IN THE PRESENCE OF A NOTARY, I.C. PATCHWORK OF OUR PAST, FABRIC OF OUR FUTURE

Pi Beta Phi is eagerly awaiting the arrival of a most special day in its history. Our proud Fraternity will be having a significant birthday on April 28, 1992 its 125th! We are looking forward to this date with the utmost enthusiasm and we want all of you to join us as we REFLECT, ANTICIPATE, AND CELEBRATE!

As we contemplate being the first, therefore the oldest fraternity for women, we have been drawing from our past as we have been designing our future. FRIENDSHIP is the base on which our sisterly ties are founded and much of our heritage is interwoven in our shared relationships. Our beginnings in Monmouth in 1867 and our establishment of a Settlement School in 1912 have brought us to an appropriate way for all of us to join hands in marking this milestone in our history.

All Alumnae Clubs are invited to "piece" a quilt square

The cover of this issue of The Arrow holds the first clue to your participation in a creative and lasting way of noting these remarkable 125 years of sisterhood. We — all alumnae clubs and pockets — are invited to join in making a Pi Beta Phi Friendship Quilt. It will celebrate our heritage and enrich and strengthen our present day bonds. Each club will contribute its personalized quilt square to be stitched together to represent what we have become today, while remembering yesterday and looking forward to tomorrow. The details of implementation will be

sent to each club in January, 1992, with instructions on how to be a part of this celebration quilt.

Friendship Quilts - A Woman's Utilitarian Art Form

Every quilt has a story to tell. The patchwork quilt, uniquely American, has become the symbol of the American woman's life, pieced as her life is pieced, from bits of fabric, bits of time, she could snatch from her main focus of caring for others. As American society developed, quilt making changed from a solitary activity to one of fellowship gatherings. Women joined together to show off their

needlework and finish off a quilt together. Quilts were made not just for the family's use, but as gifts, celebrations, documents of events in lives. Quilts have always made personal statements.

Quilts acquired new significance around 1860 as women began to use them to raise funds and to make statements of friendship or social values. Quiltmakers from all over the country stitched their friendship into quilts. An important trend during this time was the making of paper albums inscribed with verses and autographs. This album craze extended itself into quilts— The Album or Friendship Quilt was born.

Charlotte Ann Eckel Edwards, Arkansas Alpha, and Lucinda Trabue, Tennessee Beta, coordinators of the 125th Anniversary Committee, admire the quilt stitched by the Milwaukee Club for a raffle at the 1981 Dallas Convention. Edwards won the raffle and has always admired the design, and the friendship the quilt represents.

Just as the quilt was a valued possession in colonial times, today there is a renewed interest in the crafts with a greater respect for all types of handiwork. In the 1970's, the quilt gained status as an art form. Quilts began to reflect artistic trends, feminist positions, and personal feelings.*

It is because of this resurgence of interest in the quilt that the 125th Anniversary Committee has chosen it as the hallmark of our celebration. The quilted patchwork square and the women's fraternity concept are both a purely American phenomenon, of which we are understandably proud. The artform that was developed by our diligent forbearers, is now the modern harbinger of the future of women with their power to create beauty with a message in a useful way. The Pi Phi Friendship Quilt created in celebration of our 125th Anniversary will be a living legacy to all that has gone before; that which is here with us now; and that which will lead us into the future.

The San Diego Quilters- "A Stitch Ahead of their Time"

On the cover is a simplification of the quilt which is the basis for the logo for our 125th Anniversary Founders' Day. This enchanting design of wine and blue is the handiwork of the San Diego Alumnae Club Quilters. In the past several years, Nancy Shelton Johnson and Mary Anne Currey decided to meet with other area quilters to share their knowledge and techniques. The results were that a fun group of advanced and novice quilters was formed. There are some twenty members of this

special interest group who are primarily members of the San Diego club. One member, Joan Reynolds, owns a quilting shop; however some members have never made a quilt before. Nancy designed the quilt shown on the cover which is presently being stitched by the group with the goal of completion for their 1992 Founders' Day celebration.

Joan Reynolds, an expert stitcher, has volunteered to assemble and sash or lattice the squares of the Pi Phi Friendship Quilt which will be created by the alumnae members across the USA and Canada. Specific directions for the quilt will be sent to each group including color swatches and a supply list. Another area alum, Marilyn Mead took a quilting class at Arrowmont; and she is helping to make the Pi Phi quilt a reality with 125th Anniversary committee member Ann Webster who designed The ARROW cover.

The Fabric of Our Fraternity

Quilts, patchwork and piecing are all akin to the threads of our past. Quilts are primarily an expression of women's art. The fabric of the

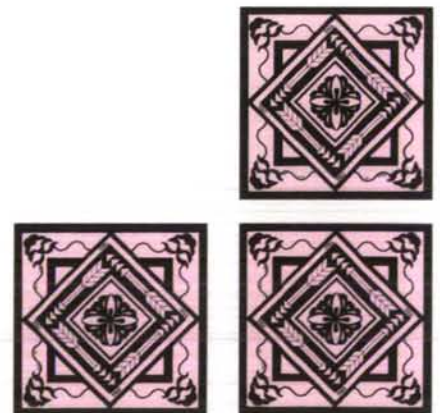

Arrowmont is currently hosting an exhibition entitled "Southern Quilts: A New View." The exhibition showcases the work of contemporary artists in the South who have chosen quilts as their form of expression.

The pieces used in our quilt will be diverse in their size, shape and color, yet integral to the completion of the whole quilt. Yet it will come together in a harmonious design, just as the members of Pi Beta Phi have done for 125 years.

** Paraphrased from Friendship's Offering-Techniques and Inspiration for Writing on Quilts by Susan McKelvey.*

Fraternity unites us as we join to stitch a Friendship Quilt to honor our Founders. We ask that you remember the steadfast friendship that has been the underlying thread of this Fraternity for

125 years and bequeath to your Pi Phi descendants a most valued possession — a timely, yet timeless artform. As you gather to stitch your squares, focus on the legacy that you are helping to create for future generations of Pi Phis.

THE BLUE RIBBON CAMPAIGN

Chapter life in Pi Beta Phi emphasizes the importance of good scholarship. Since its beginning, the Fraternity has encouraged members to excel in the academic arena. As early as 1901, Grand Council was making concrete efforts to raise the general scholarship of the chapters. By 1909, there was a scholarship committee in each Pi Beta Phi chapter responsible to Grand Council for the supervision of the chapter's scholarship. Today, chapter structure provides programming and incentives for the mental advancement of all members.

All National Panhellenic Conference groups have been issued an academic challenge. The focus, "Initiative on Academics," challenges each NPC group to improve their grade point average (GPA). Pi Beta Phi is challenging each of its 128 chapters to make this a Blue Ribbon Year for Academics. Each Pi Beta Phi chapter can be a Blue Ribbon winner with a GPA improvement. The national Pi

riod a calendar year GPA is recorded for the chapter. Since 1988, the number of chapters above a 3.14 has risen sharply and the number of chapters above a 3.0 and below a 3.14 has also increased. A chapter GPA above a 3.14 is something of which a chapter can be extremely proud. Figure 2 shows this increase from 1988 to 1990.

Most of the chapters are able to give a rank on their own campus. For the year 1989, 93 chapters out of 123 chapters reporting, were able to give a rank on campus. This information is grouped into upper one-third, middle one-third and lower one-third, as seen in figure 3. A chapter may be in the lower one-third only because there is a small number of Greek groups on campus. If there are only four or five groups, and perhaps a one-hundredth of a point separates third from fourth, the fourth place group would be in the lower one-third. Figure 4 shows the same information for 1990. For this grading period, 103 of 128 chapters were able to give a class rank. Campus ranks are given on a semester basis. This information is not available on a yearly basis, and the information presented in figures 3 and 4 is based on fall data.

Beta Phi GPA for the past calendar year, 1990, was a very respectable 2.952. As you can see, if we set our goal for a national GPA of 3.00, each chapter must raise their GPA only .048. It is possible and it can be done!

The challenge has been made for the future, but let's take a moment to look where Pi

Beta Phi has been in the academic world in recent years. Figure 1 shows how the national GPA has been rising. In 1986, the GPA was 2.849. What progress has been made to the current GPA of 2.952! Calendar year grades are based on the spring and fall semesters for each year.

Another positive trend is the increase in chapters above a 3.0 GPA. Each grading pe-

Academics continue to be a very positive area for Pi Beta Phi. A national GPA of 3.0 is not only possible, but should be a reality.

Let's look for a Blue Ribbon Year. Pi Beta Phis aim for a 3.0 GPA. Meet the Blue Ribbon Challenge!

Making the Grade

Pi Beta Phi chapters use special programming and incentives to encourage academic excellence

Florida Alpha's VP Mental divided the chapter into five teams and put a football field on the wall with each team number written on a football. When someone turns in an A on a quiz or test then the football for that team moves. The first team to score a touchdown wins.

California Zeta established the "Hundred Hour Club" for women who have studied one hundred or more hours during the quarter.

After each term **Oregon Alphas** fill out reference cards which rate professors. The chapter then has access to the professor's teaching style, grading measures and classroom manner.

Virginia Gamma has a Pi Club not only for members who have a GPA above a 3.14, but for those who have improved their GPA by at least .314.

Jenny Heydt, California Beta, was selected as a member of Phi Beta Kappa at the University of California at Berkeley.

Colorado Gamma recently had a recognition dinner for professors on the Colorado State University campus. Each member was encouraged to invite a professor who she felt was a valuable asset to the university.

Ohio Thetas pass around a pillow case each week at chapter meeting. Those who received an A on a test or paper can sign it. The member with the most signatures at the end of the semester wins the pillow case.

Colorado Delta assigns a "link" to each pledge. The "link" is an active member in the same major who can provide support and tutoring if necessary.

The walls at the **Kansas Beta** chapter house continually sport study posters, lists of good grades, tutors, study hall monitors and a listing of every member and her major.

Tennessee Gamma began a new tradition this year called "study bags." Just before mid-terms, each member draws the name of another and little brown bags are passed out. The members then fill the bags with goodies and give them to the person whose name was drawn.

Each semester the **New Mexico Alpha** Chapter is divided into groups. The groups compete to see which can accumulate the most study hours and/or have the highest cumulative GPA.

Pledges at **Idaho Alpha** tour the Tutoring and Academic Assistance Center at the University of Idaho and receive information about its programs. In addition, the director of the center has spoken at the chapter house.

Indiana Alpha's VP Mental hands out "brainy" hats at chapter meeting designed to give extra think-

ing power to those members who are up against a rough week.

A study hour contract is signed by each **Arizona Gamma** member and pledge as an agreement between her and the VP Mental stating that she will complete the given amount of study hours per week. All study hours are proctored by members. These hours are held at different buildings on campus.

Kentucky Alpha participates in the annual Panhellenic Scholarship Luncheon. Members from each sorority with a 3.0 GPA or higher are invited. Twenty-six Pi Phis were invited this year.

At the beginning of the semester each **Pennsylvania Gamma** completes a goal sheet which states an achievable grade in each class, bad weeks that consist of much work, and suggestions for enrichment programs. During busy times of the semester, in-

centive notes are sent to each member as a morale booster.

Virginia Eta's VP Mental sends a monthly newsletter called Mental Notes. This newsletter keeps all chapter members abreast of the academic and cultural events on campus and in the community.

Washington Alpha pledges have a conference with the chapter VP Mental at the beginning of the semester. The VP Mental goes over each pledge's load of classes and, together with the pledge, targets areas which may need attention.

Oklahoma Alpha has study tribes comprised of a combination of seven Pi Phi members and pledges. All of the tribes begin the school year with the same cumulative GPA, and each group strives to attain the highest combined GPA. The tribe placing first at the end of the semester received \$100 per person.

Louisiana Beta has a test file ice cream party. The test file consists of old tests, notes and study aids to help members with classes. At the start of each semester members are encouraged to update the file by bringing old tests and notes from the previous semester to the party.

California Beta Kara Kockelman was given UC Berkeley's highest honor for a graduating senior. Kara was chosen as the most outstanding senior and received the University Medal. Kara's accomplishments extend beyond being a Chancellor's, Regents' and Alumni scholarship recipient. She received a 3.97 cumulative GPA in civil engineering and is a member of Phi Beta Kappa.

Each week during chapter meetings at **Arizona Alpha**. Awards include Caffeine Queen (for the woman who stayed up the latest studying) and Study Geek (the woman who did the most study hours for the week.) A life preserver is also given to the member each week who has been struggling with her classes. She is to contribute an inspirational thought, to be written on the life preserver, for others to also receive encouragement.

For the first semester, the scholarship committee at **Indiana Epsilon** established a class competition. One of the house bulletin boards is decorated as an Indy 500 racetrack and each class has a car. For every A on a major paper or test the class is awarded two points. For every B and for every person who doesn't miss a single class during the week, the class is awarded one point. The cars are moved around the track according to the number of points accumulated and monthly treats are given for the leading class.

At **Virginia Zeta** at the beginning of each semester and a few times during the semester, a notebook is passed around during meetings, containing information sheets on how to study, interviewing tips, resume workshop information and general study tips. Members are encouraged to take whatever sheets they may need from the notebook.

Missouri Alpha recognizes and rewards those who receive As. An "A basket" is passed around during meetings. Anyone who received an A that week submits a piece of paper with the class they received the A in and her name. At the end of the meeting a name is drawn and prizes are awarded.

During **Illinois Epsilon's** weekly chapter meeting, the VP Mental reads aloud an obscure word. The member who is able to define it receives a treat.

The VP Mental at **Michigan Beta** recently held a study-a-thon for all members.

GPA at initiation. It is called the Academic Angel Award.

Virginia Deltas have designated Thursday as "two for one" study hours at the library. A member can earn two hours of study hour credit for each hour spent studying.

Every **South Carolina Beta** at a recent meeting received a special Pi Phi door hanger that says "Angel at work" on one side and "Angel at play" on the other. This door hanger helps eliminate unwanted visitors while studying.

At each **Pennsylvania Eta** chapter meeting, nominations are made for the "burdened angel" of the week. The winner takes home a laminated angel to hang on her door so that everyone knows how burdened she is.

Indiana Beta encourages academic excellence by recognizing all women who receive As or Bs on papers or tests. Whenever a woman gets an A or B, her name is displayed on a colored arrow on the Arrow Achiever Board.

Alabama Betas have a monthly award for the member with the most As and Bs turned in to the VP Mental. This award is known as the "Smart Cookie" award and the winner is presented with a jumbo cookie from the Cookie Company.

Missouri Gammas pair a pledge and an active in the same major as study buddies.

A bulletin board at West Virginia Alpha encourages members to keep academics a high priority.

The following chapters report that they hold a scholarship banquet to recognize those members who have excelled academically:

Texas Delta also has a competition between members to see who can receive the most As. The winner receives a free sweatshirt at the end of the semester.

At the end of the year, **Vermont Beta** recognizes the member with the most improved GPA with the "smartie pants" award, usually a gift certificate to a local boutique.

Tennessee Deltas at Memphis State University make "exam survival kits" to give to their Beta (study) buddies during the week of finals. The kits include such items as studying treats and pain relievers.

Pennsylvania Zetas are discouraged to miss class with the "skip jar." For each class missed, a member is to donate money to the jar.

Nebraska Beta has study hours and quiet places in the chapter house which are designated as places to study.

Colorado Alpha has a competition going on this year for the highest GPA, not between classes but blondes versus brunettes.

Wisconsin Alphas award those members with a GPA of 3.5 or higher with a pearl dangle to attach to a badge.

Montana Alpha participates in "The Great Greek Grade Race." Each sorority pairs up with a fraternity and establishes study sessions together. At the end of the term the team with the highest GPA wins a sum of money from Panhellenic and IFC.

During pledge meetings at **Arizona Beta**, every pledge who received an A or B on a recent test or paper writes her name and grade in a special book. This book is left in the chapter room all week and members are given the chance to congratulate the pledges for their hard work.

Heritage of Weaving: 65 Years at Arrowcraft

Currently on display at the Knoxville Museum of Art in the first floor Gallery in Knoxville, Tennessee, is an exhibition of weaving representing the work of Arrowcraft Weavers since 1926. This exhibit represents the work of 32 weavers and three designers who were affiliated with Pi Beta Phi Settlement School from 1915 until 1925, and with Arrowcraft Shop since 1926.

Included in the exhibit are the traditional coverlets (or "coverlids" as they were known then) in the "Whig Rose," "Blooming Leaf," "Tennessee Blazing Star" and "Chariot Wheel" patterns. Placemats in the traditional regional patterns, as well as many original designs by the Arrowcraft designers, are a featured part of the display. A floor loom is set up with the "Parade" pattern so viewers can see how the loom looks during the weaving process. There are two warping methods shown in the display with explanations of the various weaving styles such as Tabby and Twill.

Weaving has been a tradition of the mountain families since the first settlers came to this East Tennessee region. In 1912, Pi Beta Phi Fraternity for women established a Settlement School in Gatlinburg, Tennessee to provide basic education for the children of the community. By 1915, recognizing the value of the traditional crafts of the area, the Director of the Settlement School incorporated weaving and other craft classes into the curriculum of the school to maintain these

traditional skills and to provide a means of support for the mountain families. In 1925, Winogene Redding, a weaving teacher, was hired as the Settlement School's full-time weaving designer. She walked miles to the weavers' homes to help them with their looms and to teach them designs, in addition to teaching her classes in the School studio.

For many of the women, weaving was an emancipation from tending the crop; for others, the money meant new shoes, a new dress for one of the children, a poke of meal for the family or a new and coveted piece of furniture.

The Pi Beta Phi alumnae who taught at the early Settlement School continued to encourage and promote the weaving and crafts. In 1926, to es-

tablish a market for the woven goods, Pi Beta Phi opened the Arrowcraft Shop, Gatlinburg's first craft and gift shop located at 576 Parkway. As the shop celebrates its 65th anniversary in 1991, this display of the weaving throughout the years is available for the public to enjoy.

The show, coordinated by Theresa Tyler, Director of Development and Public Relations for Arrowmont, with assistance from Philis Alvic, weaver and author from Kentucky (featured in the Spring 1991 ARROW), continues through January 26, 1992 in the first floor gallery at the Candy Factory. On sale at the museum shop are woven hot mats, towels, napkins, bags and placemats from the current collection at the Arrowcraft Shop.

Arrowmont's Staff Gives Money For New Dorm

The staff of the Arrowmont School of Arts and Crafts in Gatlinburg, Tennessee has contributed \$533 to The Campaign for Arrowmont. The money was raised during an exclusive, staff only, auction modeled after the School's popular summer auctions, which this year raised over \$9,000 for Friends of Arrowmont Scholarships.

Members of Arrowmont's maintenance, housekeeping, kitchen and administrative staffs were asked to contribute food, artwork, or "white elephants" to be auctioned during an October 9, 1991 picnic in Gatlinburg's Mynatt Park. As one might expect, auction items included many handmade pieces. Employees bid against each other for wheel-thrown pottery, wood-fired pottery, embroidered and beaded jewelry, handmade plastic jewelry, a hand decorated sweatshirt, a handwoven basket, a Thanksgiving centerpiece, a Christmas needlepoint, an oil painting, and a pastel drawing. Culinary artwork consisted of two loaves of apple bread (the first a value at \$4 and the second and "last one remaining" a more expensive \$15!). "White elephant" items included a pocket knife (CASE, 1989 Centennial model), a glass paperweight, antique picture frames, and a small decorative wall shelf. During the week preceding the auction, the five members of Arrowmont's "Can-Do-Anything" maintenance staff received several loud hints to auction off an hour of their time toward home repairs, which they wisely did not hear. Just wait until next year, guys!

Arrowmont Honors Its Settlement School Past And Its Arts and Crafts Future

Seventy-nine years after the establishment of the Pi Beta Phi Settlement School in Gatlinburg, Tennessee, the Fraternity hosted a two-fold celebration at Arrowmont School of Arts and Crafts, the nationally known Gatlinburg art school that is its major philanthropy.

At a special recognition ceremony on Thursday, October 3, 1991, Arrowmont School of Arts and Crafts announced the receipt of a \$50,000 Professional Art Program Endowment from Arrowmont School Board member Lucinda Trabue and from Mary Dale Trabue Fitzgerald, both Pi Beta Phis from Nashville, Tennessee.

The \$50,000 is being given to honor the women of the Trabue family and will enable Arrowmont to complete the construction of one artist in residence studio. In future years the Professional Art Program Endowment will provide sufficient income for an Artist-in-Residence Scholarship and

for maintenance of the Trabue studio located in the 5-studio complex on the Arrowmont campus.

Attending Thursday's ceremony were Lucinda Trabue, Mary Dale Trabue Fitzgerald, Mrs. William D. Trabue, III and Dorothy and MacDonald Gray (Lucinda's aunt and uncle), Barbara Huff Beville, Arrowmont School Board member, Arrowmont Director Sandra Blain, members of the Little Pigeon Alumnae Club of Pi Beta Phi, Helen Lewis and Henrietta Huff and other friends of Arrowmont. Pi Phi alumnae and former members of the Arrowmont Board of Governors Helen Russell and Jane Faust read a congratulatory telegram from Grand President Jo Ann Roderick and a note of appreciation from Barbara Gates, Chairman of the Board of Governors, both of whom were unable to attend. Specially invited guests were local descendants of the Gatlinburg men who, in 1912, spearheaded the drive to help the Pi Beta Phi Fraternity acquire land for the Settlement School.

In 1912, at a time when no schools existed in Gatlinburg, the Fraternity was planning to leave the area if the Gatlinburg community did not support their educational efforts and make the purchase of the school property possible. Legend has it that Mr. Andy Huff

stopped the School Administrator on the trail one day and told her not to take the school away, that he would raise money to buy property offered for sale by E.E. Ogle. Huff, his friend Squire Maples and "Uncle" Steve Whaley each contributed \$250. Mr. Ogle then reduced the price of his farm by \$250. The initial \$750, succeeding donations from other Gatlinburg supporters, and \$600 from the Pi Beta Phi Fraternity enabled the Settlement School to purchase sufficient property to operate the school.

Descendants of the initial contributors were honored at an Arrowmont luncheon Thursday after touring the Artist-in-Residence Studio Complex, the newest structure on the Pi Beta Phi property purchased in 1912. The studio complex consists of 5 private studios enabling pre-professional artists to work independently for 9 months while living on the Arrowmont campus. During the tour, the Trabues and other guests were introduced to Arrowmont's first resident artists Ted Haines, clay artist from Whitewater, Wisconsin; Jonie Kost, wood and mixed media artist from Chicago, Illinois; and Sandra Matasick, jeweler and metal-smith from New Paltz, New York. All three began their residencies September 15.

Artists-in-Residence Joni Kost, Ted Haines and Sandy Matasick meet Lucinda Trabue, Lillian Dale Trabue and Mary Dale Trabue Fitzgerald in Arrowmont's new Artist-in-Residence studio complex.

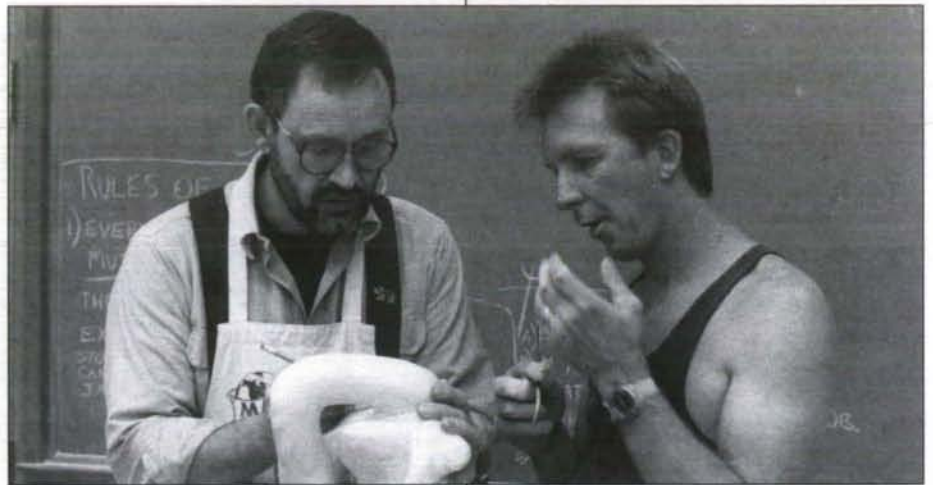

Stonecarving, taught by Bob Lockhart, left, is one of 28 workshops being offered by Arrowmont during its March Spring Workshop Program.

Spring Scholarships For Arrowmont Now Available

Brochures are now available for Arrowmont School's popular Spring Workshop Program. The 1992 Program features 28 five day hands-on workshops, March 2 - 27. Popular with college students wishing to earn credit during their spring breaks, and with teachers and artists, these classes are perfect for any creative person wanting a fulfilling spring week. Arrowmont students with no previous art experience are always welcome. In fact, many of Arrowmont's students take classes purely for personal enjoyment.

Several scholarships available only to Pi Phi and many Friends of Arrowmont scholarships are awarded by Arrowmont each winter for March classes. Don't talk yourself out of applying for financial aid because you feel your experience or talent is limited. Your philanthropic support of Arrowmont enables your School to award these scholarships on the basis of need. The application process involves completing a painless application form which asks why you would like to take the class. You must also provide three letters of recommendation. These don't have to be from artists - don't let this requirement slow you down!

Perhaps the most difficult part of the application process is deciding which class you would like to take, and then getting the paperwork to Arrowmont on time! The deadline for scholarship applications is January 10, so call Arrowmont soon at (615) 436-5860 to get your scholarship application process started.

Pi Beta Phi Arts Weekend '92 - A Great Get-Away

It's not too early for Pi Phis to start planning to attend the 2nd annual Pi Phi Arts Weekend. The 1991 Arts Weekend was a great success. Even the instructors were still talking about it weeks after everyone went home. Many Pi Phis who visited Arrowmont later in the year heard stories about the event and wondered aloud why they hadn't heard about it. For those of you who were left out, here's how Pi Phi Arts Weekend works.

Arrowmont School of Arts and Crafts invites all Pi Phi actives and alumnae to attend exclusive weekend art workshops April 30 - May 2, 1992. This special weekend is open to Pi Phis only, and consists of six classes taught by some of the School's most popular visiting instructors.

If you've secretly considered taking a class at Arrowmont, but put it off for lack of time or 'fear of the unknown', here's your chance to test the waters, to see your national philanthropy in action, and to share your experience with good friends (even relatives, as many sister sisters did in 1991!)

Tentative course offerings for Pi Phi Arts Weekend are papermaking, silk painting, basketry, calligraphy, photography, and pastel drawing. Tuition for the workshop is \$115 with room and board packages starting at \$77. Tuition covers the cost of the hands-on studio experience as well as the use of the basic tools and materials supplied in the studios. Room and

board covers the cost of a three night stay on campus and seven meals in the Staff House dining room.

The courses are two days in length and will be supplemented by evening programs followed by independent studio time. Each course is designed primarily for students at the beginning to intermediate ability levels. All classes are limited in size.

To help you decide if you are really cut out for an Arrowmont workshop, we repeat the list of student requirements compiled last year by the Arrowmont staff. An Arrowmont student should be willing to:

- * Get away from it all.
- * Make new friends.
- * Try new things.
- * Give up cooking.
- * Relinquish dishwashing.
- * Chat while enjoying delicious meals.
- * Escape television and ringing phones.
- * Dress down.
- * Wear sneakers.
- * Ask directions to wildflower trails.
- * Enjoy scenic mountain views.
- * Be pleasantly surprised with your newfound skills.

If you can do any of the above, you have sufficient talent to enroll and help make 1992 Pi Phi Arts Weekend a success! If you have a special Pi Phi whom you know would enjoy the experience, the Pi Phi Workshop package makes a great Christmas gift - or, for your graduating daughter, a special graduation present. Pi Phis may request an informative application brochure by calling Arrowmont School at (615)436-5860.

1991 Arrowmont Awareness Scholarship Winner Shares Experience

Dear Ladies, My name is Shelly Funston, and I am an active member of the Alberta Alpha Chapter. On August 5 of this year, I went on one of the most memorable and worthwhile trips that I have ever been on - I went to Arrowmont. I was fortunate. I won the Canadian Arrowmont Awareness Scholarship, which paid for just about everything.

It was a long trip down to Knoxville, where I was met by one of the studio assistants from Arrowmont, and then another hour and a half drive through the beautiful Smokies to Gatlinburg. Arrowmont is located almost directly in the heart of Gatlinburg, yet it seems miles away from the hustle and bustle. It is set up around the base of one of the mountains, and is sheltered from the town by all the trees. From the moment that I arrived, I knew that it would be a great experience. I took the Watercolors course with Don Lake, who is an excellent painter, and wonderful instructor. Our class took several trips into the Smoky Mountain National Park, and we all marveled at how lush and green it was.

The classes are demanding, and the work was intense, yet it is not just a place for accomplished artists. There

Shelly Funston, right, with fellow Pi Phi at Arrowmont.

were people there who had never had any formal training in art, yet were enjoying it as much as those who have made a career in arts and crafts.

The week just flew by, and we were all disappointed by the prospect of having to leave. I met another Pi Phi there, Jennifer Wright from North Dakota, and we were both surprised by the lack of Pi Phis there. The Arrowmont experience is one that should be had by all Pi Phis.

The Gatlinburg area is filled with things that you learn as a pledge, but can not fully appreciate until you are there, such as Pi Beta Phi School, and Arrowcraft. I urge more Pi Phis to take advantage of Arrowmont. Not many fraternities have such a great opportunity as we do to go to such a fine school. I know that I'm going to be back! Special thanks to Helen Steeves Jull, Chair of the Canadian Philanthropies Committee, for all her help and support she gave for this trip.

Yours in Pi Phi,

Shelly L. K. Funston

Arrow in the Arctic Donates \$2,000 for Northern Libraries And Books from Pi Phi Authors

After our Convention, Pi Phi again presented \$1,000 to each of the Library Systems of the Yukon and Northwest Territories.

In the past 24 years through our Arrow in the Arctic program, the Pi Phi Canadian Philanthropies Committee has contributed over \$40,000 to libraries in the Yukon and Northwest Territories.

Pi Phi generosity has made possible the purchase of book and audio tape kits for elementary children to learn English; out of-print books about the North for permanent collections; essential support of the David Suluk Library in Arviat, NWT; and for collections that circulate around the Territories. The purchase of tape recorders for taping oral histories from Inuit elders helped to save Canadian history that would otherwise have been lost.

In the summer Arrow Pi Phi authors were invited to send two copies of their books to be donated to the Northern Libraries. A unique book plate is being created for these donations. We were delighted that several responded immediately and hope other authors will join in. Children's books are especially welcome. Please send to: Helen Steeves Jull, Chair, Canadian Philanthropies Committee, 1318 Quebec Ave. SW, Calgary, Alberta Canada T2T 1G2.

At Convention, posters with northern library themes were presented to alumnae clubs and chapters for contributions to the Canadian projects. From the left: Elaine Wilson, Vancouver, British Columbia; Helen Jull, Pi Phi Canadian Philanthropies Committee Chair, Calgary, Alberta; Susan Ghali, Edmonton, Alberta; Darla Gray, Denton, Texas; Kristin Erdman, Norman, Oklahoma. Others clubs recognized were from Winnipeg, Manitoba; Houston, Texas; Madison, Wisconsin; Toledo, Ohio and Hattiesburg, Mississippi.

Links to Literacy

PI BETA PHI FRATERNITY

by Jean Egmon

Texas Eta Pi Phis have begun a year-long Links to Literacy program in which the members of Texas Eta teach Elmira, their housekeeper, how to read, write and speak English. Every weekday, a member tutors Elmira one-on-one from a lesson book. Elmira joined the Texas A & M chapter's staff in the fall of 1991.

California Iota members at Chico State University, members of the Beta Theta Pi Fraternity, business people and members of the media participated in the third annual Butte County Literacy Council Read-a-Thon. It began Monday, September 23 and continued until midnight on Friday, September 27 at the Chico Mall and Food 4 Less grocery store. "Read for Literacy" was the theme of the Read-a-Thon which consisted of 120 hours of continuous reading aloud. The public was invited to stop by the mall and listen to the readers during the day and evening hours. Between 9:00 p.m. and 7:00 a.m., reading continued at Food 4 Less where listeners were also welcome. Most of the early morning hours were given to the California Iota Pi Phis. Read-a-Thon contributions were used to provide tutor training, give support to existing programs and develop new programs to meet identified needs.

The **Shreveport, Louisiana Alumnae Club** recently honored two Golden Arrows, Jackie Labry Nesbitt and Mary Guy Evans Blanton, for their local volunteer work in Pi Phi and in the local chapter of Literacy Volunteers of America. The Shreveport club recently adopted Literacy Volunteers of America (LVA) as its local philanthropy. The national organization of LVA has over 350 chapters across the nation, and the Shreveport chapter is in its seventh

year. Pi Phi's own Jackie Nesbitt has served as past president of the local LVA board, as past chairman of public relations, as chairman of nominating, as a tutor training workshop leader and as a tutor herself. May Blanton, the Pi Phi club's philanthropy chairman, and her husband Ed have been literacy volunteers for over five years. To be a Literacy Volunteer of America, each volunteer takes an 18-hour training

course and is then assigned a student with whom the volunteer works twice a week. There are 25,000,000 functional illiterates in the workforce across America, with an estimated 10,000 to 12,000 illiterates in the Shreveport area. Through the hard work of Pi Phi volunteers like Jackie and Mary, these numbers will be greatly reduced.

Louisiana Alpha continues to help children climb the steps of literacy through STAIR - Start The Adventure In Reading, a program offered in the New Orleans area for second graders who are not yet able to read at grade level. When the call went out for more tutors for STAIR, almost every one of the Louisiana Alphas volunteered and now work in the program from 2:00 to 4:00 p.m. Monday through Thursday. The relationship between the Tulane Pi Phis and these young children is warm and wonderful.

Every Thursday afternoon, Barbara Vandivier, of the **Cleveland East Alumnae Club**, converts St. Martin's Episcopal Church in Bentleyville, Ohio into a learning/literacy environment. Children from Chagrin Falls Park gather at the church for a snack

and then for an hour of studying. Each child is paired with an adult volunteer to read, to work on homework or to practice math. Records are kept on each child, and progress reports are sent to parents. A graduation ceremony is held at the end of each year. As one of the project's founders, Cleveland East's Barbara Vandivier says of the twenty-nine community volunteers who run the program,

"I have never worked with a group of people who were more dedicated. Sometimes the volunteer's role can be as simple as being there, a warm body and a warm smile."

LOUISIANA BETA

Jane Crider Armstrong

"To the older members of the Sorosis, it was hard to discard the old name, hallowed by so many ties; but we are fast learning to love the new name as we did the old, and all feeling of sentiment being thrown aside, we are ready to join the younger members in earnest devotion to the new name. We find ourselves now where we have always been but in name - in the midst of the Greek World. May our course there reflect honor upon us."

- An editorial in The ARROW, 1888, when I.C. Sorosis changed its name to Pi Beta Phi.

*"Oh! Jennie the love
that binds us I.C.s
together, I thought little
of its strength until we
admitted into our circle
a new sister and then
what was before regard
for a student somehow
strengthened into the
love I almost
unconsciously bear to all
our sisters."*

"If I had known that the song was going to be preserved in the hearts of Pi Phi I would have made an effort to write something more worthwhile. When I was told that 'Ring, Ching, Ching' was sung at all national conventions I really felt like making an apology for its poor construction."

"One of the greatest events, to twelve girls, during that college year was the founding of the I.C. Sorosis, April 28, 1867. No one can tell in full the joys of those years spent at Monmouth. As the days have come and gone since, the memories of the friends there have been never lost. Even many new friendships formed in other places and at different times have never replaced these of the old I.C.s."

The Pi Beta Phi when I was a school girl was a small struggling circle, of small membership and with no particular aim. Now, I find Pi Beta Phi everywhere. They are all intelligent, ambitious, and filled with plans for making the world better. I am proud of them, although most of them I have never seen.

"Early the next morning, I took my seat in the single passenger coach drawn by a diminutive engine, which burned wood, not coal. We puffed, snorted, and panted our way up to Sevierville, the terminal of the toy road... The trouble with the schools seems to be that few of the teachers have ever gone to a high school, and that they are teaching the same grade work they have done themselves... When one considers that the work done in the mountain schools is never above the fifth grade, we understand more fully the needs of the people. Illiteracy is perhaps not so bad as represented, but the advantages for higher work are nil, and household economics, scientific farming etc., are unknown quantities."

Trabue Gift Honors Women

The Pi Beta Phi Foundation is pleased to recognize Lucinda Trabue and Mary Dale Trabue Fitzgerald, both Tennessee Betas (Vanderbilt University), for their family gift of \$50,000 to the Campaign for Arrowmont.

The Trabue gift will build and endow The Professional Arts Program for Women, a program designed to encourage and support the progression of women in the arts. The gift provides for the construction and endowed maintenance of one of the Artist-in-Residence studios in Arrowmont's new five-studio building, plus an endowed scholarship for a female artist-in-residence. The first Trabue Scholarship recipient will begin her residency in the fall of 1992.

With the formal announcement of their gift and dedication of the Trabue Studio during an October 3, 1991 ceremony and reception on the Arrowmont campus, the Trabue sisters honored Lillian Dale Trabue, their mother, and Katherine Trabue Fitzgerald, Mary Dale's daughter. That

story appears in the "News from Arrowmont" section on page 18 of this issue of The ARROW.

Lucinda Trabue's affinity for Arrowmont and growing interest in the arts date back to 1982, when she attended her first Arrowmont summer session — a two-week class in stained glass. It was a turning point in her life. Lucinda says, "Arrowmont put a framework around my creative self; it focused me on my inner self and gave me self-esteem and pride. It enriched my life."

Arrowmont is dedicated to "Enriching Lives Through Art" and will continue to fulfill its mission through resources so generously provided to the Campaign by friends like the Trabue family. The development of the Artist-in-Residence Program is a \$500,000 component of the \$2.3 million Campaign for Arrowmont being conducted by the Pi Beta Phi Foundation.

Mary Dale Trabue Fitzgerald, Lucinda Trabue and Lillian Dale Trabue place a plaque above the entrance to the Trabue Studio, one of the five studios in Arrowmont's new Artist-in-Residence studio complex.

Kansas Alpha House Corporation Establishes First Endowed Scholarship

The Kansas Alpha House Corporation (University of Kansas, Lawrence, Kansas) can be proud of its distinction as the first group to establish an endowed scholarship through the Pi Beta Phi Foundation. Inspired by the Kansas Alpha Chapter's achievement of the highest grade point average of any Greek group on campus, the scholarship will be awarded to one or more Kansas Alpha chapter members each

year in recognition of academic achievement.

Spurred by the challenge of an anonymous alumna who offered to match the first \$5,000 in donations, Kansas Alpha alumnae reached and exceeded their goal in little more than three months. Currently, the endowment is over \$11,000! It is anticipated that the first scholarship award will be made in the spring of 1992.

For any group or individual to establish a permanent endowment with the Foundation, a minimum of \$10,000 must be received by the Foundation within three years. This principle amount will be invested and only the investment earnings will be used to fund the endowment purpose as agreed upon by the donor and the Foundation. Endowments may be named for the donor or to honor a special person or chapter. An endowment is an active, living link of the past, the present and the future.

A gift to Kansas Alpha from Marianne Reid Wild, June 1991.

Memorial and Honorary Gifts

Memorial and honorary gifts to the Foundation for February 21, 1990 (date of incorporation) through October 10, 1991. Memorial and honorary gift recognition will appear in the winter and summer issues of *The ARROW*.

Meri-Kathryn Myer Peed, New York Alpha, was recently recognized as North Carolina's New Vocational Teacher of the Year. Meri-Kathryn is a health occupations teacher at Union County Career Center in Monroe, North Carolina. The primary purpose of her class is to prepare students to take part in college-level study in medical careers. In addition to teaching, Peed does volunteer work in the Charlotte-Mecklenburg schools and also is a swimming instructor.

The **Northern Michigan Panhellenic** was founded in Bay View, Michigan in 1921. Charter members included **Ruth Heseltine** (Pi Beta Phi), Pearl O'Hara (Kappa Kappa Gamma), Emily Northrup McLaughlin, Grace Northrup Lamb and Josephine Wade Froyd (all Alpha Chi Omegas), Josephine de Val (Kappa Kappa Gamma), Anna Blackford Child, Ruth Switzer and Dorothy Welsh. Pi Phi Ruth Heseltine, Ohio Delta, is the only living founder at the age of 102. The Panhellenic group has met every Wednesday for lunch and a program during the seventy years of summers since their founding. Minutes from previous meetings reveal that in 1939 there were 15 NPC groups and 32 colleges represented in Bay View. The group continues to meet today with 20-40 members at each meeting.

Elizabeth Waters Kennedy, North Carolina Beta, was a charter member and President of the Board of Directors for the Child Abuse Council of Tampa. Services include therapeutic daycare for infants, toddlers and their parents, professional training programs, intensive therapy for parents and pro-

jects for cocaine babies and failure-to-thrive infants. Liz joined the staff officially in 1985 and is now Associate Director. Liz's work at the Council includes working with volunteers in fund-raising and support activities. The Festival of Trees, of which she was one of the founders and continues as president, is now a popular holiday tradition in the Tampa Bay area. Liz says, "I feel fortunate to have been a part of the birth of the Child Abuse Council, the Festival of Trees, the on-campus school at the Children's Home and Urban Young Life outreach. There is so much to be proud of."

Those respondents glad to stay home were asked to send \$25.00; those thrilled to stay home, \$50.00; and those overjoyed, however much they valued the non-event evening. A similar drive in 1979 had netted \$2400.00. Mary and Claire, as co-chairman in 1991, were elated to report a fantastic success with \$7051.00 realized from their efforts.

The **Orlando-Winter Park Alumnae Club** calendar began with the traditional September dinner meeting following the theme "Beginning a New Friendship Chain." The 1991 St. Louis Convention and the upcoming 1993 Orlando Convention were topics of the night. All future meetings this year will build on the friendship theme. In October, the club welcomed the new Florida Epsilon pledges from the University of Central Florida by sponsoring a Cookie Shine at the chapter house for alumnae and collegians.

The **Bloomington/Normal, Illinois Alumnae Club** started the new year with its annual opening dinner at the home of Virginia Grimes Luehrs. Highlights included sharing pictures from the convention in St. Louis and being serenaded by the 1991-92 Illinois State University pledge class. An Arrowcraft sale was also sponsored by the Illinois Iota Chapter.

Michigan Beta Shelly Thacker's latest novel, *Midnight Rider*, will be published by Avon Books in February 1992. The author describes her work as "a blend of history, romance and adventure with a twist of intrigue."

Two Oklahoma Alphas Serve as Federal Judges

by Julie Bates

Who would have guessed that two Oklahoma Alpha roommates would one day serve the state together as federal judges?

Robin Johnson Cauthron is a United States District Judge for the Western District of Oklahoma and Bana Burkett Blasdel is a United States Magistrate Judge for the same district.

While attending the University of Oklahoma, Robin was a University Scholar and was named to the freshman and sophomore scholastic honorary societies. She served Pi Phi as assistant pledge educator and then pledge educator.

At O.U., Bana served Pi Phi as scholarship chairman and was named the chapter's outstanding sophomore. Bana was tapped for both Mortar Board and Phi Beta Kappa. Reminiscing on her days at the Pi Phi house, Bana said, "Robin and I had a never-ending bridge game going in one of the rooms. When someone had to leave for class, another girl would take her place."

After graduation they both taught English at the secondary level. They did not see each other for several years and were happily surprised to meet again while taking the LSAT (Law School Admissions Test). "We were so busy talking and catching up with one another that the exam proctor told us to be quiet or she'd make us leave," Robin laughs now.

Both women excelled academically during their undergraduate and law school years, and their resumes reflect impressive accomplishments in their distinguished legal careers.

Robin served as a federal court law clerk before becoming staff attorney for Legal Services of Eastern Oklahoma. She was in private practice prior to beginning her judicial career, first as a state district court judge and then as a U.S. Magistrate Judge. Robin also taught in the legal assistant program at O.U.'s College of Law. In 1984 she was named an Outstanding Young Woman of America. Robin's appointment as a federal judge in April 1991 left a vacancy for a magistrate judge. Two months later, Bana was chosen to fill Robin's former position.

Bana served in the private practice of law and instructed at the O.U. College of Law's legal assistant program until being named Assistant General Counsel of Oklahoma's Department of Human Resources in 1985. In 1988 she became a state district court judge and the following year was named the Outstanding State Trial Judge by the Oklahoma Trial Lawyers Association.

Both women have authored legal articles and have served on the faculty for Continuing Legal Education programs sponsored by state and county bar associations. Additionally, they are active in community activities and enjoy playing golf together. Robin has a daughter, Paige, 13, and a son, Matt, 11. Bana has a son, Todd, 14.

Lois Thacker Graessle Honored for Service

by Lois Ellen Graessle

"I'm not a feminist but . . .", a younger business woman who was the keynote speaker had said earlier. "I am a feminist," said my mother, Lois Thacker Graessle, Florida Alpha, with a challenging smile when she came forward to receive the EVE of the Decade award recently in Jacksonville, Florida. "And I hope my work has made a better world not only for my daughters and daughters-in-law but for my sons and sons-in-law - and my grandchildren of both sexes."

The EVE awards were inaugurated in 1969 by the local daily newspaper, The Florida Times-Union, and have been given annually to outstanding women in Northeast Florida and Southeast Georgia whose achievements have demonstrated their dedication and leadership in areas of education, volunteer service, and employment. Mother had twice received one of the annual awards for her volunteer service -18 years apart. Then she was selected as the EVE of the Decade for the '80s.

This recognition was not for a single achievement but for the scope, consistency and quality of her life-long volunteer work in Jacksonville. She could be characterized as the "Founding Mother" of many communi-

ty initiatives in whose beginnings she was involved. I know from talking to people with whom she has worked that she brings an unusual combination of a sharp legal mind, a concern for the quality of others' lives, and amazing energy - qualities her five children would recognize from her mothering as well.

Her EVE awards were specifically for two major studies. For the first, she was chairperson for the Child and Youth Care Study, involving 100+ people and commissioned by the Mayor. She then spent a year making public appearances to dozens of local groups of every size, make up and purpose, to encourage them to do their part in implementing the findings of the study. She was also instrumental in one of the solutions, the establishment of two emergency shelters for abused children - and then lent a hand in the cleaning, painting and decorating necessary to make them habitable.

The second EVE award, in 1988, recognized her work as chairwoman of a Task Force of 150 volunteers which undertook a year long study to identify the most serious unmet human service needs in Duval County. She 'took to the hustings' again, presenting the conclusions more than 80 times to a wide range of civic and governmental bodies and inviting their cooperation in making the city a better one.

She was also a founder, more than 10 years ago, of Hospice of Northeast Florida. As an early president both her legal training and a family trait of stubbornness stood her in good stead as she lobbied long and hard with the State Legislature to protect the option of home as well as hospital care for terminally ill persons. She was recently featured in the profiles in Hospice: *The Magazine for Hospice Professionals*, as a noted hospice pioneer.

For all her impact on Jacksonville, she is not a native. Lois Thacker was born in Ohio and moved to Kissimmee, Florida, with her parents and two younger brothers when she was 10 years old. She went on to do her undergraduate work at Stetson University in DeLand, which was where she pledged Florida Alpha in 1936. She went on to work her way through the University of Florida Law School, the only woman in the class of 1941.

She adopted Jacksonville 50 years ago when she married a fellow student, president of their law school class, Albert W. Graessle Jr., and moved to

his hometown. She became the mother of first three girls and then two boys. My father first practiced law and later was a circuit judge for more than 20 years until he retired in 1979. He died in 1984.

A law school colleague of theirs, Raymond Ehrlich, now retired as Chief Justice of the Florida Supreme Court, said in a speech recently, "She was a victim of her generation. There weren't many places for women in law. She never practiced. What a waste of human talent. Society was the loser."

Instead, mother chose volunteer work related to our needs as children - PTA, Scouts, the church. Once we were grown she became involved in other volunteer work, some of which has been mentioned above. So, paradoxically, society has also been the winner!

Two of us sisters are Pi Phi - myself, Illinois Epsilon at Northwestern University and Nancy Graessle Smith of Jacksonville, Alabama Alpha, at Birmingham Southern College - while Julie Graessle of Boston was a Tri Delta at Denison in Ohio. Our younger brothers, Bill and Bob, now live in Jacksonville with their families.

We have been proud to see her receive recognition for her commitment to our community. She received the Newton D. Baker Award from the National United Way at their Chicago Convention as the outstanding volunteer in a local community in the United States and Canada in 1970. She was chosen for Volunteer Jacksonville's Golden Rule Award in the senior category in 1989 which took us aback as neither her appearance nor her energy level would indicate she qualifies for the over 70s section! She has also been honored by the National Association for the Advancement of Colored People, the Community Planning Council, the Jacksonville Urban League and the Jacksonville Association of University Women. She was named by the Governor's Commission on the Status of Women as one of the 14 outstanding women in Florida in 1975.

The award which has come as the greatest surprise to her children was her selection a few years ago to Stetson University's Athletic Hall of Fame. We knew she had been an honor student. We had not been aware that she was also a basketball star.

Interim Elections of Province Officers

The slating and election of province officers (26 collegiate and 30 alumnae) **will take place in the spring of 1992.** These 56 officers will be elected for a two year term beginning next June. Every Pi Phi active chapter and each Pi Phi alumnae club will have the opportunity to participate in the election process. Chapters and clubs, through a special winter mailing, have been asked to recommend a qualified Pi Phi to serve as their respective province officer. The Nominating Committee takes these recommendations, as well as recommendations from national officers and individual Pi Phis, to its February meeting where a slate is prepared. Chapters and clubs then vote on the slate through another special mailing (spring of 1992), but only for one province officer, i.e. the one in their collegiate or alumnae province.

The Nominating Committee is made up of three alumnae members. (In a convention year three collegiate members join the Nominating Committee.) The alumnae members are selected because of past experience as a national or province officer or committee member, and attendance at at least two conventions. These three women serve staggered six year terms, the chairman rotates off the committee at the end of each convention. The then most senior member becomes chairman and Grand Council appoints a new member. Effort is made to see that these three women represent different sections of the country. Current members are: Anne Chestnut Bartlett, Jane Houchens Tuten and Jennifer Hinchman Berman.

The Nominating Committee welcomes input from individual Pi Phis. **If you wish to recommend someone for a province office, please send information** to the Nominating Committee Chairman, Anne Bartlett (Mrs. C. Philip), 282 Curtis Point Drive, Mantoloking, NJ 08738.

Arrowfacts

The Order of the Golden Arrow is the culmination of an idea formulated by Agnes Wright Stone, Iowa Beta. In 1941, Mrs. Stone determined that there were two Iowa Beta founders still living, and in an effort to honor them and other long-time members of the chapter, conceived this fifty year tribute. Agnes contacted each fifty-year member and informing them they were now members of the special "order," requested that each write (in 200 words, or fewer) the story of their lives since initiation into I.C. Sorosis/Pi Beta Phi. Thus began a custom which was to last for twenty-five years.

In 1942, Grand President Amy Burnham Onken wrote to Agnes, saying, "Grand Council was so delighted with Iowa Beta's plan for honoring 50 year members that they would recommend to the Fraternity that they set up the Order of the Golden Arrow" nationally. Unfortunately, World War II

intervened, so it was not until 1946, at the Swampscott Convention that such recognition became fact. The 1952 Houston Convention adopted the gold carnation guard as a symbol of fifty-year membership in Pi Beta Phi. The San Diego Convention of 1989 amended the statute for the Golden Arrow insignie, and these honored members may now wear a small golden circle, enclosing a tiny golden arrow.

After twenty-five years as the editor of the Iowa Beta Order of the Golden Arrow, Agnes Wright Stone retired. She wrote, "I went to Swampscott to see the Order made a part of Pi Beta Phi. It was always a thrill when your letters came...now there are nearly one hundred, so you can see why I must quit. Thank you for your cooperation during the years."

The Fraternity reveres its Golden Arrow members, considering over 11,000 Pi Phis to be very special links in our chain of membership. For the past eight years, Pi Beta Phi has also honored nearly 200 seventy-five year members.
