

This fall, Pi Beta Phi will have 76 chapters, across all nine regions participating in a pilot to add a Director Diversity/Inclusion to their Chapter Leadership Team. Chapters have been asked to appoint a member to serve in this role by mid-August and the pilot will kick-off soon after. Pilot participants will be instrumental in providing feedback that will be used to shape future decisions about this position and resources for implementing diversity, equity and inclusion work in Pi Beta Phi chapters.

The following Pi Beta Phi chapters have opted into the Director Diversity/Inclusion Pilot:
