WHAT IS SOAR?

SOAR, Pi Beta Phi's Premier Officer Development Program, focuses on the Success, Orientation, Advancement, and Retention of Pi Beta Phi international officers.

The comprehensive SOAR program enables officers to achieve **Success** by providing resources for **Orientation**, strategies for growth and ongoing training for **Advancement**; and fostering engagement, satisfaction and belonging for **Retention**. This program will guide officers to identify organizational priorities, make data-driven decisions and align to develop and achieve strategic and/or operational goals.

New officers will be sent surveys at the end of their 30, 60 and 90 days to provide feedback on SOAR and their experience overall. That feedback will be shared with the SOAR team and volunteer supervisors.

BETA BUDDY MENTOR

A Beta Buddy serves as a mentor to a new officer and offers a helpful perspective as someone who has gone through a similar experience. Every new officer should be assigned a Beta Buddy from their respective team, and the expectations will be the same across the board.

GENERAL EXPECTATIONS OF A BETA BUDDY MENTOR

- Be an informational resource on day-to-day tasks, policies, procedures, etc.
- Help in the socialization process
- Be a resource on Pi Phi culture and norms
- Assist in training the new officer
- Identify resources
- Provide introductions
- Check in regularly to build a relationship, provide advice, and answer questions

WHAT A NEW OFFICER EXPECTS FROM A BETA BUDDY MENTOR

- General advice
- Clear information
- Guidance and encouragement
- Positive attitude
- Help in understanding the culture
- Assistance in building networks and how to make them effective and productive
- Establishment of the best form of communication – e-mail, telephone, in-person

SCHEDULE EXPECTATIONS

- During week #1, the Beta Buddy will reach out to the new officer to check in and see how it's going. Communication can be informal – Teams, email, or phone call.
- Bi-weekly touch points for the first month is a best practice. Determine which communication style works best.
- Monthly touch points for 3 additional months to help ensure successful on-boarding is a best practice.

TIPS FOR SERVING AS A BETA BUDDY MENTOR

- You don't need to be an "expert." Your personal experience is important to the new officer.
- Be patient and positive. It takes time to develop a relationship.
- Pace yourself, you will not be able to cover everything at once. Allow enough time for growth and for things to sink in.
- Try to build a great relationship.
- Look for a preferred style of communication and/or cultural identification.
- Accept and value differences. The new officer may have a different style from yours.
- Be an active listener and take a non-judgment approach.
- Keep a good attitude and stay in a teaching spirit.

30-60-90-DAY CHECK-INS

At the end of the 30-, 60- and 90-day marks, new officers will receive the following questions via a survey. Volunteer supervisors will receive the responses and could utilize that feedback to frame their 30-minute check-in conversations.

30 DAYS

- Tell me what you don't understand about your position now that you've had a month to roll up your sleeves and get your hands dirty.
- Have you faced any surprises since starting in this role?
- What could we have done differently to realistically prepare you for your new role?
- What can the organization do to help you become more successful as you transition further into your role?

60 DAYS

- Do you have enough, too much, or too little time to do your work? (3 options)
- Do you have access to the appropriate tools and resources? (Y/N)
- Do you need additional training in any aspects of your position to perform at a high level?
- What can the organization do to help you become more successful as you transition further into your role?
- Do you have a preferred method of delivery when it comes to receiving feedback?

90 DAYS

- Who has been particularly helpful since you started in this role and what have they done specifically?
- Who do you talk to when you have questions about your role? Do you feel comfortable asking? Has anyone gone out of his or her way to make you feel welcome or included?
- Has it been clearly explained what the organization expects of you? How would you rate leadership communication overall on a scale from 1 to 10, with 10 being highest?
- Do you believe your ideas and suggestions are valued? Can you give me an example of some type of change you've recommended that's been implemented?
- In retrospect, what could we have done differently in terms of setting your overall expectations appropriately for your position?
- How would you grade us in terms of our onboarding program, and what suggestions can you share that would make our program stronger?
