“ Giving to our Foundation is a way I can leave a legacy to something that’s such an important and significant part of my life. I’d like for future Pi Phis to know there was someone who believed this sisterhood was so important that she wanted to ensure they could have these opportunities and experiences, too. **I don’t think there will ever be a time in the future when women won’t need other women. We were founded on friendship and support; we needed it then and we need it now.**”

“ Many of us don’t realize our Foundation supports every part of the Pi Phi member experience. Just a little bit from each of us will make a big difference for Pi Phi. Whatever amount you are able to give is multiplied by the collective support from other sisters and donors. You, along with your sisters, are giving back to an organization that has been a life changer for all of us.”

“ I first decided to give to our Foundation because of the good work our Fraternity was doing through all our programs. And the fact that our sisterhood—and supporting our sisterhood—was so important to me. Within Pi Phi, everyone is so caring. Everyone is looking out for one another—for their welfare, their education and so much more. **When you think about all the good we do with the Friendship Fund, you can see how our Foundation is looking after every sister.**”
